

**NEFITS NOT ENOUGH
TO EQUAL THE COST
OF THE PAVING WORK****Assessing Board's Report On Pennsylvania Avenue Puts About \$6,000 On the City at Large.**

The Pennsylvania avenue assessing board, composed of Messrs. John Hall, John Kerr, Jr., and J. N. Vorey, has practically completed the work of assessing the property benefited as a result of the improvement to the avenue. All that remains for the members to do is to compile their report for submission to council. They are now busy with the latter and confidently expect to have it finished by next Friday evening. They commenced upon the work a little more than two weeks ago and that they are so near an end is certainly commendable and appreciated by every taxpayer in the city.

Though it was expected that the board would agree with the findings of the first board, or at least that the difference would not be of any consequence, the members announce that

they have found a great difference and can back up their decisions with sufficient proof. Instead of assessing benefited property to the limit, \$32,000, which was the total cost of the improvement, the new board determined that benefits derived amounted to only \$26,000 and assessed accordingly. The difference, \$6,000, will be applied to the general tax duplicate and every taxpayer in the city will have an opportunity of paying a portion of it.

The reason given for the difference is that numerous lots and properties assessed by the first board were not included in the ordinance passed upon by council and submitted to the new board as a basis for assessing. The benefited property holders along the line of improvement are joyous over the action of the board, and it is not

OPEN-HEARTED HOPITALITY

When the visiting Elks departed on a special train for their homes in New Castle last night between 11 and 12 o'clock they realized better than ever before the significance of the grand organization of which they are a part. Such hospitality as was shown them by the local lodge could be surpassed by no other fraternal organization, and that they appreciated the efforts of No. 258 was evidenced by their praise heard on all sides. They were met at the depot in the morning by a committee, and in charge of these gentlemen they were shown every courtesy and kindness possible throughout the entire day.

After the ball game in West End park, which proved a failure, the visitors all being tired and worn out, repaired to the beautiful and cozy parlors on Washington street, where every detail had been arranged for their comfort and happiness. The spacious and elegantly furnished apartments were utilized by the foot-sore brothers, and smiles of real contentment adorned the faces of all.

The parlors presented a scene of perfect enjoyment during every hour that the visitors occupied them, but in the evening from 9 until 11:20 o'clock, while the banquet and the incidental features accompanying it was in progress, over 200 people cast their hearts and minds into the festivities and made them such as will ever be remembered by both the Pennsylvania boys and those of the Crockery City.

The dining parlor of the Elks' home, brilliantly illuminated and artistically decorated for the occasion, was entered by the assemblage at a few minutes past 9 o'clock and in a short time every one was seated before a table fairly groaning under the weight of a repast composed of every delicacy in season.

After this most appetizing repast, Past Exalted Ruler W. E. Wells, who had been chosen toastmaster, rapped vigorously with the gavel and commanded order. In his usual manner he entertained for a few minutes and then called upon a number of gifted ones for stunts, and in every case the responses were overflowing with laughable epithets and strong oratorical ability was evidenced to a marked degree.

Among those who answered to toasts were: Dr. Davis, Will Lewis, Mr. Jones, of New Castle; Senator Blake, Jack Horner, Mr. Stewart, Mr. Johannes, Mr. Garvin, Hugh Hamill and J. W. Mitchell. The latter, one of the jolliest fellows in the country, took the crowd by storm in his every effort. He is a singer of ability and was very entertaining.

Prospects Considered Good For An
Early Start of the

Lisbon, July 1.—(Special.)—The arrival here at noon today of a party of American Tinplate company officials from New York has aroused much speculation as to the future of the Lisbon tin mill.

W. T. Graham, president of the American Tin Plate company; P. W. Bray, chief of the engineering department; B. W. Goldsmith, manager for this district, and C. W. Bennett, manager of the western district, are here looking over the local plant and it is said prospects are good for an early resumption of work here.

Two East Liverpool Women Added

Divorced.

SAD STORIES TOLD BY THEM

Lisbon, July 1.—(Special.)—Three divorce cases were heard in court here yesterday afternoon and three aggrieved wives were granted legal separation from their husbands. Myrtle Nichols was divorced from Robert Nichols, living near Franklin Square. They were married at Leontonia in 1894 and have one daughter nearly four years old. The wife charged habitual drunkenness and extreme cruelty. She will receive alimony.

Martha Cain, of East Liverpool, was granted a divorce from William H. Cain, together with the restoration of her maiden name, Martha Duke. The only child born to them is deceased. Mrs. Cain charged willful abstinence, habitual drunkenness, gross neglect and failure to provide, alleging that although her husband was fully able to support her, she was compelled to depend upon her own exertions and to the charity of friends.

Lenora Morley, of East Liverpool, was granted a divorce from Edwin Morley and had her maiden name, Lenora Ivers, restored. Their marriage took place in East Liverpool June 26, 1899. No children were born to them. The wife set up three causes of action, charging that on November 4, 1900, the husband was guilty of extreme cruelty toward her, striking her over the head with a bottle and other worse beating and abusing her. On the same day, Mrs. Morley alleged, her husband was unfaithful at No. 1029 Bedford avenue, Pittsburgh, with Corinne Clantz. She said that he had frequently abused her and that immediately upon learning of his unfaithfulness she refused to live with him. She also charged habitual drunkenness.

Cornelius Smith stood trial on an indictment for selling to David Walker, a habitual drinker, and the jury returned a verdict of not guilty.

**STOLEN GOODS FOUND

Freight Cars Robbed And Local Firm's
Goods Recovered in
Pittsburg.

The firm of Steinfeld & Viney and the Leander Dry Goods company some time ago shipped a case of goods each to Baltimore. The consignment in each case was lost in transit and the railroad authorities were notified. Detectives discovered that the goods were stolen from the car in the West Penn yards. After a careful search the thief was captured and sent to the works for 60 days for another offense. At that time it was not known that he had been guilty of the theft of the goods shipped from East Liverpool, and as his term expired a few days ago he is now at large.

Louis Steinfeld was summoned to Pittsburgh yesterday and had no difficulty in identifying his property, which was plainly marked with the firm name and lot number. He is positive that he also saw the Leander store's goods at the police headquarters, and it is likely Samler Bros., the proprietors, will be sent for. It will be harder to identify the latter consignment, as it was underware and there were no marks upon it.

AGAIN CONDEMNED**

Secretary of the State Board of
Charities Says a New
One is Needed.

INSECURITY CHIEF FAULT

A New Building Badly Needed—The
Official Visited the Columbiana
County Infirmary and Found It in
Good Condition.

From a Staff Correspondent.

Columbus, July 1.—Secretary H. H. Shirer, of the board of state charities, has returned from a tour of the jails and infirmaries of eastern Ohio. He says the county jail at Lisbon is insecure and should be abandoned. It is in a sanitary condition, but is entirely unsuitable for jail purposes. A new building with modern arrangements is what is needed. "From a standpoint of safety there should be a new jail," said the secretary. He examined the institution throughout and says that the arrangement of the cells is very poor. Insecurity is the greatest fault.

If the building proper is faulty, the foundation is not, for the masonry was found to be unusually fine, stone from 12 to 15 feet in length being in the foundation. One of the cells on the second floor is being used as a sleeping room by the turnkey. When Secretary Shirer's predecessor, Joseph P. Byers, visited the Columbiana jail some years ago, it was in a notoriously bad condition. It was untidy, ill-smelling and generally unfit as a place for prisoners. These conditions do not now exist.

The secretary found the infirmary in good order. "It is as clean as a new pin," he said. The insane department needs overhauling. The floors are much worn, but well carpeted. A large barn is being built. There is an abundance of good spring water and ample provision for bathing. Water for fire protection and sanitary use is obtained from a reservoir near by on a hill. It is one of the best managed institutions of the kind in the state. A visit 11 years ago revealed it to be fairly alive with vermin. This was eradicated when Superintendent Riddle took charge.

Columbus, July 1.—(Special.)—The state sinking fund commission, consisting of Auditor of State Guilbert, Secretary of State Laylin and Attorney General Sheets, has gone to New York to pay off an indebtedness of \$200,000, which was for bonds issued during the Spanish war. This wiped out all the obligations of the state, save the irreducible debt.

An Oregon Flood Victim.

Columbiana, July 1.—(Special.)—Rev. C. A. Brown, of the M. E. church in Columbiana, has been granted a vacation for a month and will leave this evening with his sister for Heppner, Oregon, to assist in settling up the affairs of her late husband, Dr. P. D. McSwor, drowned in the recent floods there.

To Investigate.

The city officials are on the right track investigating the milk dealers. Wouldn't it be just as well for the officials to investigate the remnant suit sale at Joseph Bros? The red ticket suit sale—the standard quality is there, only the reduction in price.

**RIGHT OF A COUNCILMAN
TO DEAL WITH THE CITY**

An important decision by the city solicitor is being awaited with unusual interest. It pertains to the action of the board of public service at its last meeting, when the members held up the bill of Councilman Moon, which he had rendered for feed, purchased from him by the city. The bill aggregated \$51. The board held that Mr. Moon could not sell supplies to the city because of his official connection with the municipality. It is unlawful for an official to contract with the city and the board considered the selling of the feed a contract.

Mr. Moon was very much aggravated at the action of the board and immedi-

ately applied to the city solicitor for a decision. The latter stated today that he had not investigated the question thoroughly, but off-handed would say the bill should not come under the law governing contracts. He thinks Mr. Moon or any other official has a perfect right to sell to the city when there is no contract agreed upon. Whether or not the board of public service was right in its action on the bill will make no difference as far as the payment of it is concerned. The bill must be paid. However, if it is decided to be unlawful for any official to sell to the city under circumstances similar to those in this case, a long-standing error will be righted.

**ARTHUR HILL'S CASE
BEFORE THE JURY**

Claim for Damages for Injuries Re-
ceived in a Street Car
Wreck.

Lisbon, July 1.—(Special.)—The case of Arthur D. Hill, of East Liverpool, against the Central Accident Insurance company, of Pittsburgh, came on for trial before the jury this morning. Mr. Hill sues for \$1,880, a remainder alleged to be due from the insurance company for disability resulting from a street car accident in March, 1902, when a United Power company car jumped the track near Wellsville.

Before he had entirely recovered, Mr. Hill, thinking the extent of his injuries was clear, sent in his bill and the company settled for \$714.2. Later his injuries proved more serious and he was disabled seven months longer. The insurance company refused his additional claim. Charles S. Speaker is the plaintiff's attorney and J. H. Brookes and W. F. Lones represent the defendant.

**SAFETY RULES
READY AT LAST**

No Age Limit Specified For Police
Chief, Officers or
Firemen.

REGULATIONS NOT RADICAL

After at least a dozen meetings the board of public safety has at last succeeded in drafting the majority of rules by which the police and fire departments of the city will be governed. Three members of the board, President Grafton, Dawson and Ogilvie and Solicitor Davidson, held a meeting last evening, and after a long session gave the entire number to the solicitor with instructions to codify them. They will be returned to the board at a future meeting for passage. The date would have been designated but for the action of council at its last session, when one member had the ordinance creating the office of chief of police referred to the ordinance committee.

The committee will not be appointed until the next regular meeting of council, which will be held on Tuesday evening, July 14. When the ordinance is referred to the members of this committee they will more than likely consider it for an additional two weeks and before the office is created at least one month will have expired. The safety board would like to pass on the rules next week, but the consensus of opinion among its members is that it would be useless to pass rules to govern an office that does not exist.

The rules, as they have practically been decided upon, are anything but radical. They start with provisions for the merit system and next comes the classification of the officers, rules for the chief of police, for the patrolmen, fire chief and firemen. The board was very considerate in making the limits for weight, eight, etc. It specified no age limit whatever. One member stated today, however, that additional sections may be attached to the rules before they are at last passed.

There is considerable interest being manifested in the rules among certain classes and they are disappointed because of the elimination of the rule pertaining to the age of the chief of police.

**BURGLAR IN BARE FEET
LOOTED WELLSVILLE STORE
SECURING MUCH PLUNDER****Cash Register Taken Out and Broken Open
and \$500 Worth of Goods
Stolen.**

Wellsville burglars are at work, apparently with more success than has attended the efforts of their brethren in East Liverpool. The Pittsburgh store of E. S. Adams, Ninth and Main streets, was robbed this morning between 2 and 3 o'clock of about \$500 worth of clothing and shoes. The cash register was taken out onto the street in front of the Central school building and broken open. It contained only 50 cents. Mr. Adams having banked something like \$500 before quitting business for the day.

The robbery was discovered by J. E. Mills. Early this morning he found a broken cash register on the street. There were tracks in the dirt of some person in his bare feet. These he traced back to the store, where he discovered the back door standing open.

The matter was at once reported to the police, who are now making vigorous efforts to locate the burglars. In addition to the goods taken from the store, a fine gold watch belonging to Archie Adams, son of the proprietor, was stolen.

The interior of the store was badly disarranged, many boxes being scattered over the floor and numerous pieces of merchandise lying on the counters and the floor. The show cases containing the goods easily handled were ransacked. It is believed that there were several connected with the job.

When the news became generally known in Wellsville scores of people made their way to the looted store, and many ideas were expressed as to who the guilty parties are, but no one was able to find a good clue.

**TWO CHARGES REST
AGAINST YOUNG MAN**

One of Them is an Indictment By the
Grand Jury from Last
April.

Lisbon, July 1.—(Special.)—Wilbur McAllister, of Kensington, was brought before Justice Riddle here yesterday afternoon on a charge preferred by Miss Bessie Ritz, aged 20, of Teegarden. He is held to court in the sum of \$600. The child is a boy and three months old. McAllister was indicted by the April grand jury for supplying medicine with the alleged purpose of causing a criminal operation, but as he was out of the state attending a Pennsylvania college the sheriff was unable to get service on him until yesterday.

Immediately after his appearance in the justice's court McAllister was put under additional bond of \$300 in common pleas court on the grand jury charge. McAllister is 19 years old. He furnished bond in both cases.

IN THE RACE TO STAY

Zimmerman Said to Have So An-
nounced His Candidacy for
Governor.

Columbus, July 1.—(Special.)—It is reported here that John L. Zimmerman, of Springfield, visited John C. Welty, of Canton, Monday and told him he was in the race for the Democratic nomination for governor to stay. He had a long talk with Mr. Welty and Ohio politics in general were canvassed. He sought the aid of the Cantonian, whose influence is quite potent in that part of the state.

Zimmerman, it is said, went from Canton to Salem, to meet with Mayor Al Carlile, of that city, and other Democratic leaders. As he is a product of the county, it is likely its delegates will be for him for that reason, if for no other. He is interested in the adoption of a conservative platform.

Postoffice Clerks Reduced.

Columbus, July 1.—(Special.)—An order was received from the postal department at Washington yesterday cancelling the promotions granted to 13 clerks in the Columbus postoffice, the explanation being made that the number of clerks authorized by congress had been exceeded, making necessary a reduction. Under the order some of the clerks will suffer a loss of \$100 in pay. Cancellations in other cities are expected.

Which Is Foolish? Which Is Wise?

You are paying \$15.00 a month rent; your neighbor is paying \$15.00 a month on his property. In ten years you will have 120 rent receipts representing \$1800.00 of your hard earned money. Your neighbor will have a deed free and clear from all encumbrances for his home worth perhaps \$2500.00. You paid \$1800.00 out and have nothing. He paid \$1800.00 out and owns his home which meanwhile has grown in value. He has \$2500.00 to his credit in property; you have nothing. You earned \$3.00 per day. He earned \$3.00 per day. You had a wife and family. He had a wife and family. You had sickness of yourself and family. He had sickness of himself and family. You had no work part of the time. He had no work part of the time. You had to meet your \$15.00 rent monthly. He had to meet his \$15.00 payment monthly. Had you failed to have paid your rent you would have been ejected. Had he failed to make his payments he would have taken advantage of the Grace in his Contract.

We'll do it.

If you are at all intelligent you will see our point. It is not what you spend your money for, but how you spend it. Clothes and food are legitimate expenditures of money but if someone offers you a way that you can buy clothes and food and receive back your money would you not avail yourself of it? WITH THE WORKMEN IN THE CLAY PLANTS

ARTISTIC POTTERY.

Persons who are skilled in the painting of flowers and in the invention of decorative patterns will buy bowls and vases of French porcelain, paint upon these, as upon panel or paper, with pleasing results; but these are not to be considered in making decorative pottery ware. The really artistic potter is he who makes his vessel complete with a view to its subsequent decoration, and decorates it afterwards, with a view to its make; holding both processes in his hands. The complex character of the paste used by some potters, and the tendency in all cases away from the simpler work of old times with natural clay, used nearly as originally found, has caused in America, as in Europe, and, perhaps in the east, an inclination to find hard pottery, and the reverse.

Thus there are among the wares to be named some which are certainly porcelain; and these remind one of the cheaper Chinese ware, "The Canton" and "Nankin," those which have been exported for many decades from China to western lands, and which are certainly of the nature of the porcelain, however coarse and commonplace in their make and decoration. Pieces of American make, of very refined treatment, have somewhat the same character of a very hard ware fired at high temperature and capable of enduring almost any extent of table service.

A WESTERN PLANT.

The work of erecting a large pottery on the Pacific coast will soon be started. The plant will be located near Stockton, Cal. The man who will superintend the construction of the work is J. W. Platt, of New Jersey, and he is now on the ground perfecting his plans. A new site will be selected for the sanitary ware pottery. It is the belief that it will not be built on the site of the Stockton Brick & Pottery company, recently destroyed by fire, but upon a different site, just south of the Pacific window glass factory. It is claimed that the pottery will be the only one within hundreds of miles. A late report is to the effect that all the skilled operatives will be imported, mostly from Scotland. The intention is to have the plant running by next fall.

ENGLISH CONDITIONS.

The potting trade of the Staffordshire, England, district remains in much the same condition, says the Sentinel. The demand for flat ware is well maintained in most markets, and toilet sets are freely inquired after, but there is a general decline in respect of electrical fittings, trade in this department ruling flat. The American market shows signs of improvement and a better business is reported in most branches. The state of employment indicates that pressers average fully five days per week. Sanitary pressers report no change from last week, and flat pressers are working more regularly, and printers and transferers are very busy.

NO. 9'S MEETING.

The special meeting held yesterday afternoon by the kilnmen, local No. 9, for the purpose of voting on the course of the Brotherhood in relation to the demands recently made, was very largely attended. The result of the vote in this local will have much to do with the course of the Brotherhood, owing to its large membership. The taking of the vote was completed yesterday evening, but the result was not announced. Only those who presided at the election are aware of the result and they will maintain a strict secrecy until Friday when the conference committee are to meet again.

FIRE TRIALS.

An eastern writer has the following to say concerning the controversy over fire trials of feldspar: "In relation to the 'only apparatus in the world that will test flint and feldspar in 20 minutes,' dental furnaces have been used for the past 19 years for trials of feldspar. It can be fused in less than 20 minutes. Such tests, however, would be of no value to the potters. They bring the heat in their kilns up gradually to say 3,000 degrees F., keeping it as near that point as possible for at least 20 hours. These dental furnaces cost about \$50."

Samuel McAdoo has one of the pieces of sewer pipe unearthed at the Calumet plant, Toronto, while excavating for the C. & P. double track and will send it to the World's fair at St. Louis, where it will be placed on exhibition and compared with the present day methods of manufacturing pipe. The piece owned by Mr. McAdoo was made in Toronto by McFadden & Carlyle over 50 years ago and was used in

THE LAW SUSTAINED

Engineer at Zanesville Fined for Working Without a License.

Robert Orrin, state secretary of the U. A. S. E., has received official notification of the arrest and conviction of Frank Bowen, of the T. B. Townsend company, a brick manufacturing establishment of Zanesville. Two months ago Joseph H. Ebright, state examiner, was compelled to arrest Bowen for running the engine without a license. He was fined \$10 and costs. The company then employed another unlicensed man, and the same proceedings were entered against him. He received a like sentence. It is said the defiance of the law was not sanctioned by the men, but that the Townsend company persisted in the stand that the law was not constitutional, the concern paying the fines and causing the cases to be carried up.

The decision of the lower court was sustained by Judge Kennedy, of the common pleas court, but the company continued to harass the examiner and defied the law by keeping incompetent and inexperienced men at work. Three charges were filed in the police court this week and the three men were again fined the minimum penalty, which is \$10 and costs. There are several cases in this district that will receive attention at the hands of J. A. Manning, deputy examiner.

WABASH WANTS GROUND

A Big Verdict in Proceedings Against Mrs. Stewart at Toronto.

Stouenville, July 1.—The long fought case of the Wabash against Amanda Stewart et al., of Toronto, ended at midnight, when the jury, after eight and a half hours' deliberation, reached a verdict. It was the hottest fought case of all those that have come before the court and probably in no case in the courts has the testimony been so conflicting.

When it was all over and the jury had agreed upon a verdict the following is what it awarded the Stewart heirs: For land taken, \$2,808; damage to residence, \$617; total, \$3,425.

The plot of the Wabash shows that it wants the ground for yards, in which it will build six tracks. The price agreed upon is considered too large by the Wabash and the case may be fought over again.

THE JAMES BOYS MADE HIM DANCE

Actor Frank Bell Relates An Interesting Story of An Adventure.

'WAY OUT IN MISSOURI

He Did the Terpsichorean Act as Never Before in His Life—When Nearly Half Dead Was Rewarded By a \$20 Gold Piece.

Senator Frank Bell, who is playing with the vaudeville show at Rock Springs theater this week, is an interesting character. Mr. Bell is nearly 50 years of age, and served over three years in the rebellion. He has been in the theatrical business all his life, and has an enviable record for originality. Senator Bell's experience has

"SENATOR" FRANK BELL.

been varied and eventful. He has lived "on the top of the pile," and at times in his early career was compelled to hit the turf with the commonest sort of barnstormers.

His first big success was made in the character of "Rube Whipple," the town constable, in "Way Down East," when he distinguished himself and made a tremendous hit not only in the character laid out in the play, but in the original and very funny song, "All Tied Round With a Woollen String." Mr. Bell has been everything from an acrobat to the leading man in a mushy love drama.

At the close of the civil war he entered the minstrel field and was identified with some of the most celebrated aggregations of that day. Bell was the first man to revive "The Essence of Old Virginia" and make it go. This was accomplished in John Brougham's play, "The Lottery of Life." Mr. Bell afterward went into the legitimate drama, in which he usually played character parts. Now he is back to the specialty stage again.

Mr. Bell has an enviable war record. At Fredericksburg he was wounded and still carries the bullet in his head. He enlisted at Cuba, N. Y., on August 4, 1861, and served throughout the war. He was a member of the First Pennsylvania Rifles, better known as the Old Bucktail Regiment, Pennsylvania Reserves, Hancock's corps. He is a great admirer of his old commander, General George B. McClelland.

His wide and varied experience in all parts of the country is naturally productive of interesting reminiscences upon the part of Senator Bell.

"One summer," says he, "I was stranded in St. Louis and was think-

ing of going to work—at blacksmithing or something else—when I ran across an 'angel' with \$500 to squander in the show business. I immediately cultivated his affections. He yearned to appear on the stage himself and was willing to risk his \$500 provided he got the opportunity to distinguish himself. Well, I got a friend of mine to teach him a few sleight-of-hand tricks and I organized a company composed exclusively of ourselves and started out to tour rural Missouri. My 'angel' was billed as 'Professor Martindell, the world-renowned prestidigitator,' and I was 'the wonderful wooden-shoe dancer, the marvelous black-face mline,' and several other things equally attractive.

"One night we gave a show in a little hillside town to an audience of about fifty people. Our receipts were exactly \$6.85. I was removing my makeup, in a very disgusted frame of mind, when I heard the noise of approaching horsemen. They drew rein in front of the court house, in which we gave our performance, and without ceremony came running up the steps. They threw open the door of the coroner's office (my dressing room) and entered.

SUPERIORITY OF AMERICAN WOMEN

By M. LAZARE
WEILLER, French
Statesman

IN France, under pain of being considered a member of the Academy of Moral Sciences, one would not dare to discuss with a woman anything other than dress, the theater, novels, gossip or love. IN THAT PREFERENCE FOR FRIVOLOUS SUBJECTS THERE ARE AT ONCE WISDOM AND CONTEMPT.—wisdom, because any one who attempts to please the women must speak of things which they understand; contempt, because the man acknowledges that the women cannot comprehend the subjects which interest himself.

In America it is entirely different. In most cases there IT IS THE WOMAN WHO ABSTAINS FROM APPROACHING CERTAIN SUBJECTS BECAUSE SHE FINDS THEM TOO HEAVY FOR THE MEN. There it is not rare for a mature man to be forced to defend himself, foot by foot, against a young woman. In these conversations she employs many new words and original expressions, proving the intensity of the reflections and the depth of the thought in her pretty little head.

EAST END

DRUNKEN MAN ASLEEP ALONG THE TRACK

James Carr Had a Dangerous Resting Place and Was Taken Into Custody.

James Carr grew tired and weary last evening under the load of booze he had accumulated and lay down to rest along the railroad track a short distance east of the plant of the Pottery Mining & Milling company. He was too drunk to realize the peril surrounding the resting place he had chosen and in a few moments he dropped off into a drunken sleep.

Several people returning from work saw him lying in an apparently unconscious condition, with his body partially near the rails, and notified the East End police station. Officer Spence was dispatched to the scene and after a great deal of hard work succeeded in restoring the sleeper to a proper appreciation of his surroundings. He escorted Carr to the station where a call was sent in for the patrol and Carr was taken to central station. He will answer to a charge of drunkenness this evening.

CHILD ILL OF FEVER

Little Daughter of John Crawford Seriously Ill and the Home Has Been Quarantined.

Scarlet fever has been the cause of a great deal of suffering and annoyance in the home of John Crawford, a highly respected colored man, living in Sandy Bottom and for several days it was feared that in one case the disease would terminate fatally. Mrs. Crawford underwent a siege of the disease and a short time after her little daughter was stricken. The house has been under quarantine for several weeks and as Mr. Crawford has been subject to its regulations he has had no opportunity of providing for his family.

The little girl was seriously ill for a number of days but lately she has shown an improvement and is in a fair way to recover. Sanitary Police-man Burgess, who has been in charge of the premises as the representative of the health department, has seen that the little sufferer has not wanted for the proper nourishment.

A False Alarm of Fire.

An alarm of fire, the first in several weeks, was turned in to the East End station yesterday afternoon from box No. 12, at Harker's pottery. Both the East End and central station departments responded. The alarm proved to be a false one and was turned in by a small boy who so far has escaped detection. The youth entered the office of the Harker Pottery company, where the key is kept, secured the key and pulled in the box. He had disappeared before the firemen arrived.

Left for England.

Joseph Webb, of Mulberry street, employed in the packing department of the United States Pottery company, Wellsville, left yesterday afternoon for New York to take passage on a vessel bound for England. Mr. Webb was born and raised in England and his parents and other relatives still live there. In the past 27 years Mr. Webb has spent but three weeks with the old folks and he is anxious to pay them another visit. He will remain in England about two months.

Preparing for the Fourth.

The people of the East End are making preparations for the enjoyment of the Fourth of July. By that time the potters, with very few exceptions, will have finished up for the midsummer loaf and will be at liberty to spend the day as best suits them. Quite a number will join one of the numerous camping parties while others will take in the picnics, ball games and horse races.

EAST END AFFAIRS.

O. S. Chevalier and Edward Buck. A daughter was born yesterday to Mr. and Mrs. W. A. Geer, of St. George street.

Mrs. D. F. White and children have returned from a visit with relatives at Carrollton.

Miss Edna Goldsberry has returned to Fairhance after a visit with J. W. Howard and family.

A daughter was born yesterday to Mr. and Mrs. William McDole, of Pennsylvania avenue.

lev. of Pennsylvania avenue, will spend the Fourth with the former's brother at Altoona, Pa.

is the guest of his brother, Dr. M. W. Taylor, of Mulberry street.
Fan American Court, Tribe of Be. Hur, will consider seven application for membership at its meeting Monday night.

George Harris, of the East End street department, is confined to his home on Elm street with an attack of cramps.

Mrs. Edward Bramford, of Catholun' addition, is planning for a visit to her old home in England. She intends starting upon the trip about the middle of July and will spend the remainder of the summer in the old country.

CLEANLINESS WILL BE ENFORCED

Board of Public Service Sending Out Notices to Numerous Property Owners.

That the board of public service is sincere in its expressed intention of cleaning and keeping clean the street and alleys of the city is evidenced by the large number of notices to property holders it has caused to be issued through the street commissioner Frank Dickey. These notices were received by nearly every owner of property within the city limits where the city ordinance concerning the obstruction of streets, alleys and sidewalks was being violated. The names were taken on the recent tour of inspection made by the board and from the observations of the street commissioner.

The notices are very explicit as to the nature of the violation and there is an accompanying foot note to the effect that the street commissioner will see that the law is complied with if you have received one of the notices comply with it at once. Don't wait for your neighbor to act, as unpleasant complications may result. The board of public service has instructed him to see that the notices are obeyed and he will not be slow in taking drastic measures with those who are dilatory.

Upon the notices appears the statement that all streets and alleys must be kept clean. Manure boxes in the alleys, now very numerous, will not be permitted. Obstructions to the streets and alleys are not alone confined to ashes and rubbish in the eyes of the board, but wagons, carts and other vehicles must be removed.

Several places in the city where dirt comes down onto the sidewalks from the hillsides have come to the notice of the board, and the owners of the property must keep the walks unobstructed. Last winter these small landslides made the walks at several points almost impassable for pedestrians.

A Surgical Operation.

is always dangerous—do not submit to the surgeon's knife until you have tried DeWitt's Witch Hazel Salve. It will cure when everything else fails—it has done this in thousands of cases. Here is one of them: "I suffered from bleeding and protruding piles for 20 years. Was treated by different specialists and used many remedies, but obtained no relief until I used DeWitt's Witch Hazel Salve. Two boxes of this salve cured me 18 months ago and I have not had a touch of the piles since."—H. A. Tisdale, Summerton, S. C. For blind, bleeding itching and protruding piles no remedy equals DeWitt's Witch Hazel Salve. Sold by Alvin H. Bulger.

KIDNEY TROUBLE CURED.

General Health Greatly Improved by Per-una.

MRS. M. J. DANLEY.

Mrs. M. J. Danley, Treasurer of the Rebecca Lodge, I. O. O. F., writes from 124 First street, N., Minneapolis, Minn.: "I was afflicted for several years with kidney trouble which became quite serious and caused me considerable anxiety. I spent hundreds of dollars trying to be cured, but nothing gave me any permanent relief until I tried Per-una. It took less than three months and only ten bottles to effect a permanent cure, but they were worth more than many hundred dollars to me. I am fully restored to health, know neither ache nor pain and enjoy life."—Mrs. M. J. Danley.

This experience has been repeated many times. We hear of such cases nearly every day.

Mrs. Danley had catarrh of the kidneys. As soon as she took the right remedy she made a quick recovery.

A Prominent Southern Lady's Letter.

Miss Laura Hopkins, of Washington, D. C., niece of Hon. E. O. Hopkins, one of the largest iron manufacturers of Birmingham, Ala., writes the following letter commending Per-una. She says:

"I can cheerfully recommend Per-una for indigestion and stomach trouble and as a good tonic."—Laura Hopkins. Per-una cures catarrh wherever located. Per-una is a specific for the catarrhal derangements of women. Address The Per-una Medicine Co., Columbus, Ohio, for free book on catarrh written by Dr. S. B. Hartman.

LARRINGTON IN CLAYTON JAIL

Declares McCann is Alive, but Remains in Hiding for Certain Reasons.

St. Louis, July 1.—P. Seymour Barrington, confined in the county jail at Clayton on the charge of having murdered his friend and benefactor, James H. McCann, continues to declare his innocence.

"Jim McCann will show up," Barrington declared, "and when he does I will make those who called me his murderer sweat blood."

The prisoner said that he knows McCann is alive, but that for certain reasons he is remaining in hiding, and even though he sees the newspaper accounts of his probable murder he will not return to St. Louis to disbelieve the murder theory.

Detectives dragged the pond and searched diligently all day for the clothing of the victim, whose body was nude when discovered. The features of the dead man were so completely effaced that the first impression that putrefaction had wrought destruction is giving way to the belief that the person or persons who killed McCann cut off his face to conceal his identity and relied upon the action of the stagnant water to obliterate the evidence of the barbarous cutting. The body was buried in St. Peter's cemetery as that of James P. McCann.

Diphtheria relieved in 20 minutes. Almost miraculous. Dr. Thomas Electric Oil. At any drug store.

SUMMER OUTINGS.

Low Rates to Seashore, to the Lakes and to Other Attractive Resorts.

Vacation trips to attractive places for outings, including popular summer resorts, may be enjoyed at low fare by purchasing excursion tickets over the Pennsylvania Lines. A list of points which may be visited include the National Capital, Philadelphia, New York, Boston, the Seashore, Niagara Falls, summer havens on the Great Lakes and in North Michigan, Colorado and California, and cool retreats in the mountains.

Excursion fares to Boston will be in effect June 25, 26 and 27 for the Christian Scientist meeting, and July 2, 3, 4 and 5 for the National Educational Association meeting. The trip may be made via Washington, with stopovers at the National Capital, at Baltimore, and at New York, returning via Niagara Falls.

The annual seashore excursion over the Pennsylvania Lines will be on August 6. On that date excursion tickets to Atlantic City, Cape May, Annapolis, Avalon, Holy Beach, Ocean City, Sea Isle City and Wildwood, N. J., Ocean City, Maryland, Rehoboth, Delaware, will be sold at very low fares from principal stations on the Pennsylvania Lines.

The annual excursion to Niagara Falls over the Pennsylvania Lines will take place August 27. The fare will be especially low, and the return limit will be sufficient for enjoyable side trips to resorts in Canada.

Tickets to Chautauque Lake, to Lakeside and Put-in-Bay, to Peasey, to Mackinac Island, to Traverse City, and the shores of the lakes in North Michigan; to Devil's Lake and the Falls of Wisconsin, and to the attractive resorts of the Northwest and West, may be obtained at principal ticket offices of the Pennsylvania Lines, every day during the summer.

On July 6th to 8th, inclusive, special low fares to Denver will be in effect for the Christian Endeavor meeting. On July 15th and 16th tickets to Detroit will be sold at low fares for the Epworth League meeting. On July 31st to August 12th, inclusive, low fares to Niagara Falls will be in effect for the G. A. R. National Encampment, and on September 1st to 10th, low fares to Baltimore may be had at low fare. Tickets on sale this date expire the 1st of October.

In fact, opportunities are offered for outings at low fare via Pennsylvania Lines to any of the summer resorts, as well as the United States. Full information regarding fares, time tables, and other details will be furnished upon application to Adair Hill, ticket agent, East Liverpool, O. d-a-w-1

COUNTY AND NEIGHBORHOOD

The home of John Olmstead, Beaver Falls, was robbed of \$180 while he was at church.

Rev. F. P. Hummel, pastor of the M. P. church at Toronto for the past four years, has tendered his resignation.

James Burns, of Pittsburg, and Miss Evelyn Gray, a trapeze performer with a carnival company, wedded at Steubenville.

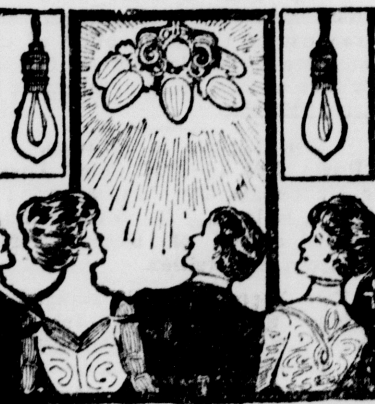

As Harry Blinco and wife, Steubenville, were driving to Dillonvale, their horse took fright at a train and ran away. Mrs. Blinco was dragged over 50 yards and seriously injured. Mr. Blinco sustained a sprained arm.

John Crawford, a brakeman, aged 23 years, was working in the yards at Belaire, when a train backed in on him and caught him. His left leg and arm were so badly crushed that the leg was amputated above the knee and the arm above the elbow.

Prof. F. M. Shelton, formerly of Lisbon, who has held a position as an instructor in the Canton schools, has been re-elected for next year at an advance of salary and has also been given a promotion to the head of the department of mathematics.

Matrimonial agencies are responsible for some curious marriages, but one, more than ordinarily rare was that of Matthew Grimes, a well known carpenter of Flushing, aged 63 years, and Olive S. Thatcher, of Hillsdale, aged 69, which occurred at St. Clairsville. The couple had never met until they entered the room where they were married.

CRUSHES OUT THE LIFE

The most loathsome and repulsive of all living things is the serpent, and the vilest and most degrading of all human diseases is Contagious Blood Poison. The serpent sinks its fangs into the flesh and almost instantly the poison passes through the entire body. Contagious Blood Poison, beginning with a little ulcer, soon contaminates every drop of blood and spreads throughout the whole system. Painful swellings appear in the groins, a red rash and copper-colored spots break out on the body, the mouth and throat become ulcerated, and the hair and eye brows fall out; but these symptoms are mild compared to the wretchedness and suffering that come in the latter stages of the disease when it attacks the bones and more vital parts of the body. It is then that Contagious Blood Poison is seen in all its hideousness. The deep eating abscesses and sickening ulcers and tumors show the whole system is corrupted and poisoned, and unless relief comes soon this serpent disease tightens its coils and crushes out the life. The only antidote for the awful virus is S. S. S. It is *nature's remedy*, composed entirely of vegetable ingredients. S. S. S. destroys every vestige of the poison, purifies the blood and removes all danger of transmitting the awful taint to others. Nothing else will do this. Strong mineral remedies, like mercury and potash, dry up the sores and drive in the disease, but do not cure permanent dy.

Send for our home treatment book and write us if in need of medical advice or special information. This will cost you nothing.

BLOOD POISON

On account of its terrible effects, blood disease is called the king of all diseases. It may be either hereditary or contracted; so while it may not be a crime to have the disease, it is a crime to permit it to remain in the system. It may manifest itself in the form of Scrofula, Eczema, rheumatic pains, stiff or swollen joints, thickening of the skin, eruptions or blotches, ulcers in the mouth or on the tongue, sore throat, falling out of hair, disordered stomach, and a general depression of the system. If you have any of these symptoms don't neglect yourself. You have no time to lose. Beware of "old time" treatment, beware of mineral poisons—be guaranteed to cure this disease, never to return. Bank Bonds will protect you. Our treatment is not injurious in any way, but reaches the very root of the disease and eliminates all poison from the system. The symptoms of disease gradually disappear, the blood becomes pure and enriched, the whole system is cleaned and purified, and the patient feels prepared anew for the duties and the pleasures of life. **CURED GUARANTEED OR NO PAY. 25 Years in Ohio. 200,000 Cured.**

One of the most amazing features of the phenomenal business activity now prevailing in the United States is the consuming power of the American people. For several years the output of manufacturing establishments and all the processes of production have been at high tide. Conservative observers declare that the pressure was too high and could not long be continued. Their predictions of a reaction have not yet come true. In few important lines is production curtailed. Perhaps there is no better indication of the steady flow of the current of trade at the high water mark than the earnings of the rail-ways. Last year's traffic was so great that many believed the climax had been reached. Notwithstanding floods

and strikes, most railroads show an increase of gross earnings over last year. In May twenty-one leading roads showed an increase of net earnings of 29 per cent. This is more remarkable since the increase of rates has been less in proportion than the increase of operating expenses due to higher wages. The good showing is made possible only by a great volume of traffic, freight and passenger.

There are signs that Tom L. Johnson will have to struggle for the empty honor of leading the Ohio Democracy this year. There are still a few Democrats in the state who are a little particular about the kind of bosses under whom they are expected to serve.

When a big railroad with one end in Cleveland and the other in Pittsburgh comes to East Liverpool to do its banking business it speaks volumes for the stability of local financial institutions and the confidence of business men therein.

Farm hands in Kansas can make \$70 a month and board, and still the supply is short. Kansas is unfortunately not being reached by the Ben Hur.

Uncle Sam paid out \$506,000,000 during the fiscal year just closed and still accumulated a surplus of \$52,000,000. J. P. Morgan is not the only expert financier.

The heavy rains are bad for some kinds of crops. The production of base ball scores isn't half what it would be but for their interference.

The powers seem to have decided to let King Peter have his job as long as he can hold it. Nobody else wants it.

No Standing Still

This is not the same drug store that it was last year. It is constantly changing, always progressing, ever improving. We get new suggestions from our customers, new ideas from traveling men, new plans from visiting successful drug stores in other cities. Gradually these suggestions, ideas and plans get worked into our store. That is why it keeps growing and improving. It seems to be a pleasure for our customers to trade with us, and it certainly is a pleasure for us to conduct such a store. We invite your patronage.

Tooth Brush Economy

We have tooth brushes for ten cents that are sold for double the price in some places. Extra good ones for fifteen cents, splendid values for the money, but we do not urge the sale of any of these because real downright economy comes in buying something a little better. We would advise you to pick a brush costing 25 cents or more for two reasons:

First, your teeth are worthy of the best brush made. The better the brush the more perfect its work.

Second, the higher grade brushes are guaranteed to give long and perfect service.

TALE OF SMOKY ISLAND

Encroachments of Great City Has Absorbed It.

SCENE OF INDIAN DEVILTRY.

Captives of Red Men Burned at the Stake—Their Agonized Cries Make Music for the Savages—Ball Ground Located on Site.

Pittsburg bears the name of the Smoky City, and is proud of her dusky covering, for it means millions of wealth. Just at the mouth of the Allegheny river, on the north side, there used to be an island which bore the very appropriate name of Smoky Island. The changes brought about by the shifting river sands and the encroachments made by a growing city, long ago wiped out this famous island, so that what part of it may now be left is a part of one of the lower wards of Allegheny City. When along about 1750 the English first came to the forks of the Ohio, Smoky Island was, because of the prominence of its location, a noted feature in the upper Ohio topography. In 1754 Fort Duquesne was built across the river from it by the French. Here they kept a garrison of varying strength, and the strange sight was seen by the chance passer-by of the Illies of France floating where now is the heart of America's greatest industrial region.

In 1775 came General Edward Braddock, with his army, to capture Fort Duquesne. He had given himself at the outside calculation three or four days to accomplish the reduction of the works; but, alas, he was never even to rest eyes on its walls, for he met his sad defeat, and received his mortal wound, 10 miles from the fort, on Wednesday, July 9, 1755. His army was utterly destroyed, only a few score of wounded or panic-stricken fugitives succeeding in escaping from the bloody field of death. About a score of his Highland soldiers, of Dunbar's or Holkit's regiments, ignorant of savage war customs, surrendered amid the awful rain of death that July day. When all the wounded had been slain, and all the dead scalped, the victors set off on their return to the fort. About 6 o'clock in the evening they arrived before its walls. At once preparations were made for a horrible orgy. Twelve of the captives remained, the rest having been tomahawked on the journey from the battlefield. This dozen of poor fellows had been stripped naked and their faces painted black. On their arrival at Fort Duquesne, when they saw the French officers, they took heart, but were informed that they were prisoners to the Indians, and that the Europeans, while deeply sorry, dared not interfere with their savage allies.

Just as evening was bringing to an end that fatal day the redskins, in savage glee over their great victory, took their wretched captives in canoes across the Allegheny river from the fort to Smoky Island. Here fires were lighted and a stout post was set in the ground. The little group of doomed men had come by this time to understand what terrible fate was really in store for them. The savages took one of their number and tied him to the post, building the hot piles of fagots up all around him. A prisoner who was in the fort, a Pennsylvania lad of 18 years of age, was a witness to this tragedy, and has left a journal in which he records the events.

The doleful cries of the first victim roused all the devilry in his captors, who began a fearful process of torture, under which the victim after a time gave way. When death arrived to ease him the poor charred body was rolled aside and a second prisoner was bound to the stake. Thus, one by one, these poor fellows were sacrificed. Little had they thought when they set out from Cork that previous winter how they would with their dying agonies furnish fiendish carnival for such a crowd of savages. Through the long night the orgy continued till the last victim was dead. And all this took place no longer ago than 1755, right on the site of the old exposition in Allegheny, just about where the ball games are now played. In the closing years of the Revolution Chief Killbuck and his followers, that portion of the Delaware tribe which was loyal to the American cause, came and took up their residence on Smoky Island, where they long lived in safety under the protecting walls of Fort Pitt. Long ago the island disappeared, till now Smoky Island is but a name of what once was.

C. L. SMITH.

Passing of the Indian Canoe.

The most beautiful and graceful craft which ever floated on the bosoms of our broad rivers was the light birch or pine canoe of the Indians. It was the true swallow among boats, a neat, trim figure of a craft, with easy power of motion, great speed and a remarkable carrying capacity. It was simple in construction and quite durable, considering its lightness. But it has gone forever from these waters. Many long years have passed since the last one was seen here, and never will there be seen another. They were typical of their age and makers.

Fair Exchange.

An American lady was being escorted by a British army officer through a certain museum in London. With pride he explained how England's military prowess was portrayed by the circumstances connected with some war relics they saw, when, with a smile of supreme triumph, he pointed to a small cannon saying, "That gun, my friend, was captured from your army at Bunker Hill."

To this the lady quickly replied: "Well, captain, you are welcome to the gun; we've got the bill."

WELLSVILLE

NARROWLY ESCAPED
LOSS OF FRANCHISE

Tri-State Gas Company Attacked By
Wellsville Council—Present
Rates Fixed for 5 Years.

At a meeting of city council last night an assault was made on the Tri-State Gas octopus and it narrowly escaped losing its franchise. As it ended, the price of gas was fixed for five years at 25 cents per thousand cubic feet with a five per cent discount on all bills paid by the 15th of each month.

An ordinance was introduced to revoke the franchise, but it lost under a suspension of the rules. Councilmen O'Grady, Anderson and Blissett voting to take away its right to do business here. The discussion attending the vote on the measure was lurid and the gas company was hauled over the coals at a lively rate. When the ordinance to revoke the franchise failed, the other regulating the price of gas for the next five years was introduced and passed without a dissenting vote.

The board of public service yesterday agreed to issue no more permits to the gas company, at the request of council, and at the meeting last night the company was ordered to make immediate repairs on the streets it has recently torn up for the purpose of laying pipe.

A PRIZE IS OFFERED

Most Attractive Wagon in the Parade
Will Win \$25 in
Gold.

The Fourth of July celebration committee has decided to offer a prize of \$25 in gold for the most attractive wagon in Saturday's parade. New features are constantly being added to the program, and altogether the outlook for the success of the affair is most rosy.

One of the novel features will be the liberation of 500 balloons from different points in the city on the night of the Fourth.

Manager Healy, of the street railway company, has agreed to furnish a free trolley car to bring the East Liverpool band to this city—the intention being for the musicians to give a short concert on the diamond before starting and to play en route to Wellsville.

AN \$8,000 RESERVOIR

Asked of Wellsville as a Reserve And
Emergency Source of
Supply.

A proposition was sprung on council last night by Monroe Patterson, of the Wellsville China company, and W. L. Smith, of the Smith & McNeil pottery, who asked council to build an \$8,000 reservoir in the rear of their premises, to be used as a second or reserve supply of water in cases of emergency. Both made speeches, but the proposition was not altogether favorably received. Council promised to go and look over the ground next Monday.

FULLY IDENTIFIED

Little Walter Allen, Who Was Drown-
ed in the Ohio, Was an
Only Child.

H. A. Allen arrived here last evening from Neville Island and upon being shown the body of the little boy found floating down the river yesterday morning, at once pronounced it that of his nephew, Walter Vardy Allen, who fell in the river last Thursday while playing near the home of his parents and was drowned and swept away before the very eyes of a playmate.

bed contiguous to the island was sys-
tematically dragged, the body of the
little one escaped the hooks and was
never seen until discovered by Mrs.
Willis and her husband, who live in a
house boat at the foot of Twenty-
second street.

Mr. Allen stated that the boy was
an only child and that the parents
have been well night distracted since
the accident. Thousands of bills and
notices have been sent to all the down
river towns, giving a description of the
boy, but it remained for the humble
occupants of the house boat here to
discover and recover the body.

Mr. Allen, the uncle, is an undertak-
er, and he so arranged the remains
that they could not be seen when they
reach home, decomposition having so
destroyed and distorted the features as
to make them wholly undistinguish-
able. He left with the body last night
for Neville Island, where the funeral
will occur today.

Shook Things Up.

A gasoline engine used for making
ice cream let go with a Fourth of July
detonation yesterday in the basement
of Oscar Seeman's confectionery, shaking
things up in a lively manner
and making the rafters rattle. Fortu-
nately no one was in the basement at
the time, and aside from the engine,
a few broken window glass was all the
damage done.

Contracts to Be Let.

The water works trustees, in regular
session yesterday afternoon, examined
plans for the new water works build-
ing to be constructed here and decided
to advertise for bids for its construc-
tion as well as for the sinking of an
immense well and the building of a
tunnel from the river to the building.

INSTRUCTOR STEPHENS

GOING TO LEAVE TOWN

Virtually on a Strike Because the Y.
M. C. A. Board Won't Raise
His Pay.

Prof. Perry Stephens, the popular
physical director of the local Y. M. C.
A., is virtually on a strike, and while
not a large number of men are con-
cerned and no issues involved that will
cause a depression in business circles,
the situation is serious, at least to
Prof. Stephens.

It will be remembered that some
time ago the board of directors re-
fused to grant Mr. Stephens an in-
crease in salary, which his host of
friends thought he richly deserved.

Mr. Stephens had made up his mind
that it would be detrimental to his
best interests to remain in the city
unless the request was granted, and
since it has not been he is making
preparations to leave. His home on
Fifth street has been dismantled and
the furniture packed and stored away
so that it can be shipped without de-
lay to any city where Prof. Stephens
may locate. Mrs. Stephens leaves to-
night for Terre Haute, Ind., where she
will make an extended visit with her
parents.

There are a great many members of
the organization in this city who,
through their high regard and personal
esteem for the physical director, would
be pleased to see the difficulty in the
way of salary adjusted so that he could
remain. Under his tutelage they
found genuine pleasure in gymnastic
work and physical training last winter
and they are loath to see any change.

THREE TEST WELLS
ON THE HADLEY FARM

Promising Oil Territory on Which
Drilling Began This
Morning.

Work was commenced this morning
on the first of three test wells to be
put down by the Chester Oil & Gas
company on the Edward Hadley farm.
The land lies one mile southeast of
the town of Chester, and is one of the
most promising spots in the county.

Practical oil men were over the ter-
ritory under lease on Monday and the
location of the three wells is the result
of their work. It is announced that the
company will thoroughly test the land
included in its lease, and that the
prospects for a good find are very good.
Stewart Bros., who are interested in a
financial way in the company, have
secured the contract for the develop-
ment of the territory, and their appar-
atus was moved to the spot yesterday.

MENACE TO HEALTH

A Nuisance Which the Town Authori-
ties Will Be Asked
to Abate.

It has been nearly two weeks since
the council took action with reference
to the nuisance which is permitted to
exist about the big elm tree, just east
of First street in Chester. Complaint
was made to council by residents of
the vicinity at the last meeting, and
the head of the street department was
instructed to notify the owners of the
lot.

The enterprising shop keepers of
Chester at some time in the past had
erected a hitching rack about the tree,
and horses were hitched there while
their owners were in East Liverpool
or about their business in town. The
ground has gradually worn away until
there is a deep trench at the spot, ex-
tending the entire distance around the
tree. In this hole stale water and all
kinds of filth is permitted to stand un-
til it either soaks into the earth or
evaporates. The condition is a menace
to the health of the community, and
the residents are determined to have it
abated. The matter will likely be
brought to the attention of council
once more when it meets this week.

NEW CHURCH BUILDING

Presbyterian Board Will Meet Friday
Evening to Open the
Bids.

The official board of the Chester
Presbyterian church will meet next
Friday evening for the purpose of
opening the bids for the construction
of the new church of that denomina-
tion, on Indiana avenue. It is not ex-
pected that many bids will be received,
as many of the contractors of the
vicinity have already contracted for
as much work as they can complete
during the summer. The carpenters
strike in the early spring seriously in-
terfered with the progress of building
this season and it will take nearly a
year for the big contractors to catch
up with their work.

The church officials are determined
to begin the building operations at
the earliest possible moment, and if
the figures are reasonable at all the
contract will be let Friday.

ery ware. The pottery plants were a
novelty to most of the visitors, and
they were anxious to secure a souv-
enir.

Manager Maxwell, of the park, is
away on a business visit today. He will
visit Toronto, Steubenville, Bowers-
ton, Uhrichsville and Dennison before
returning. Excursions from all these
towns will be run some time during
the coming season. During Mr. Max-
well's absence the park is under the
care of Leroy Orr.

Painters Now at Work.

The work of painting the summer
theatre was begun this morning by a
large force of men under the direction
of Contractor Dinerstein. The sev-
eral buildings which were constructed
during this season have been standing
for some time without paint, and it is
now the intention of the management
to hustle through with the work.

CHESTER NOTES.

A son was born to Mr. and Mrs.
Frank Oliver, of Fourth street yester-
day.

H. P. McGregor, a pottery merchant
of Wheeling, was in Chester yester-
day. He placed a number of orders
for ware with the plants on this side
of the river.

It is not known at this time whether
the assignment made by A. J. Thrasher,
of Pittsburg, will affect the Chester
Grocery company. Mr. Thrasher is a
stockholder of the latter company.

Mrs. Wakeman and Mrs. McIntock
arrived in Chester yesterday from Co-
rapolis. The ladies have many rela-
tives in this community and will visit
in the vicinity for some time.

David Lewis arrived in the city to-
day from Chicago. He has been em-
ployed as a bookkeeper in the Windy
City, but has secured employment
here and will make his home with his
mother in Chester.

Editor, manager, compositor and
pressman, Harry Moore, of the South-
side Citizen, is hard at work fitting up
his new quarters at First street and
Virginia avenue. He is unable to state
when the first issue will be out.

The street department is doing ev-
erything possible to hasten the comple-
tion of the street paving work in Ches-
ter, and until this is done there seems
to be no relief from the cesspools
which form in the streets after every
rain.

Oscar O. Allison, of the firm of All-
ison & Hobbs, the popular merchant,
arrived home from Battle Creek, Mich.,
yesterday. Mr. Allison has been tak-
ing treatment at the sanitarium there
for the past two months. He is greatly
improved in health.

REALM OF SPORTS

TWO INNINGS
OF A BIG GAME

The Elks Contest Adjourned By Rain, With East Liverpool Considerably Ahead.

By far the greatest base ball game ever played in this city was the one started in West End park yesterday afternoon by the local Elks and a team of that order from New Castle. At the end of the second inning the umpires called the battle off owing to a drenching rain. The score at that time was 4 to 2 in favor of the home boys.

Fully 500 fans, all admirers of the local team and not a few who were boosting the visitors, were in the grand stand at 3:30 o'clock. They followed the two teams from the diamond when they marched, headed by an elegant brass band, the entire distance. The demonstration made by the marchers was watched by one continuous crowd all along the line of parade. The visiting Elks were out for a good time and they showed it well on the way to the battle ground. It may have been a good time that they got at the park, but not the kind that Crockery City people call pleasure. The game went too far the other way to give them much fun, but they might have enjoyed the real artistic stunts of the locals and maybe they were just as well contented.

The feature of the two short innings both played while rain drops poured onto the grounds, was the twirling of George E. Davidson. Every one remembers well when he was the crack pitcher of the city and those older times were recalled when he started in on the visitors. Though they got five hits he struck five of them out in the two innings. Had he continued at the same rate he would have made an unequalled record. The score though short was as follows:

Hanlon-Yanger Fight a Draw.
San Francisco, July 1.—The Hanlon-Yanger fight at the Mechanics pavilion ended in a draw at the end of the twentieth round. Referee Ed Smith being unable to choose a winner between the game little featherweights. The fight was one of the fiercest ever seen in this city. Both men fought with a vim from the tap of the bell in the first round until the referee gave his decision. Neither was able seriously to injure the other and the contest lasted the limit.

Reliance Wins Again.
Newport, R. I., July 1.—The Reliance scored another decisive victory over the Constitution and Columbia in a 15-mile thrash to windward and return. The Constitution won over the Columbia, but time allowance will probably give the latter second place. The new craft sailed the course in 7 minutes 2 seconds less time than the Constitution and 8 minutes 1 second less than the older boat. The Constitution covered the 30 miles in 59 seconds less time than the Columbia.

Ryan Wins in Fourth.
Butte, Mont., July 1.—Tommy Ryan knocked out Jack Willie in the fourth round.

A little life may be sacrificed to an hour's delay. Cholera infantum, dysentery, diarrhoea come suddenly. Only safe plan is to have Dr. Fowler's Extract of Wild Strawberry at ways on hand.

Barbers Change Headquarters.
Indianapolis, July 1.—The headquarters of the Barbers' International union is soon to be removed to this city from Cleveland. The president of the international union, F. X. Noshang, of Albany, N. Y., will probably remain in his home city.

Hot Weather in Windy City.
Chicago, July 1.—Tuesday was the hottest of the year, the mercury reaching 90 degrees in the weather bureau, which means about 93 on the street. There were two deaths and five prostrations from the heat. Only one of the latter is serious.

Uncle Remben's Opinion.
"They may say what they please, but listen—hear me, I've taken all kinds of laxatives, purgatives and cathartics but when it comes to one that is easy and pleasant to take, mild and gentle in its action, and that makes one want an extra slice of bacon for breakfast, just give me Chamberlain's Stomach and Liver Tablets, and you may have all the laxative troubles, dyspepsia medicines and pills little or big, there is in this country. Them Tablets surely do make one feel joyful!" For sale by Alvin & Bulger.

PORTO RICAN LAND

Ninety Thousand Acres in the Island Reserved by This Government.

ORDER SIGNED BY ROOSEVELT

Reservations Principally in Vicinity of Cities—Of Distinct Advantage to Porto Rican Government—Governor Hunt to Summer in Adirondacks.

Oyster Bay, July 1.—President Roosevelt has expressed his intention to witness the international yacht race between the American defender, Reliance, and the Shamrock III, to be sailed on Aug. 20.

Governor Hunt, of Porto Rico; Senator Long, of Kansas, and former Postmaster General Wilson S. Bissell, of Buffalo, were the president's guests at luncheon.

After a conference with Governor Hunt the president signed a formal order making reservations of lands in the island of Porto Rico for the purpose of this government. The action was taken under the provisions of a law passed at the first session of the Fifty-seventh congress, which authorized the president to make the reservations before July 1, 1903. All lands not reserved accrue to the island of Porto Rico.

In the aggregate more than 90,000 acres of land were involved. Under the old Spanish regime the title to these lands became so greatly involved that it could not be determined from any available records to whom they belonged. They could not be sold because the government of Porto Rico could not give a clear title to them. The enabling act passed by congress cleared the situation.

By the president's action reservations of the public lands are made for the war, navy and treasury departments and for the department of justice. Tentatively the reservations have been made for some time. It was felt by the people of Porto Rico, however, that the navy department and the department of justice were demanding reservations too large for their needs. This difference has been adjusted by the president quite satisfactorily to all concerned.

The reservations are principally in the vicinity of the cities, the largest with one exception being at San Juan. The exception is the island of Culebra, which is reserved entire for naval purposes. The reservations in and about San Juan are mainly for artillery fortifications under the control of the war department. Other reservations made will be utilized as sites for custom houses, light houses and buildings for the department of justice.

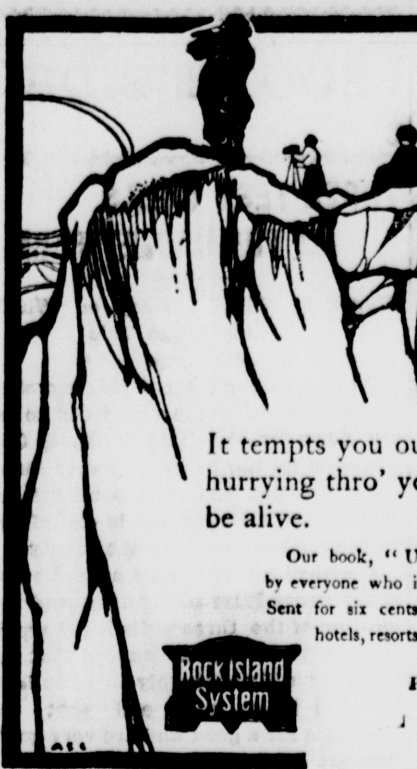

Governor Hunt is greatly pleased over the settlement of the long-mooted land question. It means, in his opinion, the rapid commercial expansion of San Juan and notable improvement of other cities. It is of distinct advantage also to the government of Porto Rico. About 90,000 acres of land will accrue immediately to the island government. It is expected that from the sale of lands the island will receive about \$500,000. Governor Hunt will not return to Porto Rico for about 60 days. Accompanied by Mrs. Hunt, he will pass the greater part of July and August in the Adirondacks.

Mutilated Body of Newsboy Found.
Rockford, Ill., July 1.—The dead body of Richard Tibbitts, a 7-year-old newsboy, was found in a deserted place a mile and a half from the city limits. The child had practically been disemboweled, the chest being split open as though with a sharp knife. In his throat was stuffed an old handkerchief. His hands were bound by his suspenders, which were tied in a hard knot. Beside him lay his unsold papers, a bag of candy and some pennies. The lad disappeared from his home eight days ago. A companion of his own age declared he had been drowned in the river three miles from where the body was found and a fruitless search had been made in this direction. Public feeling is intense.

Kidnaped Child Returned.
Chicago, July 1.—Alice Furlong, the 2-year-old girl stolen from the doorstep of her mother's home a week ago, was restored to her parents and Hazel Avery, who kidnaped the child, was arrested. The woman confessed to the crime after telling a story of some tall, dark woman giving her the child. Apparently her only motive for the kidnaping was a desire to have a baby to care for and fondle. The police believe her to be mentally unbalanced.

Catarrah of the Stomach.
When the stomach is overloaded; when food is taken into it that fails to digest, it decays and inflames the mucous membrane, exposing the nerves, and causes the glands to secrete mucus, instead of the natural juices of digestion. This is called catarrah of the stomach. "For years I suffered with catarrah of the stomach, caused by indigestion. Doctors and medicines failed to benefit me until I used Kodol Dyspepsia Cure."—J. R. LEGAL.
RESOLUTION.

To Regulate the Sale of Milk in the City of East Liverpool, State of Ohio, and to Require Milk Dealers to Obtain a Permit from the Board of Health of Said City.

First—No person shall bring or send into the city for sale, or sell, or offer for sale any milk without a written permit to do so from the board of health, which shall grant permits to all applicants on condition that they faithfully observe the laws, ordinances and rules for dealing in milk.

Second—Any permit so granted may be revoked by the board of health by written notice, when it shall appear that the party to whom such a permit has been granted, has violated any law of the state or ordinance of the City of East Liverpool, or rule of the board of health, relating to dealing in milk.

Third—Said permits shall be dated January 1st and July 1st of the year in which they are issued and shall be good for a period of six months from their date. The fee for issuing each certificate shall be fifty cents.

Fourth—Before obtaining such permit the applicant shall state to the board of health or its agent:

1. His name and place of business.
2. The number of cows, if any, owned by him.
3. The name and place of business of any and all persons from whom he purchases milk.
4. Naming amount of milk purchased and the daily amount of milk sold by him, as near as he can estimate the same. The clerk of the board of health shall keep a record of such statement for public inspection.
5. Any person violating any of the foregoing rules and regulations shall upon conviction, be fined in any sum

or water courses, if any, shall be accurately indicated on the plat or map.

Section 3. All streets and alleys shall have grades prepared and plan of same made on mounted drawing paper, showing grades, lines, elevation or profile of surface, at time of preparing grade, with reference to City Datum, also all measures given and angles shown in degrees, minutes and seconds, so as to make a complete grade plan which is to be the property of the city if said plan is accepted.

Section 4. The plans and ordinances for said grades are to be prepared by the proprietor of said addition for acceptance by the City Council at the same time the plat of said addition is accepted.

Section 5. The expense of the publishing of grade ordinances is to be paid by the proprietor of the addition in which the streets or alleys exist, before Council's acceptance shall be deemed complete.

Section 6. Monument stones shall be placed at all angles in said addition in a five foot line of the streets, their location being shown on plan of said addition to be made on mounted drawing paper, which plan is to be the property of the city and to be left in the office of the City Engineer.

Section 7. All plats submitted, wherein new streets or alleys are laid out to be dedicated to public use, or in which any park or other places are laid out to be dedicated to public use, shall be accompanied by a certified abstract of title to date, which abstract shall show the proposed streets, alleys, parks, or other public grounds to be free of all incumbrances.

Section 8. It shall be competent for the committee on streets to examine and recommend any such plat or allotment to the person making the same, to the effect that whenever the streets and alleys have proper grades, and the water courses are properly bridged, etc., as provided in this ordinance, said committee will pass upon and recommend to the City Council hat said plat or allotment, if otherwise conforming to the provisions of this ordinance and the laws of the State, be approved.

Section 9. Ordinance No. 465 passed July 23, 1895, is hereby repealed.

Section 10. This ordinance shall take effect and be in force from and after its passage and legal publication.

Passed June 23, 1903.

JOHN HORWELL,
President of Council.

WILLIS DAVIDSON,
Clerk.

Approved: W. A. WEAVER,
Mayor.

ORDINANCE 761.

To Regulate the Price Which the Ohio Valley Gas Company, Its Successors or Assigns; the Tri-State Gas Company, Its Successors or Assigns, or Any Other Gas Company Now, or Which May Be Hereafter Doing Business in the City of East Liverpool, Ohio, May Charge for Gas, for And During the Ensuing Ten Years.

Be it ordained by the Council of the City of East Liverpool, State of Ohio:

Section 1. That during the period of ten years from and after the passage of this ordinance the Ohio Valley Gas company, its successors or assigns; the Tri-State Gas company, its successors or assigns, or any other gas company, may charge for natural gas furnished to the citizens or private consumers and to the public buildings, grounds, streets, lanes, alleys, avenues of the city of East Liverpool for illuminating and heating purposes, twenty-five (25) cents per thousand cubic feet. If paid within ten days after the dates of monthly settlements, then a discount of five (5) cents per thousand cubic feet shall be allowed. The said, the Ohio Valley Gas company, its successors or assigns; the Tri-State Gas company, its successors or assigns, or any other gas company shall in no event, during the term of ten years charge for gas furnished as above mentioned more than the prices herein specified, nor shall the said companies charge for the placing or rental of meters a greater sum than is now being charged.

Section 2. This ordinance shall take effect and be in force from and after the earliest period allowed by law.

Passed June 23, 1903.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased.

Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of **Swamp-Root** is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, but remember the name **Swamp-Root**, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

PILES

"I have suffered with piles for thirty-six years. One year ago last April I took Cascarets for constipation. In the course of a week I noticed the piles began to disappear and at the end of six weeks they did not trouble me at all. Cascarets have done wonders for me. I am entirely cured and feel like a new man." George Kryder, Napoleon, O.

FOOD PRESERVATIVES

Uncle Sam's Boarders Still on
Chemical Diet at Wash-
ington.

CHANGE OF MENU PROMISED

Class of Fourteen Being Experimented
on to Test Effects of Preservative
Chemicals Used Upon Food—Re-
sults Not Made Public.

Washington, July 1.—The first of the series of experiments to test the effect of preservative chemicals used upon foods, which the secretary of agriculture was authorized to conduct by act of congress, has concluded. The experiments began last December and have proceeded continuously ever since, under the personal direction of Dr. Wiley, who during the entire time has spent 12 hours a day at the chemical bureau, where three meals a day have been served. He has taken his own meals with the boarders, but has not experimented on himself with the chemicals used.

The preservatives used thus far are borax and boric acid, and while it is the intention to continue the investigation after a rest of three months, it is not now considered that it will be necessary to make further use of either the borax or the acid.

Neither Dr. Wiley nor other authorities of the agricultural department will consent to give out the results obtained until there shall be time to get the facts together so as to present them in official form. To do this, they say, will require several weeks' time.

Speaking in general terms Dr. Wiley said there had been a class of 14 men, all of them engaged in the agricultural department and most of them in the chemical bureau, and that there were two divisions of them, half of them having the preservatives administered to them at a time—the period of continuous service lasting 40 days at a time in each instance.

"We have not," said the doctor, "administered the preservative with the food, but have given it separately, generally in capsules. At times the dose has been as large as the men could stand, and at other times we have given only small doses. In other words, we have been experimenting. In cases in which large doses were administered, of course we checked ourselves when we found that the men had been pressed to the utmost limit. We found some of them capable of taking far more than others. Our experiments have been conducted with a view to ascertaining the effect of the preservatives on digestion and our observations have covered the effect on the digestion of carbohydrates, or fat, and on the digestion of protein and gluten. We also have observed the effect on the assimilation of food, and we have carefully noted all increase or decrease in weight following a certain prescribed course. We have recorded with care the effect of the preservatives on the composition of the blood. I may say in a general way that we found that fully nine-tenths of the chemicals passed out through the kidneys and most of the remainder in the perspiration."

Dr. Wiley says that silycific acid will be the next article experimented with and that the experiments will continue indefinitely.

Mansion Presented City of Paris.
Paris, July 30.—The historic mansion on the Place des Vosges, in which Victor Hugo spent the most active years of his life, was formally presented to the municipality of Paris by the grandchildren and other kind of the great author. The event attracted widespread interest in literary circles. Paul Meurice, one of the chief beneficiaries, pointed out that the gift was designed to give France a memorial similar to England's home of Shakespeare and Germany's home of Goethe. The condition of the mansion is much the same as when Victor Hugo occupied it, besides being filled with many valuable souvenirs of his work, a library of 5,000 volumes and a collection of the author's drawings and wood carvings. The room where Victor Hugo died is exactly as it was at the time of his death.

Will Appoint Receiver.

New York, July 1.—Judge Kirkpatrick announced that he would appoint a receiver for the United States Shipbuilding company. The judge said something must be done at once to conserve the interests of all involved, and as the first payment on the 5 per cent first mortgage bonds is due he would appoint a receiver immediately if the opposing counsel would agree upon names to submit to him.

State Officer Murdered.

Austin, Tex., July 1.—State Comptroller R. M. Love was assassinated in his office in the state capitol by W. G. Hill, a discharged employee. The assassin committed suicide immediately after shooting Love. Beyond the fact that Hill may have been angered over his discharge, no cause for the deed is known.

Kidney Disease Kills.

Its Victims Numbered by the
Hundreds of Thousands.

Kidney diseases should be attended to at once, for almost 90 per cent. of our unexpected deaths of to-day are from that cause. Dr. David Kennedy's Favorite Remedy is the only sure cure known for diseases of the kidneys, liver, bladder and blood, rheumatism, dyspepsia and chronic constipation. It is marvelous how it stops that pain in the back, relieves the necessity of urinating so often at night, drives away that scalding pain in passing water, corrects the bad effects of whiskey and beer and shows its beneficial effects on the system in an incredibly short time.

George L. Smith, foreman of the Holley Manufacturing Company's Works, Lockport, N. Y., says in a recent letter:

"I have used Dr. David Kennedy's Favorite Remedy with the most beneficial results. I was troubled with gravel and kidney complaint very severely, it bothered me a great deal, and have found great relief from its use, and cheerfully recommend it."

"Favorite Remedy" is the most successful medicine ever discovered for kidney, bladder, liver and blood diseases. Its record of cures has made it famous in medical circles everywhere. It is recognized as a specific. It purifies the blood and dissolves the excess of uric acid in it, cleans up the urine, restores the kidneys and bladder to their normal condition, and gently moves the bowels.

It is for sale by all druggists in the **Now 50 Cent Size** and the regular \$1.00 size bottles—less than a cent a dose. Sample bottle—enough for trial, free by mail. Dr. David Kennedy Corporation, Rondout, N. Y.

YEAR'S FINANCIAL OPERATIONS

Available Cash in Treasury Shows an
Increase of Fourteen Mil-
lions Over 1932.

Washington, July 1.—Assistant Secretary of the Treasury Keep has made a summarized statement of the principal financial operations of the government for the fiscal year just closed.

The revenues of the government from all sources for the year ending June 30, 1933, are shown to have been \$558,887,526.

The sources of revenue were as follows: Customs, \$283,891,719; internal revenue, \$239,115,256; miscellaneous sources, \$44,890,551.

The expenditures for the year were \$506,176,590, as follows: Civil and miscellaneous, \$125,018,312; war (including rivers and harbors), \$118,549,683; navy, \$82,696,803; Indians, \$12,931,556; pensions, \$138,425,618; interest, \$28,556,618.

The surplus for the year is \$52,710,936.

The available cash in the treasury on June 30, 1933, was \$231,545,012, an increase of \$14,257,651 over the cash in the treasury at the corresponding date of 1932.

The total amount of gold in the treasury on June 30, 1933, was \$631,639,898, an increase of \$71,439,598 over 1932.

The comptroller of the currency reports that during the fiscal year just closed 537 new national banks have been organized. Of these new banks 339 have a capital of \$25,000 each approximately and have been organized in places having a population of less than 3,000.

AWFUL MINE DISASTER IN WEST

Two Hundred Lives Believed Lost by
Explosion of Fire Damp.
Rescuers at Work.

Hanna, Wyo., July 1.—Hanna was the scene of a terrible disaster when an explosion of fire damp in mine No. 1 of the Union Pacific Coal company snuffed out the lives of 234 men, injured scores of others and caused the destruction of a vast amount of property.

The mine was not fired, but the explosion was terrific and completely shattered the timbers of the main shaft and numerous entrances, filling the working with debris.

Superintendent E. S. Brooks and a large force of men began the work of removing the debris from the shaft that they might reach the entombed miners. Their progress into the mine was blocked by the foul gasses and several times they were forced to return to the surface.

All day the rescuing party worked, the force being increased from time to time by the arrival of ranchmen and others from nearby settlements and by those of a relief train sent out from Rawlins.

Of the 282 men who went down in the mine only 48 have been accounted for. Of this number two are dead. The rescuers were unable to penetrate further into the mine, as it was necessary to make another opening to permit fresh air to reach the lower levels.

Corporation Will Build Railroad.

Cleveland, July 1.—The Steel corporation will ultimately have a road of its own connecting Cleveland, Lorain and Pittsburgh. Of this the line now the Newburg and South Shore will be the nucleus. In the cities named the trust has big mills. Negotiations for a right of way for the road to connect the Cleveland and Lorain are now on. It is not known locally the proposed route from Cleveland to Pittsburgh, but the line will probably pass through the iron regions of the Mahoning valley, touching Youngstown. The move is in line with the policy of the corporation to gradually concentrate its manufacturing on the shores of Lake Erie.

Collision on Cleveland, Lorain
and Wheeling Kills Fireman
and Injures Others.

ORDERS WERE NOT OBSERVED

Blame Placed on Conductor Boggs
and Engineer Burke—Trains Meet
on Sharp Curve While Running at
Rapid Rate.

Wheeling, July 1.—As a result of a head-on freight collision one man was killed, three fatally injured and two men seriously injured. The collision occurred one mile east of Maynard, O., on the Cleveland, Lorain and Wheeling division of the Baltimore and Ohio railroad.

The Dead.

Fireman J. Williams, Bridgeport, O., crushed to death beneath engine.

The Injured.

Noah Burke, engineer, scalded about the face and head and arms crushed; will die.

Benjamin Duer, brakeman, caught beneath debris and crushed about head; scalded about the face.

Reed Ricker, flagman, pinched beneath wreckage for two hours before body was extricated; crushed about lower portion of body.

Collision Due to Carelessness.

Besides the above a number of other members of the crews were injured by being struck by falling debris. The collision was due to the carelessness of Conductor Boggs and of Engineer Burke. The men had orders to pass train 83 at Maynard, O., and instead of waiting they started ahead. There is a sharp curve at the junction where the wreck occurred and the crews on both trains stuck to their posts in an effort to bring their engines to a stop. Both were running at a rapid rate and a terrific crash ensued. Williams was caught beneath the wrecked engine and his life was crushed out. The other parties who were hurt jumped as the engines crashed and saved their lives.

Will Bar Prize Fights.

Butte, Mont., July 1.—Mayor Mullins announced that he would draw the line on prize fights in Butte after the present carnival is over. Three championship bouts are to take place here within a week. The mayor declares they are against the law and that he will overlook the violations of the statutes no longer. Butte has become the mecca of American pugilism and the city is now full of fighters.

NO LIFE, NO ENERGY NO AMBITION.

These are common expressions nowadays and the finger points that point with unfailing accuracy to a nervous system robbed of its vitality by over-exertion, overstrain or excess of some kind. That anyone should allow this condition to go on to complete mental, physical or sexual ruin, as it surely must if neglected, is a positive crime when the cure is at hand in Dr. A. W. Chase's Nerve Pills—a medicine designed expressly for this condition—a medicine that cures to stay cured by resupplying the very essential of life—Nerve Force.

Mr. B. L. Udegaff.

Mr. B. L. Udegaff, of No. 169 Fifth street, East Liverpool, Ohio, says: "As a general nerve tonic I can recommend Dr. A. W. Chase's Nerve Pills. I got at Larkins' drug store. At the time I got the pills I was feeling run down and nervous—not up to the mark in health and needed a tonic. The medicine did its work nicely and I regained tone, strength, life, energy and ambition again."

Under Arrest for Manslaughter.

New York, July 1.—Rudolph Es-march is under arrest in Hoboken on the charge of manslaughter, he having failed to live up to a suicide pact. Charles Borowsky, a lifelong friend of Es-march's, committed suicide last Thursday. Later Es-march met another friend, Jacob Roelleo, at the dead man's house, where, according to the police, the two agreed to follow their companion the next day. They met in a saloon and borrowing two glasses retired to a rear room. A few minutes later Es-march came out with carbolic acid in the glass and placed it on the bar, remarking: "The other man took his; I did not." Roelleo died an hour later.

Request to Retain Murray.

Jackson, Ky., July 1.—A telegram signed by a number of business men and officials was sent to Governor Beckham requesting him to urge General Murray to remain in Jackson for the present. Respect for the troops has increased since General Murray has been here, and as a result of his order the lawless element stands in awe of him and better order has characterized the city.

Triple Drowning in Michigan City.
Michigan City, Ind., July 1.—John and Felix Day, aged 11 and 8 years, and Louis S. Ritenour, aged 10, were drowned in the harbor. Felix Day got into the water beyond his depth and the elder brother went to his rescue and both were drowned. The Ritenour boy was drowned several hours later by getting into deep water and sinking. His youthful companions, who were witnesses of the boy's struggles, were unable to render help.

BEAVER-COPPERT

Well Known Young Couple Married at the Bride's Home in This City.

A pretty home wedding was celebrated at 3 o'clock yesterday afternoon, when Rev. J. G. Reinartz, pastor of the Evangelical Lutheran church of East Liverpool, spoke the words uniting the lives and fortunes of Miss Sarah Alice Beaver, of East Liverpool, and William Frederick Coppert, of Chester.

The ceremony was performed in the presence of only the immediate relatives of the contracting parties, and took place at the home of the bride on Second street. The groom is a well known and justly popular young man, who is employed in one of the East Liverpool potteries, while the bride has many friends in and about the city. The couple will reside in Chester.

Hendricks-Dalton.

The marriage of John J. Dalton, of Wellsville, and Miss Irene Hendricks, of Pleasant street, was solemnized yesterday afternoon at 3 o'clock in the First M. E. parsonage. The Episcopal ring service was used by Rev. Dr. M. B. Pratt, in the presence of a few friends and relatives of the bride and groom. The bride wore a pretty thin white gown and was attended by her sister, Miss Elva Hendricks, as bridesmaid. Martin Welch was best man. Mr. and Mrs. Dalton left immediately on a wedding trip and on their return will be at home to their friends in Wellsville.

In Honor of a Guest.

Miss Lena Blake last evening gave a delightful entertainment to a large number of her lady friends in honor of Miss Jean Robinson, who is her guest. The hostess proved herself genial in the entertainments of the evening, which were much enjoyed.

Allman-Firth.

Miss Mary Allman and Fred Firth were married today at the home of the bride's parents in East Palestine. The groom is well known here, having been a former resident. He has been employed for some time as a presser in the East Palestine pottery.

ADDITIONAL CHESTER NEW BALL TEAM

Made Up of Theatre and Pavilion Employees Ready for Active Work.

A baseball team made up from the forces at the summer theatre and the dancing pavilion, and under the management of Leroy Orr, are attaining a degree of efficiency which will land some of the players in the professional ranks.

This week the team has been strengthened by the addition of several of the players at the theatre, and an attempt will be made to secure a game with the employees of the amusements for tomorrow morning. Stage Manager Joe Bradley is reputed to be the best catcher in the whole town of Chester. He will captain the team, which will line up as follows: Catcher, Joseph Bradley; pitcher, Harry Zeda; short, Walter Williams; first, George Bevington; second, Mercer Dilla; third, William Cripps; left, Frank Dye; middle, Charles Ronalds; right, John Frost.

Senator Frank Bell has been stated as official scorer, and it is said his side will be sure to win.

New Bank Opened.

The new Savings and Trust bank was formally opened today at New-Cumberland. The concern has been very busy with the preparations for the last two weeks, and a reception was held during the afternoon. Large crowds came and went all afternoon and evening. The new institution starts off under the most auspicious circumstances and is bound to be a success.

HOME AFFAIRS

Brief Notes of a Personal Nature and of Matters About Town.

John Paul's Baby—There was little work performed at the Woodbine steam laundry yesterday by the large force of girls and men. Their time was taken up in listening to the story of the 10-pound boy which arrived at the home of John Paul yesterday.

Hospital May Benefit—There is a movement on foot to turn a portion of the profits from the carnival to be held in this city during the present month over to the hospital association to further the project. The question will be settled at the meeting of the G. A. R. next Friday evening.

National Club Officers—The National club held a meeting last evening at its rooms in the First National bank building and elected the following officers: William Ashbaugh, president; Tom Woods, secretary; Jesse Rankin, treasurer; Andy Hester, James Godwin and Frank Kearns, trustees.

Shot His Shoe—L. W. Lally, a traveling salesman from Wheeling, had an exciting experience last night as he was passing through Locust alley about 11 o'clock. Some one fired a revolver and the shot passed through the heel of one of his shoes. He was uninjured. Nobody knows who fired the shot.

Summoned as Witnesses—George H. Owen, Robert Bursner and M. E. Miskall were served with subpoenas this morning by Constable Powell to appear at Lisbon as witnesses in the case of Arthur Hill versus the Central Accident Insurance company. Messrs. Owen and Bursner made the trip overland to Lisbon this morning. Mr. Miskall being excused.

Painfully Hurt—The 4-year-old son of John McLaughlin, of Sixth street, met with a painful accident yesterday afternoon. While at play with other boys, one lad of the crowd picked up a brick and threw it in the crowd, and accidentally hit the McLaughlin child on the forehead, cutting a deep gash. Dr. G. P. Ikert was summoned and dressed the injuries.

expected that many objections will be raised to the report. The report will, if passed by council, be turned over to the county auditor, who will place it on file in his office, where any one who cares to can inspect it and file any objection. After it has been open for inspection for a stated length of time an equalization board will be appointed and the Pennsylvania avenue improvement may then be disposed of.

One Store Left in Town.

Lancaster, Ky., July 1.—Fire at Paint Lick destroyed several stores, including the national bank and Old Fellows hall. Only one store is left in the town. Loss \$150,000. Origin unknown.

Ex-Congressman Clunie Dead.

San Francisco, July 1.—Former Congressman Thomas J. Clunie is dead at his home in this city of acute kidney trouble.

Fatally Shot in Pistol Duel.

Paterson, N. J., July 1.—James Conclito is in the hospital dying from wounds inflicted in a revolver duel with his brother-in-law, Joseph Musto, who made his escape. It was said the affair was the result of a family feud.

Sale of Pet Horse Leads to Suicide. Findlay, O., July 1.—Mrs. Aaron Palmer's self-sought death from taking sugar of lead was induced, according to her husband's statement, by the sale of a pet horse in which she had become greatly attached.

Deadly Toy Pistol.

Fairmont, W. Va., July 1.—Charles Leeper, the 7-year-old son of Samuel Leeper, of Monongah, shot himself in the hand with a toy pistol and is now dying of lockjaw.

Must Give Security.

Yokohama, July 1.—An order has been issued requiring foreign fire and marine insurance companies to deposit as security the minimum sum of \$50,000.

Canton, O., July 1.—Ralph Hardesty, 12 years old, substituted dynamite for gunpowder in loading a toy cannon. Two fingers were lost.

Mutl and Gold Lace.

Officers of the army on duty in the war department wear uniforms the same as if they were on duty at military posts. The practice has resulted in making nearly every room occupied by officers a dressing room, where wardrobes are kept. Most officers dislike very much to appear on the street in uniform; it makes them too conspicuous. Uniforms for use in the department are kept in a wardrobe, and the officers put them on when they arrive in the morning, take them off and don civilian dress to go to lunch, and upon their return in the afternoon and departure for home later go through the same process. They don't like it, but it is an order. For people doing business at the department it is much better, for a stranger knows whether he is talking with an officer or a clerk, and if familiar with the emblems can tell the rank of the officer.—Washington Post.

Success of the Solemn Ass.

Look about you, gentle reader, and consider the solemn ass in every walk of life. Who so respected, so admired, so influential? He never takes sides. He never is a partisan. He goes along with knitted brows, his thoughts too deep for utterance. Smaller men may abandon themselves to hasty inclinations, to rash preferences, to robust views. He never does. If he speaks at all it is with such profundity and circumspection and complexity that the most recondite cryptogram ever rescued from a pyramid would seem to burst of innocent and childish candor in comparison. Yet he wears fine raiment every day. He enjoys the respect and confidence of the community. He prospers. The oil of opulence anoints him. He is the incarnation of success!—Washington Post.

NEFITS NOT ENOUGH TO EQUAL THE COST OF THE PAVING WORK

Assessing Board's Report On Pennsylvania Avenue Puts About \$6,000 On the City at Large.

The Pennsylvania avenue assessing board, composed of Messrs. John Hall, John Kerr, Jr., and J. N. Vodrey, has practically completed the work of assessing the property benefited as a result of the improvement to the avenue. All that remains for the members to do is to compile their report for submission to council. They are now busy with the latter and confidently expect to have it finished by next Friday evening. They commenced upon the work a little more than two weeks ago and that they are so near an end is certainly commendable and appreciated by every taxpayer in the city.

Though it was expected that the board would agree with the findings of the first board, or at least that the difference would not be of any consequence, the members announce that

they have found a great difference and can back up their decisions with sufficient proof. Instead of assessing benefited property to the limit, \$32,000, which was the total cost of the improvement, the new board determined that benefits derived amounted to only \$26,000 and assessed accordingly. The difference, \$6,000, will be applied to the general tax duplicate and every taxpayer in the city will have an opportunity of paying a portion of it.

The reason given for the difference is that numerous lots and properties assessed by the first board were not included in the ordinance passed upon by council and submitted to the new board as a basis for assessing. The benefited property holders along the line of improvement are joyous over the action of the board, and it is not

THE ELKS FEASTED AND MADE MERRY

East Liverpool Antlered Tribe
Royally Entertained Visitors From New Castle.

OPEN-HEARTED HOPITALITY

When the visiting Elks departed on a special train for their homes in New Castle last night between 11 and 12 o'clock they realized better than ever before the significance of the grand organization of which they are a part. Such hospitality as was shown them by the local lodge could be surpassed by no other fraternal organization, and that they appreciated the efforts of No. 258 was evidenced by their praise heard on all sides. They were met at the depot in the morning by a committee, and in charge of these gentlemen they were shown every courtesy and kindness possible throughout the entire day.

After the ball game in West End park, which proved a failure, the visitors all being tired and worn out, repaired to the beautiful and cozy parlors on Washington street, where every detail had been arranged for their comfort and happiness. The spacious and elegantly furnished apartments were utilized by the foot-sore brothers, and smiles of real contentment adorned the faces of all.

The parlors presented a scene of perfect enjoyment during every hour that the visitors occupied them, but in the evening from 9 until 11:20 o'clock, while the banquet and the incidental features accompanying it was in progress, over 200 people cast their hearts and minds into the festivities and made them such as will ever be remembered by both the Pennsylvania boys and those of the Crockery City.

The dining parlor of the Elks' home, brilliantly illuminated and artistically decorated for the occasion, was entered by the assemblage at a few minutes past 9 o'clock and in a short time every one was seated before a table fairly groaning under the weight of a repast composed of every delicacy in season.

After this most appetizing repast Past Exalted Ruler W. E. Wells, who had been chosen toastmaster, rapped vigorously with the gavel and commanded order. In his usual manner he entertained for a few minutes and then called upon a number of gifted ones for stunts, and in every case the responses were overflowing with laughable epithets and strong oratorical ability was evidenced to a marked degree.

Among those who answered to toasts were: Dr. Davis, Will Lewis, Mr. Jones, of New Castle; Senator Blake, Jack Horner, Mr. Stewart, Mr. Johannes, Mr. Garvin, Hugh Hamill and J. W. Mitchell. The latter, one of the jolliest fellows in the country, took the crowd by storm in his every effort. He is a singer of ability and was very entertaining.

MARRIAGE TIES CUT BY COURT

Two East Liverpool Women Added to the Long List of the Divorced.

SAD STORIES TOLD BY THEM

Lisbon, July 1.—(Special).—Three divorce cases were heard in court here yesterday afternoon and three aggrieved wives were granted legal separation from their husbands. Myrtle Nichols was divorced from Robert Nichols, living near Franklin Square. They were married at Leetonia in 1894 and have one daughter nearly four years old. The wife charged habitual drunkenness and extreme cruelty. She will receive alimony.

Martha Cain, of East Liverpool, was granted a divorce from William H. Cain, together with the restoration of her maiden name, Martha Duke. The only child born to them is deceased. Mrs. Cain charged wilful abnegation, habitual drunkenness, gross neglect and failure to provide, alleging that although her husband was fully able to support her, she was compelled to depend upon her own exertions and to the charity of friends.

Lenora Morley, of East Liverpool, was granted a divorce from Edwin Morley and had her maiden name, Lenora Ivers, restored. Their marriage took place in East Liverpool June 26, 1899. No children were born to them. The wife set up three causes of action, charging that on November 4, 1900, the husband was guilty of extreme cruelty toward her, striking her over the head with a bottle and otherwise beating and abusing her. On the same day, Mrs. Morley alleged, her husband was unfaithful at No. 1029 Bedford avenue, Pittsburg, with Corinne Clantz. She said that he had frequently abused her and that immediately upon learning of his unfaithfulness she refused to live with him. She also charged habitual drunkenness.

Calvin Bowers and his bartender, Peter Sayres, were both charged with selling to a minor, Bessie Frazier. Bowers stood trial and the jury returned a verdict in his favor, the evidence showing that the girl had bought liquor on an order from her father. The indictment against Sayres was then nolleed.

Cornelius Smith stood trial on an indictment for selling to David Walker, a habitual drinker, and the jury returned a verdict of not guilty.

STOLEN GOODS FOUND IN POLICE STATION

Freight Cars Robbed And Local Firm's Goods Recovered in Pittsburg.

The firm of Steinfeld & Viney and the Leader Dry Goods company some time ago shipped a case of goods each to Baltimore. The consignment in each case was lost in transit and the railroad authorities were notified. Detectives discovered that the goods were stolen from the car in the West Penn yards. After a careful search the thief was captured and sent to the works for 60 days for another offense. At that time it was not known that he had been guilty of the theft of the goods shipped from East Liverpool, and as his term expired a few days ago he is now at large.

Louis Steinfeld was summoned to Pittsburg yesterday and had no difficulty in identifying his property, which was plainly marked with the firm name and lot number. He is positive that he also saw the Leader store's goods at the police headquarters, and it is likely Samler Bros., the proprietors, will be sent for. It will be harder to identify the latter consignment, as it was underware and there were no marks upon it.

THE COUNTY JAIL AGAIN CONDEMNED

Secretary of the State Board of Charities Says a New One is Needed.

INSECURITY CHIEF FAULT

A New Building Badly Needed—The Official Visited the Columbiana County Infirmary and Found It in Good Condition.

From a Staff Correspondent.

Columbus, July 1.—Secretary H. H. Shirer, of the board of state charities, has returned from a tour of the jails and infirmaries of eastern Ohio. He says the county jail at Lisbon is insecure and should be abandoned. It is in a sanitary condition, but is entirely unsuitable for jail purposes. A new building with modern arrangements is what is needed. "From a standpoint of safety there should be a new jail," said the secretary. He examined the institution throughout and says that the arrangement of the cells is very poor. Insecurity is the greatest fault.

If the building proper is faulty, the foundation is not, for the masonry was found to be unusually fine, stone from 12 to 15 feet in length being in the foundation. One of the cells on the second floor is being used as a sleeping room by the turnkey. When Secretary Shirer's predecessor, Joseph P. Byers, visited the Columbiana jail some years ago, it was in a notoriously bad condition. It was untidy, ill-smelling and generally unfit as a place for prisoners. These conditions do not now exist.

The secretary found the infirmary in good order. "It is as clean as a new pin," he said. The insane department needs overhauling. The floors are much worn, but well carpeted. A large barn is being built. There is an abundance of good spring water and ample provision for bathing. Water for fire protection and sanitary use is obtained from a reservoir near by on a hill. It is one of the best managed institutions of the kind in the state. A visit 11 years ago revealed it to be fairly alive with vermin. This was eradicated when Superintendent Riddle took charge.

LAST OF IT PAID

Ohio's Debt, Save the Irreducible Portion, Is Wiped Out.

Columbus, July 1.—(Special).—The state sinking fund commission, consisting of Auditor of State Guilbert, Secretary of State Laylin and Attorney General Sheets, has gone to New York to pay off an indebtedness of \$200,000, which was for bonds issued during the Spanish war. This wiped out all the obligations of the state, save the irreducible debt.

An Oregon Flood Victim. Columbiana, July 1.—(Special).—Rev. C. A. Brown, of the M. E. church in Columbiana, has been granted a vacation for a month and will leave this evening with his sister for Heppner, Oregon, to assist in settling up the affairs of her late husband, Dr. P. D. McSwor, drowned in the recent floods there.

To Investigate. The city officials are on the right track investigating the milk dealers. Wouldn't it be just as well for the officials to investigate the remnant suit sale at Joseph Bros? The red ticket suit sale—the standard quality is there, only the reduction in price.

RIGHT OF A COUNCILMAN TO DEAL WITH THE CITY

An important decision by the city solicitor is being awaited with unusual interest. It pertains to the action of the board of public service at its last meeting, when the members held up the bill of Councilman Moon, which he had rendered for feed, purchased from him by the city. The bill aggregated \$51. The board held that Mr. Moon could not sell supplies to the city because of his official connection with the municipality. It is unlawful for an official to contract with the city and the board considered the selling of the feed a contract.

Mr. Moon was very much aggravated at the action of the board and immediately

applied to the city solicitor for a decision. The latter stated today that he had not investigated the question thoroughly, but off-handedly would say the bill should not come under the law governing contracts. He thinks Mr. Moon or any other official has a perfect right to sell to the city when there is no contract agreed upon. Whether or not the board of public service was right in its action on the bill will make no difference as far as the payment of it is concerned. The bill must be paid. However, if it is decided to be unlawful for any official to sell to the city under circumstances similar to those in this case a long-standing error will be righted.

ARTHUR HILL'S CASE BEFORE THE JURY

Claim for Damages for Injuries Received in a Street Car Wreck.

Lisbon, July 1.—(Special).—The case of Arthur D. Hill, of East Liverpool, against the Central Accident Insurance company, of Pittsburg, came on for trial before the jury this morning. Mr. Hill sues for \$1,880, a remainder alleged to be due from the insurance company for disability resulting from a street car accident in March, 1902, when a United Power company car jumped the track near Wellsville.

Before he had entirely recovered, Mr. Hill, thinking the extent of his injuries was clear, sent in his bill and the company settled for \$71.42. Later his injuries proved more serious and he was disabled seven months longer. The insurance company refused his additional claim. Charles S. Speaker is the plaintiff's attorney and J. H. Brookes and W. F. Lones represent the defendant.

SAFETY RULES READY AT LAST

No Age Limit Specified For Police Chief, Officers or Firemen.

REGULATIONS NOT RADICAL

After at least a dozen meetings the board of public safety has at last succeeded in drafting the majority of rules by which the police and fire departments of the city will be governed. Three members of the board, President Grafton, Dawson and Ogilvie and Solicitor Davidson, held a meeting last evening, and after a long session gave the entire number to the solicitor with instructions to codify them. They will be returned to the board at a future meeting for passage. The date would have been designated but for the action of council at its last session, when one member had the ordinance creating the office of chief of police referred to the ordinance committee.

The committee will not be appointed until the next regular meeting of council, which will be held on Tuesday evening, July 14. When the ordinance is referred to the members of this committee they will more than likely consider it for an additional two weeks and before the office is created at least one month will have expired. The safety board would like to pass on the rules next week, but the consensus of opinion among its members is that it would be useless to pass rules to govern an office that does not exist.

The rules, as they have practically been decided upon, are anything but radical. They start with provisions for the merit system and next comes the classification of the offices, rules for the chief of police, for the patrolmen, fire chief and firemen. The board was very considerate in making the limits for weight, eight, etc. It specified no age limit whatever. One member stated today, however, that additional sections may be attached to the rules before they are at last passed.

There is considerable interest being manifested in the rules among certain classes and they are disappointed because of the elimination of the rule pertaining to the age of the chief of police.

ADJUDGED INSANE

East Liverpool Woman the Latest Unfortunate—Probate Court Matters.

Lisbon, July 1.—(Special).—Susan Huston, of East Liverpool, has been adjudged insane and a permit has been issued for her admission to the Massillon asylum.

The will of the late Harriet Thompson, of East Liverpool, has been admitted to probate. She leaves everything to her husband, William L. Thompson, who is named as executor without bond.

Judge Boone, of Salem, has qualified as executor of the estate of the late Jeremiah Honsert, of Salem, under bond of \$10,000. Appraisers, A. M. Carr, Charles Harris and John Trotter.

Walter B. Hill, of East Liverpool, has been appointed guardian of Anna D. Heckathorn, aged 7, and Ruby L. Heckathorn, aged 4 years, children of the late Benjamin Heckathorn, of East Liverpool. Bond, \$200.

BURGLAR IN BARE FEET LOOTED WELLSVILLE STORE SECURING MUCH PLUNDER

Cash Register Taken Out and Broken Open and \$500 Worth of Goods Stolen.

Wellsville burglars are at work, apparently with more success than has attended the efforts of their brethren in East Liverpool. The Pittsburg store of E. S. Adams, Ninth and Main streets, was robbed this morning between 2 and 3 o'clock of about \$500 worth of clothing and shoes. The cash register was taken out onto the street in front of the Central school building and broken open. It contained only 50 cents. Mr. Adams having banked something like \$500 before quitting business for the day.

The robbery was discovered by J. E. Mills. Early this morning he found a broken cash register on the street. There were tracks in the dirt of some person in his bare feet. These he traced back to the store, where he discovered the back door standing open.

The matter was at once reported to the police, who are now making vigorous efforts to locate the burglars. In addition to the goods taken from the store, a fine gold watch belonging to Archie Adams, son of the proprietor, was stolen.

The interior of the store was badly disarranged, many boxes being scattered over the floor and numerous pieces of merchandise lying on the counters and the floor. The show cases containing the goods easily handled were ransacked. It is believed that there were several connected with the job.

When the news became generally known in Wellsville scores of people made their way to the looted store, and many ideas were expressed as to who the guilty parties are, but no one was able to find a good clue.

TWO CHARGES REST AGAINST YOUNG MAN

One of Them Is an Indictment By the Grand Jury from Last April.

Lisbon, July 1.—(Special).—Wilbur McAllister, of Kensington, was brought before Justice Riddle here yesterday afternoon on a charge preferred by Miss Bessie Ritz, aged 20, of Teegarden. He is held to court in the sum of \$600. The child is a boy and three months old. McAllister was indicted by the April grand jury for supplying medicine with the alleged purpose of causing a criminal operation, but as he was out of the state attending a Pennsylvania college the sheriff was unable to get service on him until yesterday.

Immediately after his appearance in the justice's court McAllister was put under additional bond of \$300 in common pleas court on the grand jury charge. McAllister is 19 years old. He furnished bond in both cases.

IN THE RACE TO STAY

Zimmerman Said to Have So Announced His Candidacy for Governor.

Columbus, July 1.—(Special).—It is reported here that John L. Zimmerman, of Springfield, visited John C. Welty, of Canton, Monday and told him he was in the race for the Democratic nomination for governor to stay. He had a long talk with Mr. Welty and Ohio politics in general were canvassed. He sought the aid of the Cantonian, whose influence is quite potent in that part of the state.

Zimmerman, it is said, went from Canton to Salem, to meet with Mayor Al Carlile, of that city, and other Democratic leaders. As he is a product of the county, it is likely its delegates will be for him for that reason, if for no other. He is interested in the adoption of a conservative platform.

Postoffice Clerks Reduced.

Columbus, July 1.—(Special).—An order was received from the postal department at Washington yesterday cancelling the promotions granted to 13 clerks in the Columbus postoffice, the explanation being made that the number of clerks authorized by congress had been exceeded, making necessary a reduction. Under the order some of the clerks will suffer a loss of \$100 in pay. Cancellations in other cities are expected.

NEAL ONCE MORE HEADS THE LIST

Lounds Is Second in the Competition and Anderson in the Third Place.

VOTES COME IN STEADILY

The voting of yesterday was lively and long continued. Big bundles of votes that would make basketfuls were coming in the greater part of the day. When the totals were footed up it was found that Neal was once more at the head of the list with Lounds and Anderson respectively in second and third places. It is likely, judging from the past, that some of these positions will be changed in the next few days. Certainly the coupon collecting business is going to be exceedingly active during the present month. The close of July will bring the close of the contest, and all of East Liverpool, as well as many outside localities, is deeply interested in the outcome.

The following candidates have received 100 votes or more:

Thomas Neal, Riverside Park.	28,821
Thomas Lounds, Fourth street.	28,735
J. E. Anderson, Lincoln avenue.	28,575

You are paying \$15.00 a month rent; your neighbor is paying \$15.00 a month on his property. In ten years you will have 120 rent receipts representing \$1800.00 of your hard earned money. Your neighbor will have a deed free and clear from all encumbrances for his home worth perhaps \$2500.00. You paid \$1800.00 out and have nothing. He paid \$1800.00 out and owns his home which meanwhile has grown in value. He has \$2500.00 to his credit in property; you have nothing. You earned \$3.00 per day. He earned \$3.00 per day. You had a wife and family. He had a wife and family. You had sickness of yourself and family. He had sickness of himself and family. You had no work part of the time. He had no work part of the time. You had to meet your \$15.00 rent monthly. He had to meet his \$15.00 payment monthly. Had you failed to have paid your rent you would have been ejected. Had he failed to make his payments he would have taken advantage of the Grace in his Contract.

Who is the wise one?
Who is the foolish one?

We're after your case.
We want to help you.
Give us opportunity.
We'll do it.

If you are at all intelligent you will see our point. It is not what you spend your money for, but how you spend it. Clothes and food are legitimate expenditures of money but if someone offers you a way that you can buy clothes and food and receive back your money would you not avail yourself of it? Why then not take the same plan when it is offered you in that other essential of life, a shelter, a home.

We make the offer and are
Waiting to hear
from you.

WITH THE WORKMEN IN THE CLAY PLANTS

ARTISTIC POTTERY.

Persons who are skilled in the painting of flowers and in the invention of decorative patterns will buy bowls and vases of French porcelain, paint upon these, as upon panel or paper, with pleasing results; but these are not to be considered in making decorative pottery ware. The really artistic potter is he who makes his vessel complete with a view to its subsequent decoration, and decorates it afterwards, with a view to its make; holding both processes in his hands. The complex character of the paste used by some potters, and the tendency in all cases away from the simpler work of old times with natural clay, used nearly as originally found, has caused in America, as in Europe, and, perhaps in the east, an inclination to find hard pottery, and the reverse.

Thus there are among the wares to be named some which are certainly porcelain; and these remind one of the cheaper Chinese ware, "The Canton" and "Nankin," those which have been exported for many decades from China to western lands, and which are certainly of the nature of the porcelain, however non-transparent they are, and however coarse and commonplace in their make and decoration. Pieces of American make, of very refined treatment, have somewhat the same character of a very hard ware fired at high temperature and capable of enduring almost any extent of table service.

A WESTERN PLANT.

The work of erecting a large pottery on the Pacific coast will soon be started. The plant will be located near Stockton, Cal. The man who will superintend the construction of the work is J. W. Platt, of New Jersey, and he is now on the ground perfecting his plans. A new site will be selected for the sanitary ware pottery. It is the belief that it will not be built on the site of the Stockton Brick & Pottery company, recently destroyed by fire, but upon a different site, just south of the Pacific window glass factory. It is claimed that the pottery will be the only one within hundreds of miles. A late report is to the effect that all the skilled operatives will be imported, mostly from Scotland. The intention is to have the plant running by next fall.

ENGLISH CONDITIONS.

The potting trade of the Staffordshire, England, district remains in much the same condition, says the Sentinel. The demand for flat ware is well maintained in most markets, and toilet sets are freely inquired after, but there is a general decline in respect of electrical fittings, trade in this department ruling flat. The American market shows signs of improvement and a better business is reported in most branches. The state of employment indicates that pressers average fully five days per week. Sanitary pressers report no change from last week, and flat pressers are working more regularly, and printers and transferers are very busy.

NO. 9'S MEETING.

The special meeting held yesterday afternoon by the kludmen, local No. 9, for the purpose of voting on the course of the Brotherhood in relation to the demands recently made, was very largely attended. The result of the vote in this local will have much to do with the course of the Brotherhood, owing to its large membership. The taking of the vote was completed yesterday evening, but the result was not announced. Only those who presided at the election are aware of the result and they will maintain a strict secrecy until Friday when the conference committee are to meet again.

FIRE TRIALS.

An eastern writer has the following to say concerning the controversy over fire trials of feldspar:

"In relation to the 'only apparatus in the world that will test flint and feldspar in 20 minutes,' dental furnaces have been used for the past 10 years for trials of feldspar. It can be fused in less than 20 minutes. Such tests, however, would be of no value to the potters. They bring the heat in their kilns up gradually to say 3,000 degrees F., keeping it as near that point as possible for at least 20 hours. These dental furnaces cost about \$50."

WILL EXHIBIT HIS FIND.

Samuel McAdoo has one of the pieces of sewer pipe unearthed at the Calumet plant, Toronto, while excavating for the C. & P. double track and will send it to the World's fair at St. Louis, where it will be placed on exhibition and compared with the present day methods of manufacturing pipe. The piece owned by Mr. McAdoo was made in Toronto by McFadden & Carville over 50 years ago and was used in

BRADSHAW HAS RESIGNED.

The announcement has been authoritatively made that A. C. Bradshaw, superintendent of the Bradshaw China company, Niles, O., has tendered his resignation to the firm to take effect July 15. Mr. Bradshaw is well known in this city, where he has a host of friends. For the present he will travel and visit with relatives in the east. E. B. Bradshaw, formerly connected with the Niles plant, is in the city on business.

THE LAW SUSTAINED

Engineer at Zanesville Fined for Working Without a License.

Robert Orin, state secretary of the U. A. S. E., has received official notification of the arrest and conviction of Frank Bowen, of the T. B. Townsend company, a brick manufacturing establishment of Zanesville.

Two months ago Joseph H. Ebricht, state examiner, was compelled to arrest Bowen for running the engine without a license. He was fined \$10 and costs. The company then employed another unlicensed man, and the same proceedings were entered against him. He received a like sentence. It is said the defiance of the law was not sanctioned by the men, but that the Townsend company persisted in the stand that the law was not constitutional, the concern paying the fines and causing the cases to be carried up.

The decision of the lower court was sustained by Judge Kennedy, of the common pleas court, but the company continued to harass the examiner and defied the law by keeping incompetent and inexperienced men at work.

Three charges were filed in the police court this week and the three men were again fined the minimum penalty, which is \$10 and costs.

There are several cases in this district that will receive attention at the hands of J. A. Manning, deputy examiner.

WABASH WANTS GROUND

A Big Verdict in Proceedings Against Mrs. Stewart at Toronto.

Stuebenville, July 1.—The long fought case of the Wabash against Amanda Stewart et al., of Toronto, ended at midnight, when the jury, after eight and a half hours' deliberation, reached a verdict. It was the hottest fought case of all those that have come before the court and probably in no case in the courts has the testimony been so conflicting.

When it was all over and the jury had agreed upon a verdict the following is what it awarded the Stewart heirs: For land taken, \$2,508; damage to residence, \$617; total, \$3,125.

The plot of the Wabash shows that it wants the ground for yards, in which it will build six tracks. The price agreed upon is considered too large by the Wabash and the case may be fought over again.

THE JAMES BOYS MADE HIM DANCE

Actor Frank Bell Relates An Interesting Story of An Adventure.

'WAY OUT IN MISSOURI

He Did the Terpsichorean Act as Never Before in His Life—When Nearly Half Dead Was Rewarded By a \$20 Gold Piece.

Senator Frank Bell, who is playing with the vaudeville show at Rock Springs theater this week, is an interesting character. Mr. Bell is nearly 30 years of age, and served over three years in the rebellion. He has been in the theatrical business all his life, and has an enviable record for originality. Senator Bell's experience has

ing of going to work—at blacksmithing or something else—when I ran across an 'angel' with \$500 to squander in the show business. I immediately cultivated his affections. He yearned to appear on the stage himself and was willing to risk his \$500 provided he got the opportunity to distinguish himself. Well, I got a friend of mine to teach him a few sleight-of-hand tricks and I organized a company composed exclusively of ourselves and started out to tour rural Missouri. My 'angel' was billed as 'Professor Martineau,' and I was 'the wonderful wooden-shoe dancer, the marvelous black-face mimic,' and several other things equally attractive.

"One night we gave a show in a little hillside town to an audience of about fifty people. Our receipts were exactly \$6.85. I was removing my makeup, in a very disgusted frame of mind, when I heard the noise of approaching horsemen. They drew rein in front of the court house, in which we gave our performance, and without ceremony came running up the steps. They threw open the door of the coroner's office (my dressing room) and entered.

"SENATOR" FRANK BELL.

been varied and eventful. He has lived "on the top of the pile," and at times in his early career was compelled to hit the turf with the commonest sort of barnstormers.

His first big success was made in the character of "Rube Whipple," the town constable, in "Way Down East," when he distinguished himself and made a tremendous hit not only in the character laid out in the play, but in the original and very funny song, "All Tied Round With a Woollen String." Mr. Bell has been everything from an acrobat to the leading man in a mushy love drama.

At the close of the civil war he entered the minstrel field and was identified with some of the most celebrated aggregations of that day. Bell was the first man to revive "The Essence of Old Virginia" and make it go. This was accomplished in John Brougham's play, "The Lottery of Life." Mr. Bell afterward went into the legitimate drama, in which he usually played character parts. Now he is back to the specialty stage again.

Mr. Bell has an enviable war record. At Fredericksburg he was wounded and still carries the bullet in his head. He enlisted at Cuba, N. Y., on August 4, 1861, and served throughout the war. He was a member of the First Pennsylvania Rifles, better known as the Old Bucktail Regiment, Pennsylvania Reserves, Hancock's corps. He is a great admirer of his old commander, General George B. McClelland.

His wide and varied experience in all parts of the country is naturally productive of interesting reminiscences upon the part of Senator Bell.

SUPERIORITY OF AMERICAN WOMEN

By M. LAZARE
WEILLER, French
Statesman

IN France, under pain of being considered a member of the Academy of Moral Sciences, one would not dare to discuss with a woman anything other than dress, the theater, novels, gossip or love. IN THAT PREFERENCE FOR FRIVOLOUS SUBJECTS THERE ARE AT ONCE WISDOM AND CONTEMPT.—wisdom, because any one who attempts to please the women must speak of things which they understand; contempt, because the man acknowledges that the women cannot comprehend the subjects which interest himself.

In America it is entirely different. In most cases there IT IS THE WOMAN WHO ABSTAINS FROM APPROACHING CERTAIN SUBJECTS BECAUSE SHE FINDS THEM TOO HEAVY FOR THE MEN. There it is not rare for a mature man to be forced to defend himself, foot by foot, against a young woman. In these conversations she employs many new words and original expressions, proving the intensity of the reflections and the depth of the thought in her pretty little head.

EAST END

DRUNKEN MAN ASLEEP ALONG THE TRACK

James Carr Had a Dangerous Resting Place and Was Taken Into Custody.

James Carr grew tired and weary last evening under the load of booze he had accumulated and lay down to rest along the railroad track a short distance east of the plant of the Pottery Mining & Milling company. He was too drunk to realize the peril surrounding the resting place he had chosen and in a few moments he dropped off into a drunken sleep.

Several people returning from work saw him lying in an apparently unconscious condition, with his body perilously near the rails, and notified the East End police station. Officer Spence was dispatched to the scene and after a great deal of hard work succeeded in restoring the sleeper to a proper appreciation of his surroundings. He escorted Carr to the station where a call was sent in for the patrol and Carr was taken to central station. He will answer to a charge of drunkenness this evening.

CHILD ILL OF FEVER

Little Daughter of John Crawford Seriously Ill and the Home Has Been Quarantined.

Scarlet fever has been the cause of a great deal of suffering and annoyance in the home of John Crawford, a highly respected colored man, living in Sandy Bottom and for several days it was feared that in one case the disease would terminate fatally. Mrs. Crawford underwent a siege of the disease and a short time after her little daughter was stricken. The house has been under quarantine for several weeks and as Mr. Crawford has been subject to its regulations he has had no opportunity of providing for his family.

The little girl was seriously ill for a number of days but lately she has shown an improvement and is in a fair way to recover. Sanitary Police-man Burgess, who has been in charge of the premises as the representative of the health department, has seen that the little sufferer has not wanted for the proper nourishment.

A False Alarm of Fire.

An alarm of fire, the first in several weeks, was turned in to the East End station yesterday afternoon from box No. 12, at Harker's pottery. Both the East End and central station departments responded. The alarm proved to be a false one and was turned in by a small boy who so far has escaped detection. The youth entered the office of the Harker Pottery company, where the key is kept, secured the key and pulled in the box. He had disappeared before the firemen arrived.

Left for England.

Joseph Webb, of Mulberry street, employed in the packing department of the United States Pottery company, Wellsville, left yesterday afternoon for New York to take passage on a vessel bound for England. Mr. Webb was born and raised in England and his parents and other relatives still live there. In the past 27 years Mr. Webb has spent but three weeks with the old folks and he is anxious to pay them another visit. He will remain in England about two months.

Preparing for the Fourth.

The people of the East End are making preparations for the enjoyment of the Fourth of July. By that time the potters, with very few exceptions, will have finished up for the midsummer loaf and will be at liberty to spend the day as best suits them. Quite a number will join one of the numerous camping parties while others will take in the picnics, ball games and horse races.

EAST END AFFAIRS.

O. S. Chevalier and Edward Buck-A daughter was born yesterday to Mr. and Mrs. W. A. Geer, of St. George street.

Mrs. D. F. White and children have returned from a visit with relatives at Carrollton.

Dr. C. C. Taylor, of New Waterford,

is the guest of his brother, Dr. M. W. Taylor, of Mulberry street.

Fan American Court, Tribe of Be-Hur, will consider seven applications for membership at its meeting Monday night.

George Harris, of the East End street department, is confined to his home on Elm street with an attack of cramps.

Mrs. Edward Bramford, of Catholun's addition, is planning for a visit to her old home in England. She intends starting upon the trip about the middle of July and will spend the remainder of the summer in the old country.

CLEANLINESS WILL BE ENFORCED

Board of Public Service Sending Out Notices to Numerous Property Owners.

That the board of public service is sincere in its expressed intention of cleaning and keeping clean the street and alleys of the city is evidenced by the large number of notices to property holders it has caused to be issued through the street commissioner, Frank Dickey. These notices were received by nearly every owner of property within the city limits where the city ordinance concerning the obstruction of streets, alleys and sidewalks was being violated. The names were taken on the recent tour of inspection made by the board and from the observations of the street commissioner.

The notices are very explicit as to the nature of the violation and there is an accompanying foot note to the effect that the street commissioner will see that the law is complied with if you have received one of the notices, comply with it at once. Don't wait for your neighbor to act, as unpleasant complications may result. The board of public service has instructed him to see that the notices are obeyed and he will not be slow in taking drastic measures with those who are dilatory.

Upon the notices appears the statement that all streets and alleys must be kept clean. Manure boxes in the alleys, now very numerous, will not be permitted. Obstructions to the streets and alleys are not alone confined to ashes and rubbish in the eyes of the board, but wagons, carts and other vehicles must be removed.

Several places in the city where dirt comes down onto the sidewalks from the hillsides have come to the notice of the board, and the owners of the property must keep the walks unobstructed. Last winter these small landslides made the walks at several points almost impassable for pedestrians.

A Surgical Operation.

is always dangerous—do not submit to the surgeon's knife until you have tried DeWitt's Witch Hazel Salve. It will cure when everything else fails—it has done this in thousands of cases. Here is one of them: "I suffered from bleeding and protruding piles for 20 years. Was treated by different specialists and used many remedies, but obtained no relief until I used DeWitt's Witch Hazel Salve. Two boxes of this salve cured me 18 months ago and I have not had a touch of the piles since."—H. A. Tisdale, Summerton, S. C. For blind, bleeding itching and protruding piles no remedy equals DeWitt's Witch Hazel Salve. Sold by Alvin H. Bulger.

KIDNEY TROUBLE CURED.

General Health Greatly Improved by Pe-ru-na.

MRS. M. J. DANLEY.

Mrs. M. J. Danley, Treasurer of the Rebecca Lodge, I. O. O. F., writes from 124 First street, N., Minneapolis, Minn.: "I was afflicted for several years with kidney trouble which became quite serious and caused me considerable anxiety. I spent hundreds of dollars trying to be cured, but nothing gave me any permanent relief until I tried Pe-ru-na. It took less than three months and only ten bottles to effect a permanent cure, but they were worth more than many hundreds of dollars to me. I am fully restored to health, know neither ache nor pain and enjoy life."—Mrs. M. J. Danley.

This experience has been repeated many times. We hear of such cases nearly every day.

Mrs. Danley had catarrh of the kidneys. As soon as she took the right remedy she made a quick recovery.

A Prominent Southern Lady's Letter.

Miss Laura Hopkins, of Washington, D. C., niece of Hon. E. O. Hopkins, one of the largest iron manufacturers of Birmingham, Ala., writes the following letter commending Pe-ru-na. She says:

"I can cheerfully recommend Pe-ru-na for indigestion and stomach trouble and as a good tonic."—Laura Hopkins.

Pe-ru-na cures catarrh wherever located. Pe-ru-na is a specific for the catarrhal derangements of women. Address The Pe-ru-na Medicine Co., Columbus, Ohio, for free book on catarrh written by Dr. S. B. Hartman.

LARRINGTON IN CLAYTON JAIL

Declares McCann Is Alive, but Remains in Hiding for Certain Reasons.

St. Louis, July 1.—F. Seymour Barrington, confined in the county jail at Clayton on the charge of having murdered his friend and benefactor, James H. McCann, continues to declare his innocence.

"Jim McCann will show up," Barrington declared, "and when he does I will make those who called me his murderer sweat blood."

The prisoner said that he knows McCann is alive, but that for certain reasons he is remaining in hiding, and even though he sees the newspaper accounts of his probable murder he will not return to St. Louis to disprove the murder theory.

Detectives dragged the pond and searched diligently all day for the clothing of the victim, whose body was nude when discovered. The features of the dead man were so completely effaced that the first impression that putrefaction had wrought destruction is giving way to the belief that the person or persons who killed McCann cut off his face to conceal his identity and relied upon the action of the stagnant water to obliterate the evidence of the barbarous cutting. The body was buried in St. Peter's cemetery as that of James F. McCann.

Diphtheria relieved in 20 minutes. Almost miraculous. Dr. Thomas Electric Oil. At any drug store.

CRUSHES OUT THE LIFE

The most loathsome and repulsive of all living things is the serpent, and the vilest and most degrading of all human diseases is Contagious Blood Poison. The serpent sinks its fangs into the flesh and almost instantly the poison passes through the entire body. Contagious Blood Poison, beginning with a little ulcer, soon contaminates every drop of blood and spreads throughout the whole system. Painful swellings appear in the groins, a red rash and copper-colored spots break out on the body, the mouth and throat become ulcerated, and the hair and eye brows fall out; but these symptoms are mild compared to the wretchedness and suffering that come in the latter stages of the disease when it attacks the bones and more vital parts of the body. It is then that Contagious Blood Poison is seen in all its hideousness. The deep eating abscesses and sickening ulcers and tumors show the whole system is corrupted and poisoned, and unless relief comes soon this serpent disease tightens its coils and crushes out the life. The only antidote for the awful virus is S. S. S. It is *nature's remedy*, composed entirely of vegetable ingredients. S. S. S. destroys every vestige of the poison, purifies the blood and removes all danger of transmitting the awful taint to others. Nothing else will do this. Strong mineral remedies, like mercury and potash, dry up the sores and drive in the disease, but do not cure permanently. Send for our home treatment book and write us if in need of medical advice or special information. This will cost you nothing.

BLOOD POISON

On account of its terrible effects, blood disease is called the king of all diseases. It may be either hereditary or contracted; so while it may not be a crime to have the disease, it is a crime to permit it to remain in the system. It may manifest itself in the form of Scrofula, Eczema, rheumatic pains, stiff or swollen joints, thickening of the skin, eruptions or blotches, ulcers in the mouth or on the tongue, sore throat, falling out of hair, disordered stomach, and a general depression of the system. If you have any of these symptoms don't neglect yourself. You have no time to lose. Beware of "old fogey" treatment—swarms of mineral poisons—swarms of Quacks and Fakirs. OUR NEW METHOD TREATMENT is guaranteed to cure this disease, never to return. Bank Bonds will protect you. Our treatment is not in any way, but reaches the very root of the disease and eliminates all poison from the system. The symptoms of disease gradually disappear. The blood becomes pure and enriched, the whole system is cleansed and purified, and the patient feels recovered anew for the work and the pleasures of life. CURES GUARANTEED OR NO PAY. 25 Years in Ohio. 250,000 Cured.

One of the most amazing features of the phenomenal business activity now prevailing in the United States is the consuming power of the American people. For several years the output of manufacturing establishments and all the processes of production have been at high tide. Conservative observers declare that the pressure was too high and could not long be continued. Their predictions of a reaction have not yet come true. In few important lines is production curtailed. Perhaps there is no better indication of the steady flow of the current of trade at the high water mark than the earnings of the railroads. Last year's traffic was so great that many believed the climax had been reached. Notwithstanding floods

and strikes, most railroads show an increase of gross earnings over last year. In May twenty-one leading roads showed an increase of net earnings of 29 per cent. This is more remarkable since the increase of rates has been less in proportion than the increase of operating expenses due to higher wages. The good showing is made possible only by a great volume of traffic, freight and passenger.

There are signs that Tom L. Johnson will have to struggle for the empty honor of leading the Ohio Democracy this year. There are still a few Democrats in the state who are a little particular about the kind of bosses under whom they are expected to serve.

When a big railroad with one end in Cleveland and the other in Pittsburgh comes to East Liverpool to do its banking business it speaks volumes for the stability of local financial institutions and the confidence of business men therein.

Farm hands in Kansas can make \$70 a month and board, and still the supply is short. Kansas is unfortunate in not being reached by the Ben Hur.

Uncle Sam paid out \$506,000,000 during the fiscal year just closed and still accumulated a surplus of \$52,000,000. J. P. Morgan is not the only expert financier.

The heavy rains are bad for some kinds of crops. The production of base ball scores isn't half what it might be but for their interference.

The powers seem to have decided to let King Peter have his job as long as he can hold it. Nobody else wants it.

A Kentucky philosopher has produced this aphorism: "To shoot is human; to forgive, a crime."

Tooth Brush Economy

We have tooth brushes for ten cents that are sold for double the price in some places. Extra good ones for fifteen cents, splendid values for the money, but we do not urge the sale of any of these because real downright economy comes in buying something a little better. We would advise you to pick a brush costing 25 cents or more for two reasons:

First, your teeth are worthy of the best brush made. The better the brush the more perfect its work.

Second, the higher grade brushes are guaranteed to give long and perfect service.

TALE OF SMOKY ISLAND

Encroachments of Great City Has Absorbed It.

SCENE OF INDIAN DEVILTRY.

Captives of Red Men Burned at the Stake—Their Agonized Cries Make Music for the Savages—Ball Ground Located on Site.

Pittsburg bears the name of the Smoky City, and is proud of her dusky covering, for it means millions of wealth. Just at the mouth of the Allegheny river, on the north side, there used to be an island which bore the very appropriate name of Smoky Island. The changes brought about by the shifting river sands and the encroachments made by a growing city, long ago wiped out this famous island, so that what part of it may now be left is a part of one of the lower wards of Allegheny City. When along about 1750 the English first came to the forks of the Ohio, Smoky Island was, because of the prominence of its location, a noted feature in the upper Ohio topography. In 1754 Fort Duquesne was built across the river from it by the French. Here they kept a garrison of varying strength, and the strange sight was seen by the chance passerby of the Illies of France floating where now is the heart of America's greatest industrial region.

In 1775 came General Edward Braddock, with his army, to capture Fort Duquesne. He had given himself at the outside calculation three or four days to accomplish the reduction of the works; but, alas, he was never even to rest eyes on its walls, for he met his sad defeat, and received his mortal wound, 10 miles from the fort, on Wednesday, July 9, 1755. His army was utterly destroyed, only a few score of wounded or panic-stricken fugitives succeeding in escaping from the bloody field of death. About a score of his Highland soldiers, of Dunbar's or Holkitt's regiments, ignorant of savage war customs, surrendered amid the awful rain of death that July day. When all the wounded had been slain, and all the dead scalped, the victors set off on their return to the fort. About 6 o'clock in the evening they arrived before its walls. At once preparations were made for a horrible orgy. Twelve of the captives remained, the rest having been tomahawked on the journey from the battlefield. This dozen of poor fellows had been stripped naked and their faces painted black. On their arrival at Fort Duquesne, when they saw the French officers, they took heart, but were informed that they were prisoners to the Indians, and that the Europeans, while deeply sorry, dared not interfere with their savage allies.

Just as evening was bringing to an end that fatal day the redskins, in savage glee over their great victory, took their wretched captives in canoes across the Allegheny river from the fort to Smoky Island. Here fires were lighted and a stout post was set in the ground. The little group of doomed men had come by this time to understand what terrible fate was really in store for them. The savages took one of their number and tied him to the post, building the hot piles of fagots up all around him. A prisoner who was in the fort, a Pennsylvania lad of 18 years of age, was a witness to this tragedy, and has left a journal in which he records the events.

The doleful cries of the first victim roused all the devilry in his captors, who began a fearful process of torture, under which the victim after a time gave way. When death arrived to ease him the poor charred body was rolled aside and a second prisoner was bound to the stake. Thus, one by one, these poor fellows were sacrificed. Little had they thought when they set out from Cork that previous winter how they would with their dying agonies furnish fiendish carnival for such a crowd of savages. Through the long night the orgy continued till the last victim was dead. And all this took place no longer ago than 1755, right on the site of the old exposition in Allegheny, just about where the ball games are now played. In the closing years of the Revolution Chief Killbuck and his followers, that portion of the Delaware tribe which was loyal to the American cause, came and took up their residence on Smoky Island, where they long lived in safety under the protecting walls of Fort Pitt. Long ago the island disappeared, till now Smoky Island is but a name of what once was.

C. L. SMITH.

Passing of the Indian Canoe.

The most beautiful and graceful craft which ever floated on the bosoms of our broad rivers was the light birch or pine canoe of the Indians. It was the true swallow among boats, a neat, trim figure of a craft, with easy power of motion, great speed and a remarkable carrying capacity. It was simple in construction and quite durable, considering its lightness. But it has gone forever from these waters. Many long years have passed since the last one was seen here, and never will there be seen another. They were typical of their age and makers.

Fair Exchange.

An American lady was being escorted by a British army officer through a certain museum in London. With pride he explained how England's military prowess was portrayed by the circumstances connected with some war relics they saw, when, with a smile of supreme triumph, he pointed to a small cannon, saying, "That gun, I am sure, was captured from your army at Bunker Hill."

To this the lady quickly replied: "Well, captain, you are welcome to the gun; we've got the bill."

WELLSVILLE

NARROWLY ESCAPED
LOSS OF FRANCHISE

Tri-State Gas Company Attacked By
Wellsville Council—Present
Rates Fixed for 5 Years.

At a meeting of city council last night an assault was made on the Tri-State Gas octopus and it narrowly escaped losing its franchise. As it ended, the price of gas was fixed for five years at 25 cents per thousand cubic feet with a five per cent discount on all bills paid by the 15th of each month.

An ordinance was introduced to revoke the franchise, but it lost under a suspension of the rules. Councilmen O'Grady, Anderson and Bissett voting to take away its right to do business here. The discussion attending the vote on the measure was lurid and the gas company was hauled over the coals at a lively rate. When the ordinance to revoke the franchise failed, the other regulating the price of gas for the next five years was introduced and passed without a dissenting vote. The board of public service yesterday agreed to issue no more permits to the gas company, at the request of council, and at the meeting last night the company was ordered to make immediate repairs on the streets it has recently torn up for the purpose of laying pipe.

A PRIZE IS OFFERED

Most Attractive Wagon in the Parade
Will Win \$25 in
Gold.

The Fourth of July celebration committee has decided to offer a prize of \$25 in gold for the most attractive wagon in Saturday's parade. New features are constantly being added to the program, and altogether the outlook for the success of the affair is most rosy.

One of the novel features will be the liberation of 500 balloons from different points in the city on the night of the Fourth. Manager Healy, of the street railway company, has agreed to furnish a free trolley car to bring the East Liverpool band to this city—the intention being for the musicians to give a short concert on the diamond before starting and to play en route to Wellsville.

AN \$8,000 RESERVOIR

Asked of Wellsville as a Reserve and
Emergency Source of
Supply.

A proposition was sprung on council last night by Monroe Patterson, of the Wellsville China company, and W. L. Smith, of the Smith & McNicol pottery, who asked council to build an \$8,000 reservoir in the rear of their premises, to be used as a second or reserve supply of water in cases of emergency. Both made speeches, but the proposition was not altogether favorably received. Council promised to go and look over the ground next Monday.

The city is just now in the throes of spending about \$75,000 for a new water works system and hardly in a mood for an additional reservoir question.

Little Walter Allen, Who Was Drowned
in the Ohio, Was an
Only Child.

H. A. Allen arrived here last evening from Neville Island and upon being shown the body of the little boy found floating down the river yesterday morning, at once pronounced it that of his nephew, Walter Vardy Allen, who fell in the river last Thursday while playing near the home of his parents and was drowned and swept away before the very eyes of a playmate. Although every inch of the river

bed contiguous to the island was systematically dragged, the body of the little one escaped the hooks and was never seen until discovered by Mrs. Willis and her husband, who live in a house boat at the foot of Twenty-second street.

Mr. Allen stated that the boy was an only child and that the parents have been well night distracted since the accident. Thousands of bills and notices have been sent to all the down river towns, giving a description of the boy, but it remained for the humble occupants of the house boat here to discover and recover the body. Mr. Allen, the uncle, is an undertaker, and he so arranged the remains that they could not be seen when they reach home, decomposition having so destroyed and distorted the features as to make them wholly unrecognizable. He left with the body last night for Neville Island, where the funeral will occur today.

Shook Things Up.

A gasoline engine used for making ice cream let go with a Fourth of July detonation yesterday in the basement of Oscar Seeman's confectionery, shaking things up in a lively manner and making the rafters rattle. Fortunately no one was in the basement at the time, and aside from the engine, a few broken window glass was all the damage done.

Contracts to Be Let.

The water works trustees, in regular session yesterday afternoon, examined plans for the new water works building to be constructed here and decided to advertise for bids for its construction as well as for the sinking of an immense well and the building of a tunnel from the river to the building.

THREE TEST WELLS
ON THE HADLEY FARM

Promising Oil Territory on Which
Drilling Began This
Morning.

Work was commenced this morning on the first of three test wells to be put down by the Chester Oil & Gas company on the Edward Hadley farm. The land lies one mile southeast of the town of Chester, and is one of the most promising spots in the county.

Practical oil men were over the territory under lease on Monday, and the location of the three wells is the result of their work. It is announced that the company will thoroughly test the land included in its lease, and that the prospects for a good find are very good. Stewart Bros., who are interested in a financial way in the company, have secured the contract for the development of the territory, and their apparatus was moved to the spot yesterday.

MENACE TO HEALTH

A Nuisance Which the Town Authorities Will Be Asked
to Abate.

It has been nearly two weeks since the council took action with reference to the nuisance which is permitted to exist about the big elm tree, just east of First street in Chester. Complaint was made to council by residents of the vicinity at the last meeting, and the head of the street department was instructed to notify the owners of the lot.

The enterprising shop keepers of Chester at some time in the past had erected a hitching rack about the tree, and horses were hitched there while their owners were in East Liverpool or about their business in town. The ground has gradually worn away until there is a deep trench at the spot, extending the entire distance around the tree. In this hole stale water and all kinds of filth is permitted to stand until it either soaks into the earth or evaporates. The condition is a menace to the health of the community, and the residents are determined to have it abated. The matter will likely be brought to the attention of council once more when it meets this week.

NEW CHURCH BUILDING

Presbyterian Board Will Meet Friday
Evening to Open the
Bids.

The official board of the Chester Presbyterian church will meet next Friday evening for the purpose of opening the bids for the construction of the new church of that denomination, on Indiana avenue. It is not expected that many bids will be received, as many of the contractors of the vicinity have already contracted for as much work as they can complete during the summer. The carpenters' strike in the early spring seriously interfered with the progress of building this season and it will take nearly a year for the big contractors to catch up with their work.

The church officials are determined to begin the building operations at the earliest possible moment, and if the figures are reasonable at all the contract will be let Friday.

Manager Maxwell, of the park, is away on a business visit today. He will visit Toronto, Steubenville, Bowers, Uhrichsville and Dennison before returning. Excursions from all these towns will be run some time during the coming season. During Mr. Maxwell's absence the park is under the care of Leroy Orr.

Painters Now at Work.

The work of painting the summer theatre was begun this morning by a large force of men under the direction of Contractor Dinerstein. The several buildings which were constructed during this season have been standing for some time without paint, and it is now the intention of the management to hustle through with the work.

CHESTER NOTES.

A son was born to Mr. and Mrs. Frank Oliver, of Fourth street yesterday.

H. P. McGregor, a pottery merchant of Wheeling, was in Chester yesterday. He placed a number of orders for ware with the plants on this side of the river.

It is not known at this time whether the assignment made by A. J. Thrasher, of Pittsburg, will affect the Chester Grocery company. Mr. Thrasher is a stockholder of the latter company.

Mrs. Wakeman and Mrs. McClintock arrived in Chester yesterday from Co. rapolis. The ladies have many relatives in this community and will visit in the vicinity for some time.

David Lewis arrived in the city today from Chicago. He has been employed as a bookkeeper in the Windy City, but has secured employment here and will make his home with his mother in Chester.

Editor, manager, compositor and pressman, Harry Moore, of the South-side Citizen, is hard at work fitting up his new quarters at First street and Virginia avenue. He is unable to state when the first issue will be out.

The street department is doing everything possible to hasten the completion of the street paving work in Chester, and until this is done there seems to be no relief from the cesspools which form in the streets after every rain.

Oscar O. Allison, of the firm of Allison & Hobbs, the popular merchants, arrived home from Battle Creek, Mich., yesterday. Mr. Allison has been taking treatment at the sanitarium there for the past two months. He is greatly improved in health.

REALM OF SPORTS

TWO INNINGS
OF A BIG GAME

The Elks Contest Adjourned By Rain, With East Liverpool Considerably Ahead.

By far the greatest base ball game ever played in this city was the one started in West End park yesterday afternoon by the local Elks and a team of that order from New Castle. At the end of the second inning the umpires called the battle off owing to a drenching rain. The score at that time was 4 to 2 in favor of the home boys.

Fully 500 fans, all admirers of the local team and not a few who were boosting the visitors, were in the grand stand at 3:30 o'clock. They followed the two teams from the diamond when they marched, headed by an elegant brass band, the entire distance. The demonstration made by the marchers was watched by one continuous crowd all along the line of parade. The visiting Elks were out for a good time and they showed it well on the way to the battle ground. It may have been a good time that they got at the park, but not the kind that Crocker City people call pleasure. The game went too far the other way to give them much fun, but they might have enjoyed the real artistic stunts of the locals and maybe they were just as well contented.

The feature of the two short innings both played while rain drops poured over the grounds, was the twirling of George E. Davidson. Every one remembers well when he was the crack pitcher of the city and those older times were recalled when he started in on the visitors. Though they got five hits he struck five of them out in the two innings. Had he continued at the same rate he would have made an unequalled record. The score though short was as follows:

Hanlon-Yanger Fight a Draw.

San Francisco, July 1.—The Hanlon-Yanger fight at the Mechanics pavilion ended in a draw at the end of the twentieth round. Referee Ed Smith being unable to choose a winner between the game little featherweights. The fight was one of the fiercest ever seen in this city. Both men fought with a vim from the tap of the bell in the first round until the referee gave his decision. Neither was able seriously to injure the other and the contest lasted the limit.

Reliance Wins Again.

Newport, R. I., July 1.—The Reliance scored another decisive victory over the Constitution and Columbia in a 15-mile thrash to windward and return. The Constitution won over the Columbia, but time allowance will probably give the latter second place. The new craft sailed the course in 7 minutes 2 seconds less time than the Constitution and 8 minutes, 1 second less than the older boat. The Constitution covered the 30 miles in 59 seconds less time than the Columbia.

Ryan Wins in Fourth.

Butte, Mont., July 1.—Tommy Ryan knocked out Jack Willie in the fourth round.

A little life may be sacrificed to an hour's delay. Cholera infantum, dysentery, diarrhoea come suddenly. Only safe plan is to have Dr. Fowler's Extract of Wild Strawberry always on hand.

Barbers Change Headquarters.

Indianapolis, July 1.—The headquarters of the Barbers' International union is soon to be removed to this city from Cleveland. The president of the international union, F. X. Noshang, of Albany, N. Y., will probably remain in his home city.

Hot Weather in Windy City.

Chicago, July 1.—Tuesday was the hottest of the year, the mercury reaching 90 degrees in the weather bureau, which means about 83 on the street. There were two deaths and five prostrations from the heat. Only one of the latter is serious.

"They may say what they please, but listen—hear me; I've taken all kinds of laxatives, purgatives and cathartics but when it comes to one that is easy and pleasant to take, mild and gentle in its action, and that makes one want an extra slice of bacon for breakfast, just give me Chamberlain's Stomach and Liver Tablets, and you may have all the laxative syrups, dyspepsia medicines and pills little or big, there is in this country. Them Tablets surely do make one feel joyful." For sale by Alvin & Bulger.

PORTO RICAN LAND

Ninety Thousand Acres in the Island Reserved by This Government.

ORDER SIGNED BY ROOSEVELT

Reservations Principally in Vicinity of Cities—Of Distinct Advantage to Porto Rican Government—Governor Hunt to Summer in Adirondacks.

Oyster Bay, July 1.—President Roosevelt has expressed his intention to witness the international yacht race between the American defender, Reliance, and the Shamrock III, to be sailed on Aug. 20.

Governor Hunt, of Porto Rico; Senator Long, of Kansas, and former Postmaster General Wilson S. Bissell, of Buffalo, were the president's guests at luncheon.

After a conference with Governor Hunt the president signed a formal order making reservations of lands in the island of Porto Rico for the purpose of this government. The action was taken under the provisions of a law passed at the first session of the Fifty-seventh congress, which authorized the president to make the reservations before July 1, 1903. All lands not reserved accrue to the island of Porto Rico.

In the aggregate more than 90,000 acres of land were involved. Under the old Spanish regime the title to these lands became so greatly involved that it could not be determined from any available records to whom they belonged. They could not be sold because the government of Porto Rico could not give a clear title to them. The enabling act passed by congress cleared the situation.

By the president's action reservations of the public lands are made for the war, navy and treasury departments and for the department of justice. Tentatively the reservations have been made for some time. It was felt by the people of Porto Rico, however, that the navy department and the department of justice were demanding reservations too large for their needs. This difference has been adjusted by the president quite satisfactorily to all concerned.

The reservations are principally in the vicinity of the cities, the largest with one exception being at San Juan. The exception is the island of Culebra, which is reserved entire for naval purposes. The reservations in and about San Juan are mainly for artillery fortifications under the control of the war department. Other reservations made will be utilized as sites for custom houses, light houses and buildings for the department of justice.

Governor Hunt is greatly pleased over the settlement of the long-mooted land question. It means, in his opinion, the rapid commercial expansion of San Juan and notable improvement of other cities. It is of distinct advantage also to the government of Porto Rico. About 90,000 acres of land will accrue immediately to the island government. It is expected that from the sale of lands the island will receive about \$500,000. This sum will be devoted largely to educational purposes.

Governor Hunt will not return to Porto Rico for about 60 days. Accompanied by Mrs. Hunt, he will pass the greater part of July and August in the Adirondacks.

Mutilated Body of Newsboy Found.

Rockford, Ill., July 1.—The dead body of Richard Tibbitts, a 7-year-old newsboy, was found in a deserted place a mile and a half from the city limits. The child had practically been disemboweled, the chest being split open as though with a sharp knife. In his throat was stuffed an old handkerchief. His hands were bound by his suspenders, which were tied in a hard knot. Beside him lay his unsold papers, a bag of candy and some pennies. The lad disappeared from his home eight days ago. A companion of his own age declared he had been drowned in the river three miles from where the body was found in this direction. Public feeling is intense.

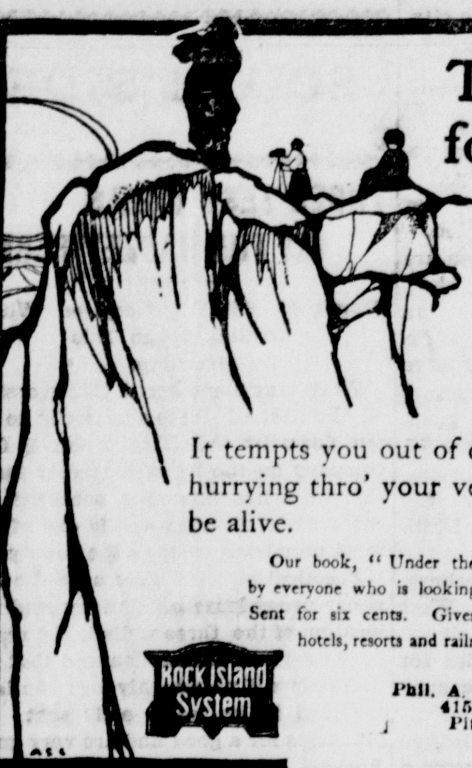

Kidnaped Child Returned.

Chicago, July 1.—Alice Furlong, the 2-year-old girl stolen from the doorstep of her mother's home a week ago, was restored to her parents and Hazel Avery, who kidnaped the child, was arrested. The woman confessed to the crime after telling a story of some tall, dark woman giving her the child. Apparently her only motive for the kidnaping was a desire to have a baby to care for and fondle. The police believe her to be mentally unbalanced.

Catarrh of the Stomach.

When the stomach is overloaded; when food is taken into it that fails to digest; it decays and inflames the mucous membrane, exposing the nerves, and causes the glands to secrete mucus, instead of the natural juices of digestion. This is called catarrh of the stomach. "For years I suffered with catarrh of the stomach, caused by indigestion. Doctors and medicines failed to benefit me until I used Kodol Dyspepsia Cure."—J. R. LEGAL. RESOLUTION.

To Regulate the Sale of Milk in the City of East Liverpool, State of Ohio, and to Require Milk Dealers to Obtain a Permit from the Board of Health of Said City.

First—No person shall bring or send into the city for sale, or sell, or offer for sale any milk without a written permit to do so from the board of health, which shall grant permits to all applicants on condition that they faithfully observe the laws, ordinances and rules for dealing in milk.

Second—Any permit so granted may be revoked by the board of health by written notice, when it shall appear that the party to whom such a permit has been granted, has violated any law of the state or ordinance of the City of East Liverpool, or rule of the board of health, relating to dealing in milk.

Third—Said permits shall be dated January 1st and July 1st of the year in which they are issued and shall be good for a period of six months from their date. The fee for issuing each certificate shall be fifty cents.

Fourth—Before obtaining such permit the applicant shall state to the board of health or its agent:

1. His name and place of business.
2. The number of cows, if any, owned by him.
3. The name and place of business of any and all persons from whom he purchases milk.
4. Naming amount of milk purchased and the daily amount of milk sold by him, as near as he can estimate the same. The clerk of the board of health shall keep a record of such statement for public inspection.
5. Any person violating any of the foregoing rules and regulations shall, upon conviction, be fined in any sum

not more than twenty-five dollars (\$25.00) and cost of prosecution, and said rules shall take effect from and after their passage and legal publication.

ORDINANCE 760.

An Ordinance Providing the Manner of Platting Sub-Divisions of the City of East Liverpool.

Section 1. Be it ordained by the Council of the City of East Liverpool, that whenever a proprietor of lots or grounds in the city of East Liverpool, who sub-divides or lays the same out for sale, submits a plat of the same in accordance with Section 2601 of the Revised Statutes of Ohio, to the City Council for approval, such plat shall be referred to the committee on streets for at least one week before a vote on its approval can be taken.

Section 2. Before any plat of land wherein any new streets or alleys are opened or laid out within the city limits, shall be recommended by the committee on streets, or approved by the City Council, such streets and alleys shall, as near as practical, be a continuation of streets and alleys already laid out, if there be any adjacent thereto; and no street shall be less than forty feet in width and all streets and alleys on such plat shall be properly defined by stone monuments set in the ground; the streets, alleys and lots so laid out shall be properly surveyed and numbered so they can be located from the stone monuments. All streams

or water courses, if any, shall be accurately indicated on the plat or map.

Section 3. All streets and alleys shall have grades prepared and plan of same made on mounted drawing paper, showing grades, lines, elevation or profile of surface, at time of preparing grade, with reference to City Datum, also all measures given and angles shown in degrees, minutes and seconds, so as to make a complete grade plan which is to be the property of the city if said plan is accepted.

Section 4. The plans and ordinances for said grades are to be prepared by the proprietor of said addition for acceptance by the City Council at the same time the plat of said addition is accepted.

Section 5. The expense of the publishing of grade ordinances is to be paid by the proprietor of the addition in which the streets or alleys exist, before Council's acceptance shall be deemed complete.

Section 6. Monument stones shall be placed at all angles in said addition on a five foot line of the streets, their location being shown on plan of said addition to be made on mounted drawing paper, which plan is to be the property of the city and to be left in the office of the City Engineer.

Section 7. All plats submitted, wherein new streets or alleys are laid out to be dedicated to public use, or in which any park or other places are laid out to be dedicated to public use, shall be accompanied by a certified abstract of title to date, which abstract shall show the proposed streets, alleys, parks, or other public grounds to be free of all incumbrances.

Section 8. It shall be competent for the committee on streets to examine and recommend any such plat or allotment to the person making the same, to the effect that whenever the streets and alleys have proper grades, and the water courses are properly bridged, etc., as provided in this ordinance, said committee will pass upon and recommend to the City Council that said plat or allotment, if otherwise conforming to the provisions of this ordinance and the laws of the State, be approved.

Section 9. Ordinance No. 465 passed July 23, 1895, is hereby repealed.

Section 10. This ordinance shall take effect and be in force from and after its passage and legal publication.

Passed June 23, 1903.

JOHN HORWELL, President of Council.

Attest: WILLIS DAVIDSON, Clerk.

Approved: W. A. WEAVER, Mayor.

ORDINANCE 761.

To Regulate the Price Which the Ohio Valley Gas Company, Its Successors or Assigns; the Tri-State Gas Company, Its Successors or Assigns, or Any Other Gas Company Now, or Which May Be Hereafter Doing Business in the City of East Liverpool, Ohio, May Charge for Gas, for And During the Ensuing Ten Years.

Be it ordained by the Council of the City of East Liverpool, State of Ohio: Section 1. That during the period of ten years from and after the passage of this ordinance the Ohio Valley Gas company, its successors or assigns; the Tri-State Gas company, its successors or assigns, or any other gas company, may charge for natural gas furnished to the citizens or private consumers and to the public buildings, grounds, streets, lanes, alleys, avenues of the city of East Liverpool for illuminating and heating purposes, twenty-five (25) cents per thousand cubic feet, if paid within ten days after the dates of monthly settlements, then a discount of five (5) cents per thousand cubic feet shall be allowed. The said, the Ohio Valley Gas company, its successors or assigns; the Tri-State Gas company, its successors or assigns, or any other gas company, may charge for natural gas furnished as above mentioned more than the prices herein specified, during the term of ten years charge for gas furnished as above mentioned more than the prices herein specified, nor shall the said companies charge for the placing or rental of meters a greater sum than is now being charged.

Section 2. This ordinance shall take effect and be in force from and after the earliest period allowed by law.

Passed June 23, 1903.

JOHN HORWELL, President of Council.

Attest: WILLIS DAVIDSON, Clerk.

Approved: W. A. WEAVER, Mayor.

HOME AFFAIRS

Brief Notes of a Personal Nature and
of Matters About
Town.

John Paul's Baby—There was little
work performed at the Woodbine
steam laundry yesterday by the large
force of girls and men. Their time
was taken up in listening to the story
of the 10-pound boy which arrived at
the home of John Paul yesterday.

Hospital May Benefit—There is a
movement on foot to turn a portion
of the profits from the carnival to be
held in this city during the present
month over to the hospital association
to further the project. The question
will be settled at the meeting of the
G. A. R. next Friday evening.

National Club Officers—The National
club held a meeting last evening at
its rooms in the First National bank
building and elected the following offi-
cers: William Ashbaugh, president;
Tom Woods, secretary; Jesse Rankin,
treasurer; Andy Hester, James God-
win and Frank Kearns, trustees.

Shot His Shoe—L. W. Lally, a travel-
ing salesman from Wheeling, had
an exciting experience last night as
he was passing through Locust alley
about 11 o'clock. Some one fired a
revolver and the shot passed through
the heel of one of his shoes. He was
uninjured. Nobody knows who fired
the shot.

Summoned as Witnesses—George
H. Owen, Robert Burner and M. E.
Miskall were served with subpoenas
this morning by Constable Powell to
appear at Lisbon as witnesses in the
case of Arthur Hill versus the Central
Accident Insurance company. Messrs.
Owen and Burner made the trip over-
land to Lisbon this morning. Mr. Mis-
kall being excused.

Painfully Hurt—The 4-year-old son
of John McLaughlin, of Sixth street,
met with a painful accident yester-
day afternoon. While at play with
other boys, one lad of the crowd picked
up a brick and threw it in the crowd,
and accidentally hit the McLaughlin
child on the forehead, cutting a deep
gash. Dr. G. P. Ikert was summoned
and dressed the injuries.

Going to Camp—The Hiawatha
Camping club leave on Monday morn-
ing for Silver Lake, to remain for

two weeks. Those in the party are:
Blaine Cochran, George Knoblock,
William Smith, William Cripps, Wil-
liam Blythe, Clare Smith, Dan Smith,
Alfred Cartwright, Homer Tritt and
Harry German. Blaine Cochran has
been chosen captain of the party. Wil-
liam Smith secretary and George
Knoblock treasurer.

Will Be Represented—McCoy Cir-
cle of the Ladies of the G. A. R. has
made preliminary arrangements for
representation at the national conven-
tion which will be held at San Fran-
cisco in August. Mrs. Fannie Wyllie
will represent the local circle and Mrs.
John Hall, of Wheeling, who organized
the McCoy Circle in this city, will also
be in attendance. The McCoy Circle
was organized last fall and during the
past winter has been eminently suc-
cessful in its work. Further arrange-
ments for representation will be made
at an early meeting.

GREAT CROWDS GOING DOWN THE RIVER

Large Passenger Lists For All the
Boats Bound Down the
Ohio.

The steamer Kanawha, despite the
fact that she was several hours late,
had a record breaking passenger down
trip from this point last night. What-
master Gus Martindill, who is also
the local steamboat agent, was kept
busy during the early hours of the
evening providing the passengers
with tickets. So great was the crowd
that the officers of the boat required
the passengers to secure tickets, and
they were taken up as the passengers
stepped aboard the boat. The total
number from this city reached 110.

The Kanawha was due to reach this
city at 8 o'clock last night but was
caught in the fog at Georgetown island
and did not arrive at the wharf until
11 o'clock. Her passengers had a
wearisome wait on the wharft. Accom-
modations on the boat were not
sufficient for the unusual passenger
list and many were compelled to spend
the night on the cabin floor.

Passenger traffic on the steamer
Queen City, due down for Cincinnati
at 8 o'clock tonight, promises to be
almost as large. At noon today
Whatmaster Martindill had booked
passage for 50 and many more will
wait until the arrival of the boat to
secure tickets.

The Ben Hur is due up this evening
from Parkersburg and will return to-
morrow night at 8 o'clock.

The stage of water continues suf-
ficient for the coal boats and they are
all on the move. Another fleet left
Pittsburg last night and this morning
for southern ports. The Mariner, W.
W. O'Neil and Harvester were among
those that passed down with tows this
morning.

SOCIAL EVENTS

BEAVER-COPPERT

Well Known Young Couple Married at
the Bride's Home in
This City.

A pretty home wedding was celebra-
ted at 3 o'clock yesterday afternoon;
when Rev. J. G. Reinartz, pastor of the
Evangelical Lutheran church of East
Liverpool, spoke the words uniting the
lives and fortunes of Miss Sarah Alice
Beaver, of East Liverpool, and William
Frederick Coppert, of Chester.

The ceremony was performed in the
presence of only the immediate rela-
tives of the contracting parties, and
took place at the home of the bride
on Second street. The groom is a well
known and justly popular young man,
who is employed in one of the East
Liverpool potteries, while the bride
has many friends in and about the city.
The couple will reside in Chester.

Hendricks-Dalton.

The marriage of John J. Dalton, of
Wellsville, and Miss Irene Hendricks,
of Pleasant street, was solemnized
yesterday afternoon at 3 o'clock in
the First M. E. parsonage. The Epis-
copal ring service was used by Rev.
Dr. M. B. Pratt, in the presence of
a few friends and relatives of the
bride and groom. The bride wore a
pretty thin white gown and was at-
tended by her sister, Miss Elva Hend-
ricks, as bridesmaid. Martin Welch
was best man. Mr. and Mrs. Dalton
left immediately on a wedding trip
and on their return will be at home
to their friends in Wellsville.

In Honor of a Guest.

Miss Lena Blake last evening gave
a delightful entertainment to a large
number of her lady friends in honor
of Miss Jean Robinson, who is her guest.
The hostess proved herself genial in
the entertainments of the evening,
which were much enjoyed.

Allman-Firth.

Miss Mary Allman and Fred Firth
were married today at the home of
the bride's parents in East Palestine.
The groom is well known here, having
been a former resident. He has been
employed for some time as a presser
in the East Palestine pottery.

A Picnic at Rock Springs.
A party of 14 young girls and boys
enjoyed a picnic yesterday afternoon
and evening at Rock Springs park.
The young ladies of the crowd took
well-filled baskets, and an elaborate
lunch was enjoyed by the crowd, which
later took in all the amusements of
the park.

NEW BALL TEAM

Made Up of Theatre and Pavilion Em-
ployes Ready for Active
Work.

A baseball team made up from the
forces at the summer theatre and the
dancing pavilion, and under the man-
agement of Leroy Orr, are attaining
a degree of efficiency which will land
some of the players in the professional
ranks.

This week the team has been
strengthened by the addition of sev-
eral of the players at the theatre, and
an attempt will be made to secure a
game with the employees of the amuse-
ments for tomorrow morning. Stage
Manager Joe Bradley is reputed to be
the best catcher in the whole town of
Chester. He will captain the team,
which will line up as follows: Catch-
er, Joseph Bradley; pitcher, Harry
Zeda; short, Walter Williams; first,
George Bevington; second, Mercer
Dilla; third, William Cripps; left,
Frank Dye; middle, Charles Ronalds;
right, John Frost.

Senator Frank Bell has been stated
as official scorer, and it is said his
side will be sure to win.

New Bank Opened.

The new Savings and Trust bank
was formally opened today at New-
Cumberland. The concern has been
very busy with the preparations for
the last two weeks, and a reception
was held during the afternoon. Large
crowds came and went all afternoon
and evening. The new institution
starts off under the most auspicious
circumstances and is bound to be a
success.

Hanley Has Moved to Lisbon.

Lisbon, July 1.—(Special.)—James
N. Hanley, of East Liverpool, who will
assume his duties as clerk of courts
some time in August, moved to the
county seat yesterday and will occupy
the house on East Walnut street for-
merly occupied by Treasurer Charles
E. Smith.

COOPER'S CASH MAKES GOOD

His Assertions Relative to His
Work.

AND THE GREAT REMEDIES

He Advertises and Sells—Increasing
Crowds Attest the Deep Interest of
the People.

The constantly increasing crowds at
Cooper's free shows, concerts and med-
ical lectures tells its own story of how
deeply the people are interested and
of how well they are entertained from
night to night. Cooper always makes
his statements good. He backs him-
self up with the cash, and plenty of it,
and that is better than any security
ever known.

The cures of long standing ailments
in this community has been simply
wonderful. People right here at home
testify every night of what Dr. Cooper's
New Discovery and Dr. Cooper's
Quick Relief has done for them. They
were sick and now they are well, cured
by the matchless magic remedies sold
by Cooper and there is no getting
away from it.

G. R. Bruhight, 144 Sophia street,
cured of deafness; George Witherow,
McKinnon avenue, cured of deafness,
and Pete Oath, also cured of almost
total deafness by the Quick Relief.

Mrs. Jennie Walters, Mrs. Peterson,
Mrs. Verdan, Andy Dunlap and a score
of others have been relieved of serious
stomach trouble, rheumatism and cat-
arrh by Dr. Cooper's New Discovery.
They live here to tell the glad news of
restoration to good health.

Two fingers were lost.

Mutil and Gold Lace.

Officers of the army on duty in the
war department wear uniforms the
same as if they were on duty at mili-
tary posts. The practice has resulted
in making nearly every room occupied
by officers a dressing room, where
wardrobes are kept. Most officers dis-
like very much to appear on the street
in uniform; it makes them too con-
spicuous. Uniforms for use in the de-
partment are kept in a wardrobe, and
the officers put them on when they
arrive in the morning, take them off
and don civilian dress to go to lunch-
eon, and upon their return in the
afternoon and departure for home
later go through the same process.
They don't like it, but it is an order.
For people doing business at the de-
partment it is much better, for a
stranger knows whether he is talking
with an officer or a clerk, and if fa-
miliar with the emblems can tell the
rank of the officer.—Washington Post.

Success of the Solemn Ass.

Look About you, gentle reader, and
consider the solemn ass in every walk
of life. Who so respected, so admired,
so influential? He never takes sides.
He never is a partisan. He goes along
with knitted brows, his thoughts too
deep for utterance. Smaller men may
abandon themselves to hasty inclina-
tions, to rash preferences, to robust
views. He never does. If he speaks
at all it is with such profundity and
circumlocution and complexity that
the most recondite cryptogram ever
reused from a pyramid would seem to
beuried in innocent and childish candor
in comparison. Yet he wears fine rail-
ment every day. He enjoys the re-
spect and confidence of the community.
He prospers. The oil of opulence
anoints him. He is the incarnation of
success!—Washington Post.

BENEFITS NOT ENOUGH TO EQUAL THE COST OF THE PAVING WORK

Assessing Board's Report On Pennsylvania Avenue Puts About \$6,000 On the City at Large.

The Pennsylvania avenue assessing board, composed of Messrs. John Hall, John Kerr, Jr., and J. N. Vorey, has practically completed the work of assessing the property benefited as a result of the improvement to the avenue. All that remains for the members to do is to compile their report for submission to council. They are now busy with the latter and confidently expect to have it finished by next Friday evening. They commenced upon the work a little more than two weeks ago and that they are so near an end is certainly commendable and appreciated by every taxpayer in the city.

Though it was expected that the board would agree with the findings of the first board, or at least that the difference would not be of any consequence, the members announce that

they have found a great difference and can back up their decisions with sufficient proof. Instead of assessing benefited property to the limit, \$32,000, which was the total cost of the improvement, the new board determined that benefits derived amounted to only \$26,000 and assessed accordingly. The difference, \$6,000, will be applied to the general tax duplicate and every taxpayer in the city will have an opportunity of paying a portion of it.

The reason given for the difference is that numerous lots and properties assessed by the first board were not included in the ordinance passed upon by council and submitted to the new board as a basis for assessing. The benefited property holders along the line of improvement are joyous over the action of the board, and it is not

THE ELKS FEASTED AND MADE MERRY

OPEN-HEARTED HOSPITALITY

When the visiting Elks departed on a special train for their homes in New Castle last night between 11 and 12 o'clock they realized better than ever before the significance of the grand organization of which they are a part. Such hospitality as was shown them by the local lodge could be surpassed by no other fraternal organization, and that they appreciated the efforts of No. 258 was evidenced by their praise heard on all sides. They were met at the depot in the morning by a committee, and in charge of these gentlemen they were shown every courtesy and kindness possible throughout the entire day.

After the ball game in West End park, which proved a failure, the visitors all being tired and worn out, repaired to the beautiful and cozy parlors on Washington street, where every detail had been arranged for their comfort and happiness. The spacious and elegantly furnished apartments were utilized by the foot-sore brothers, and smiles of real contentment adorned the faces of all.

The parlors presented a scene of perfect enjoyment during every hour that the visitors occupied them, but in the evening from 9 until 11:20 o'clock, while the banquet and the incidental features accompanying it was in progress, over 200 people cast their hearts and minds into the festivities and made them such as will ever be remembered by both the Pennsylvania boys and those of the Crockery City.

The dining parlor of the Elks' home, brilliantly illuminated and artistically decorated for the occasion, was entered by the assemblage at a few minutes past 9 o'clock and in a short time every one was seated before a table fairly groaning under the weight of a repast composed of every delicacy in season.

After this most appetizing repast Past Exalted Ruler W. E. Wells, who had been chosen toastmaster, rapped vigorously with the gavel and commanded order. In his usual manner he entertained for a few minutes and then called upon a number of gifted ones for stunts, and in every case the responses were overflowing with laughable epigrams and strong oratorical ability was evidenced to a marked degree.

Among those who answered to toasts were: Dr. Davis, Will Lewis, Mr. Jones, of New Castle; Senator Blake, Jack Horner, Mr. Stewart, Mr. Johannes, Mr. Garvin, Hugh Hamill and J. W. Mitchell. The latter, one of the jolliest fellows in the country, took the crowd by storm in his every effort. He is a singer of ability and was very entertaining.

TIN MILL OFFICIALS VISITING LISBON

Prospects Considered Good For An
Early Start of the
Plant.

Lisbon, July 1.—(Special)—The arrival here at noon today of a party of American Tin Plate company officials from New York has aroused much speculation as to the future of the Lisbon tin mill.

W. T. Graham, president of the American Tin Plate company; P. W. Bray, chief of the engineering department; B. W. Goldsmith, manager for this district, and C. W. Bennett, manager of the western district, are here looking over the local plant and it is said prospects are good for an early resumption of work here.

MARRIAGE TIES CUT BY COURT

Two East Liverpool Women Added
to the Long List of the
Divorced.

SAD STORIES TOLD BY THEM

Lisbon, July 1.—(Special)—Three divorce cases were heard in court here yesterday afternoon and three aggrieved wives were granted legal separation from their husbands. Myrtle Nichols was divorced from Robert Nichols, living near Franklin Square. They were married at Leetonia in 1894 and have one daughter nearly four years old. The wife charged habitual drunkenness and extreme cruelty. She will receive alimony.

Martha Cain, of East Liverpool, was granted a divorce from William H. Cain, together with the restoration of her maiden name, Martha Duke. The only child born to them is deceased. Mrs. Cain charged wilful absence, habitual drunkenness, gross neglect and failure to provide, alleging that although her husband was fully able to support her, she was compelled to depend upon her own exertions and to the charity of friends. Lenora Morley, of East Liverpool, was granted a divorce from Edwin Morley and had her maiden name, Lenora Ivers, restored. Their marriage took place in East Liverpool June 26, 1899. No children were born to them. The wife set up three causes of action, charging that on November 4, 1900, the husband was guilty of extreme cruelty toward her, striking her over the head with a bottle and otherwise beating and abusing her. On the same day, Mrs. Morley alleged, her husband was unfaithful to her. Bedford avenue, Pittsburgh, with Corinne Clantz. She said that he had frequently abused her and that immediately upon learning of his unfaithfulness she refused to live with him. She also charged habitual drunkenness.

Building Liable to Dow Tax.

Columbus, July 1.—(Special)—Assistant Attorney General Jones has rendered an opinion to the auditor of state that a building in which a saloon is conducted is liable to a Dow tax lien even before the chattels are exhausted. The building may be proceeded against whether the chattels have been levied against or not.

RIGHT OF A COUNCILMAN TO DEAL WITH THE CITY

An important decision by the city solicitor is being awaited with unusual interest. It pertains to the action of the board of public service at its last meeting, when the members held up the bill of Councilman Moon, which he had rendered for feed, purchased from him by the city. The bill aggregated \$51. The board held that Mr. Moon could not sell supplies to the city because of his official connection with the municipality. It is unlawful for an official to contract with the city and the board considered the selling of the feed a contract.

Mr. Moon was very much aggravated at the action of the board and immedi-

Secretary of the State Board of
Charities Says a New
One is Needed.

INSECURITY CHIEF FAULT

A New Building Badly Needed—The
Official Visited the Columbiana
County Infirmary and Found It in
Good Condition.

From a Staff Correspondent.

Columbus, July 1.—Secretary H. H. Shirer, of the board of state charities, has returned from a tour of the jails and infirmaries of eastern Ohio. He says the county jail at Lisbon is insecure and should be abandoned. It is in a sanitary condition, but is entirely unsuitable for jail purposes. A new building with modern arrangements is what is needed. "From a standpoint of safety there should be a new jail," said the secretary. He examined the institution throughout and says that the arrangement of the cells is very poor. Insecurity is the greatest fault.

If the building proper is faulty, the foundation is not, for the masonry was found to be unusually fine, stone from 12 to 15 feet in length being in the foundation. One of the cells on the second floor is being used as a sleeping room by the turnkey. When Secretary Shirer's predecessor, Joseph P. Byers, visited the Columbiana jail some years ago, it was in a notoriously bad condition. It was untidy, ill-smelling and generally unfit as a place for prisoners. These conditions do not now exist.

The secretary found the infirmary in good order. "It is as clean as a new pin," he said. The insane department needs overhauling. The floors are much worn, but well carpeted. A large barn is being built. There is an abundance of good spring water and ample provision for bathing. Water for fire protection and sanitary use is obtained from a reservoir near by on a hill. It is one of the best managed institutions of the kind in the state. A visit 11 years ago revealed it to be fairly alive with vermin. This was eradicated when Superintendent Riddle took charge.

LAST OF IT PAID

Ohio's Debt, Save the Irreducible
Portion, is Wiped
Out.

Columbus, July 1.—(Special)—The state sinking fund commission, consisting of Auditor of State Guilbert, Secretary of State Laylin and Attorney General Sheets, has gone to New York to pay off an indebtedness of \$200,000, which was for bonds issued during the Spanish war. This wipes out all the obligations of the state, save the irreducible debt.

An Oregon Flood Victim.

Columbiana, July 1.—(Special)—Rev. C. A. Brown, of the M. E. church in Columbiana, has been granted a vacation for a month and will leave this evening with his sister for Heppner, Oregon, to assist in settling up the affairs of her late husband, Dr. P. D. McSwords, drowned in the recent floods there.

The city officials are on the right track investigating the milk dealers. Wouldn't it be just as well for the officials to investigate the remnant suit sale at Joseph Bros? The red ticket suit sale—the standard quality is there, only the reduction in price.

ARTHUR HILL'S CASE BEFORE THE JURY

Claim for Damages for Injuries Re-
ceived in a Street Car
Wreck.

Lisbon, July 1.—(Special)—The case of Arthur D. Hill, of East Liverpool, against the Central Accident Insurance company, of Pittsburgh, came on for trial before the jury this morning. Mr. Hill sues for \$1,880, a remainder alleged to be due from the insurance company for disability resulting from a street car accident in March, 1902, when a United Power company car jumped the track near Wellsville.

Before he had entirely recovered, Mr. Hill, thinking the extent of his injuries was clear, sent in his bill and the company settled for \$71.42. Later his injuries proved more serious and he was disabled seven months longer. The insurance company refused his additional claim. Charles S. Speaker is the plaintiff's attorney and J. H. Brookes and W. F. Lones represent the defendant.

SAFETY RULES READY AT LAST

No Age Limit Specified For Police
Chief, Officers or
Firemen.

REGULATIONS NOT RADICAL

After at least a dozen meetings the board of public safety has at last succeeded in drafting the majority of rules by which the police and fire departments of the city will be governed. Three members of the board, President Grafton, Dawson and Ogilvie and Solicitor Davidson, held a meeting last evening, and after a long session gave the entire number to the solicitor with instructions to codify them. They will be returned to the board at a future meeting for passage. The date would have been designated but for the action of council at its last session, when one member had the ordinance creating the office of chief of police referred to the ordinance committee.

The committee will not be appointed until the next regular meeting of council, which will be held on Tuesday evening, July 14. When the ordinance is referred to the members of this committee they will more than likely consider it for an additional two weeks and before the office is created at least one month will have expired. The safety board would like to pass on the rules next week, but the consensus of opinion among its members is that it would be useless to pass rules to govern an office that does not exist.

The rules, as they have practically been decided upon, are anything but radical. They start with provisions for the merit system and next come the classification of the officers, rules for the chief of police, for the patrolmen fire chief and firemen. The board was very considerate in making the limits for weight, eight, etc. It specified no age limit whatever. One member stated today, however, that additional sections may be attached to the rules before they are at last passed.

There is considerable interest being manifested in the rules among certain classes and they are disappointed because of the elimination of the rule pertaining to the age of the chief of police.

ADJUDGED INSANE

East Liverpool Woman the Latest Un-
fortunate—Probate Court
Matters.

Lisbon, July 1.—(Special)—Susan Huston, of East Liverpool, has been adjudged insane and a permit has been issued for her admission to the Massillon asylum.

The will of the late Harriet Thompson, of East Liverpool, has been admitted to probate. She leaves everything to her husband, William L. Thompson, who is named as executor without bond.

Judge Boone, of Salem, has qualified as executor of the estate of the late Jeremiah Bonser, of Salem, under bond of \$10,000. Appraisers, A. M. Carr, Charles Harris and John Trotter.

Walter B. Hill, of East Liverpool, has been appointed guardian of Anna D. Heckathorn, aged 7, and Ruby L. Heckathorn, aged 4 years, children of the late Benjamin Heckathorn, of East Liverpool. Bond, \$200.

BURGLAR IN BARE FEET LOOTED WELLSVILLE STORE SECURING MUCH PLUNDER

Cash Register Taken Out and Broken Open and \$500 Worth of Goods Stolen.

Wellsville burglars are at work, apparently with more success than has attended the efforts of their brethren in East Liverpool. The Pittsburgh store of E. S. Adams, Ninth and Main streets, was robbed this morning between 2 and 3 o'clock of about \$500 worth of clothing and shoes. The cash register was taken out onto the street in front of the Central school building and broken open. It contained only 50 cents. Mr. Adams having banked something like \$500 before quitting business for the day.

The robbery was discovered by J. E. Mills. Early this morning he found a broken cash register on the street. There were tracks in the dirt of some person in his bare feet. These he traced back to the store, where he discovered the back door standing open.

TWO CHARGES REST AGAINST YOUNG MAN

One of Them is an Indictment By the
Grand Jury from Last
April.

Lisbon, July 1.—(Special)—Wilbur McAllister, of Kensington, was brought before Justice Riddle here yesterday afternoon on a charge preferred by Miss Bessie Ritz, aged 20, of Teegarden. He is held to court in the sum of \$600. The child is a boy and three months old. McAllister was indicted by the April grand jury for supplying medicine with the alleged purpose of causing a criminal operation, but as he was out of the state attending a Pennsylvania college the sheriff was unable to get service on him until yesterday.

Immediately after his appearance in the justice's court McAllister was put under additional bond of \$300 in common pleas court on the grand jury charge. McAllister is 19 years old. He furnished bond in both cases.

IN THE RACE TO STAY

Zimmerman Said to Have So An-
nounced His Candidacy for
Governor.

Columbus, July 1.—(Special)—It is reported here that John L. Zimmerman, of Springfield, visited John C. Welty, of Canton, Monday and told him he was in the race for the Democratic nomination for governor to stay. He had a long talk with Mr. Welty and Ohio politics in general were canvassed. He sought the aid of the Cantonian, whose influence is quite potent in that part of the state.

Zimmerman, it is said, went from Canton to Salem, to meet with Mayor Al Carlie, of that city, and other Democratic leaders. As he is a product of the county, it is likely its delegates will be for him for that reason, if for no other. He is interested in the adoption of a conservative platform.

Postoffice Clerks Reduced.

Columbus, July 1.—(Special)—An order was received from the postal department at Washington yesterday cancelling the promotions granted to 13 clerks in the Columbus postoffice, the explanation being made that the number of clerks authorized by congress had been exceeded, making necessary a reduction. Under the order some of the clerks will suffer a loss of \$100 in pay. Cancellations in other cities are expected.

The matter was at once reported to the police, who are now making vigorous efforts to locate the burglars. In addition to the goods taken from the store, a fine gold watch belonging to Archie Adams, son of the proprietor, was stolen.

The interior of the store was badly disarranged, many boxes being scattered over the floor and numerous pieces of merchandise lying on the counters and the floor. The show cases containing the goods easily handled were ransacked. It is believed that there were several connected with the job.

When the news became generally known in Wellsville scores of people made their way to the looted store, and many ideas were expressed as to who the guilty parties are, but no one was able to find a good clue.

NEAL ONCE MORE HEADS THE LIST

Lounds Is Second in the Competi-
tion and Anderson in the
Third Place.

VOTES COME IN STEADILY

The voting of yesterday was lively and long continued. Big bundles of votes that would make basketfuls were coming in the greater part of the day. When the totals were footed up it was found that Neal was once more at the head of the list with Lounds and Anderson respectively in second and third places. It is likely, judging from the past, that some of these positions will be changed in the next few days. Certainly the coupon collecting business is going to be exceedingly active during the present month. The close of July will bring the close of the contest, and all of East Liverpool, as well as many outside localities, is deeply interested in the outcome.

The following candidates have received 100 votes or more:
Thomas Neal, Riverside Park... 28,821
Thomas Lounds, Fourth street... 28,735
J. E. Anderson, Lincoln avenue... 28,575
Matthew Curran, Jethro street... 9,897

Which Is Foolish? Which Is Wise?

You are paying \$15.00 a month rent; your neighbor is paying \$15.00 a month on his property. In ten years you will have 120 rent receipts representing \$1800.00 of your hard earned money. Your neighbor will have a deed free and clear from all encumbrances for his home worth perhaps \$2500.00. You paid \$1800.00 out and have nothing. He paid \$1800.00 out and owns his home which meanwhile has grown in value. He has \$2500.00 to his credit in property; you have nothing. You earned \$3.00 per day. He earned \$3.00 per day. You had a wife and family. He had a wife and family. You had sickness of yourself and family. He had sickness of himself and family. You had no work part of the time. He had no work part of the time. You had to meet your \$15.00 rent monthly. He had to meet his \$15.00 payment monthly. Had you failed to have paid your rent you would have been ejected. Had he failed to make his payments he would have taken advantage of the Grace in his Contract.

Who is the wise one? Who is the foolish one? — We're after your case. We want to help you. Give us opportunity. We'll do it.

If you are at all intelligent you will see our point. It is not what you spend your money for, but how you spend it. Clothes and food are legitimate expenditures of money but if someone offers you a way that you can buy clothes and food and receive back your money would you not avail yourself of it? Why then not take the same plan when it is offered you in that other essential of life, a shelter, a home.

WITH THE WORKMEN IN THE CLAY PLANTS

ARTISTIC POTTERY.

Persons who are skilled in the painting of flowers and in the invention of decorative patterns will buy bowls and vases of French porcelain, paint upon these, as upon panel or paper, with pleasing results; but these are not to be considered in making decorative pottery ware. The really artistic potter is he who makes his vessel complete with a view to its subsequent decoration, and decorates it afterwards, with a view to its make; holding both processes in his hands. The complex character of the paste used by some potters, and the tendency in all cases away from the simpler work of old times with natural clay, used nearly as originally found, has caused in America, as in Europe, and, perhaps in the east, an inclination to find hard pottery, and the reverse.

Thus there are among the wares to be named some which are certainly porcelain; and these remind one of the cheaper Chinese ware, "The Canton" and "Nankin," those which have been exported for many decades from China to western lands, and which are certainly of the nature of the porcelain, however non-transparent they are, and however coarse and commonplace in their make and decoration. Pieces of American make, of very refined treatment, have somewhat the same character of a very hard ware fired at high temperature and capable of enduring almost any extent of table service.

A WESTERN PLANT.

The work of erecting a large pottery on the Pacific coast will soon be started. The plant will be located near Stockton, Cal. The man who will superintend the construction of the work is J. W. Platt, of New Jersey, and he is now on the ground perfecting his plans. A new site will be selected for the sanitary ware pottery. It is the belief that it will not be built on the site of the Stockton Brick & Pottery company, recently destroyed by fire, but upon a different site, just south of the Pacific window glass factory. It is claimed that the pottery will be the only one within hundreds of miles. A late report is to the effect that all the skilled operatives will be imported, mostly from Scotland. The intention is to have the plant running by next fall.

ENGLISH CONDITIONS.

The potting trade of the Staffordshire, England, district remains in much the same condition, says the Sentinel. The demand for flat ware is well maintained in most markets, and toilet sets are freely inquired after, but there is a general decline in respect of electrical fittings, trade in this department ruling flat. The American market shows signs of improvement and a better business is reported in most branches. The state of employment indicates that pressers average fully five days per week. Sanitary pressers report no change from last week, and flat pressers are working more regularly, and printers and transferers are very busy.

NO. 9'S MEETING.

The special meeting held yesterday afternoon by the klummen, local No. 2, for the purpose of voting on the course of the Brotherhood in relation to the demands recently made, was very largely attended. The result of the vote in this local will have much to do with the course of the Brotherhood, owing to its large membership. The taking of the vote was completed yesterday evening, but the result was not announced. Only those who presided at the election are aware of the result and they will maintain a strict secrecy until Friday when the conference committee are to meet again.

FIRE TRIALS.

An eastern writer has the following to say concerning the controversy over fire trials of feldspar: "In relation to the 'only apparatus in the world that will test flint and feldspar in 20 minutes,' dental furnaces have been used for the past 10 years for trials of feldspar. It can be fused in less than 20 minutes. Such tests, however, would be of no value to the potters. They bring the heat in their kilns up gradually to say 3,000 degrees F., keeping it as near that point as possible for at least 20 hours. These dental furnaces cost about \$50."

WILL EXHIBIT HIS FIND.

Samuel McAdoo has one of the pieces of sewer pipe unearthed at the Calumet plant, Toronto, while excavating for the C. & P. double track and will send it to the World's fair at St. Louis, where it will be placed on exhibition and compared with the present day methods of manufacturing pipe. The piece owned by Mr. McAdoo was made in Toronto by McFadden & Carlyle over 50 years ago and was used in

THE LAW SUSTAINED

Engineer at Zanesville Fined for Working Without a License.

Robert Orin, state secretary of the U. A. S. E., has received official notification of the arrest and conviction of Frank Bowen, of the T. B. Townsend company, a brick manufacturing establishment of Zanesville. Two months ago Joseph H. Ebricht, state examiner, was compelled to arrest Bowen for running the engine without a license. He was fined \$10 and costs. The company then employed another unlicensed man, and the same proceedings were entered against him. He received a like sentence. It is said the defiance of the law was not sanctioned by the men, but that the Townsend company persisted in the stand that the law was not constitutional, the concern paying the fines and causing the cases to be carried up.

The decision of the lower court was sustained by Judge Kennedy, of the common pleas court, but the company continued to harass the examiner and defied the law by keeping incompetent and inexperienced men at work. Three charges were filed in the police court this week and the three men were again fined the minimum penalty, which is \$10 and costs. There are several cases in this district that will receive attention at the hands of J. A. Manning, deputy examiner.

WABASH WANTS GROUND

A Big Verdict in Proceedings Against Mrs. Stewart at Toronto.

Stenbenville, July 1.—The long fought case of the Wabash against Amanda Stewart et al., of Toronto, ended at midnight, when the jury, after eight and a half hours' deliberation, reached a verdict. It was the hottest fought case of all those that have come before the court and probably in no case in the courts has the testimony been so conflicting.

When it was all over and the jury had agreed upon a verdict the following is what it awarded the Stewart heirs: For land taken, \$2,508; damage to residence, \$617; total, \$3,125.

The plot of the Wabash shows that it wants the ground for yards, in which it will build six tracks. The price agreed upon is considered too large by the Wabash and the case may be fought over again.

THE JAMES BOYS MADE HIM DANCE

Actor Frank Bell Relates An Interesting Story of An Adventure.

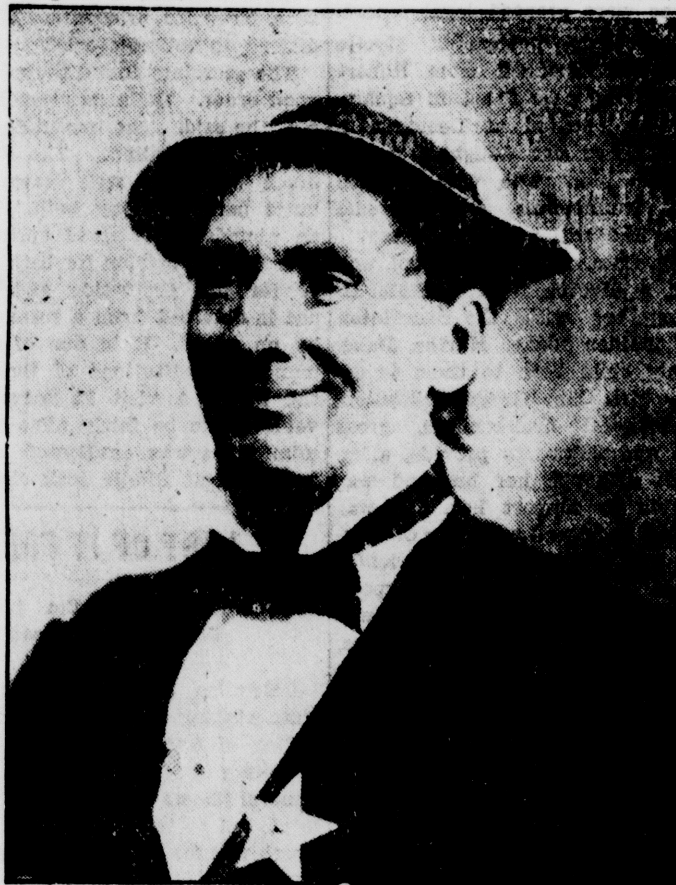

'WAY OUT IN MISSOURI

He Did the Terpsichorean Act as Never Before in His Life—When Nearly Half Dead Was Rewarded By a \$20 Gold Piece.

Senator Frank Bell, who is playing with the vaudeville show at Rock Springs theater this week, is an interesting character. Mr. Bell is nearly 50 years of age, and served over three years in the rebellion. He has been in the theatrical business all his life, and has an enviable record for originality. Senator Bell's experience has

ing of going to work—at blacksmithing or something else—when I ran across an 'angel' with \$500 to squander in the show business. I immediately cultivated his affections. He yearned to appear on the stage himself and was willing to risk his \$500 provided he got the opportunity to distinguish himself. Well, I got a friend of mine to teach him a few sleight-of-hand tricks and I organized a company composed exclusively of ourselves and started out to tour rural Missouri. My 'angel' was billed as 'Professor Martindell, the world-renowned prestidigitator,' and I was 'the wonderful wooden-shoe dancer, the marvelous black-face mimic,' and several other things equally attractive.

"One night we gave a show in a little hillside town to an audience of about fifty people. Our receipts were exactly \$6.85. I was removing my makeup, in a very disgusted frame of mind, when I heard the noise of approaching horsemen. They drew rein in front of the court house, in which we gave our performance, and without ceremony came running up the steps. They threw open the door of the coroner's office (my dressing room) and entered.

"SENATOR" FRANK BELL.

been varied and eventful. He has lived "on the top of the pile," and at times in his early career was compelled to hit the turf with the commonest sort of barnstormers.

His first big success was made in the character of "Rube Whipple," the town constable, in "Way Down East," when he distinguished himself and made a tremendous hit not only in the character laid out in the play, but in the original and very funny song, "All Tied Round With a Woollen String." Mr. Bell has been everything from an acrobat to the leading man in a mushy love drama.

At the close of the civil war he entered the minstrel field and was identified with some of the most celebrated aggregations of that day. Bell was the first man to revive "The Essence of Old Virginia" and make it go. This was accomplished in John Brougham's play, "The Lottery of Life." Mr. Bell afterward went into the legitimate drama, in which he usually played character parts. Now he is back to the specialty stage again.

Mr. Bell has an enviable war record. At Fredericksburg he was wounded and still carries the bullet in his head. He enlisted at Cuba, N. Y., on August 4, 1861, and served throughout the war. He was a member of the First Pennsylvania Rifles, better known as the Old Bucktail Regiment, Pennsylvania Reserves, Hancock's corps. He is a great admirer of his old commander, General George B. McClelland.

His wide and varied experience in all parts of the country is naturally productive of interesting reminiscences upon the part of Senator Bell.

SUPERIORITY OF AMERICAN WOMEN

By M. LAZARE WEILLER, French Statesman

N France, under pain of being considered a member of the Academy of Moral Sciences, one would not dare to discuss with a woman anything other than dress, the theater, novels, gossip or love. IN THAT PREFERENCE FOR FRIVOLOUS SUBJECTS THERE ARE AT ONCE WISDOM AND CONTEMPT.—wisdom, because any one who attempts to please the women must speak of things which they understand; contempt, because the man acknowledges that the women cannot comprehend the subjects which interest himself.

In America it is entirely different. In most cases there IT IS THE WOMAN WHO ABSTAINS FROM APPROACHING CERTAIN SUBJECTS BECAUSE SHE FINDS THEM TOO HEAVY FOR THE MEN. There it is not rare for a mature man to be forced to defend himself, foot by foot, against a young woman. In these conversations she employs many new words and original expressions, proving the intensity of the reflections and the depth of the thought in her pretty little head.

EAST END

DRUNKEN MAN ASLEEP ALONG THE TRACK

James Carr Had a Dangerous Resting Place and Was Taken Into Custody.

James Carr grew tired and weary last evening under the load of booze he had accumulated and lay down to rest along the railroad track a short distance east of the plant of the Pottery Mining & Milling company. He was too drunk to realize the peril surrounding the resting place he had chosen and in a few moments he dropped off into a drunken sleep.

Several people returning from work saw him lying in an apparently unconscious condition, with his body perilously near the rails, and notified the East End police station. Officer Spence was dispatched to the scene and after a great deal of hard work succeeded in restoring the sleeper to a proper appreciation of his surroundings. He escorted Carr to the station where a call was sent in for the patrol and Carr was taken to central station. He will answer to a charge of drunkenness this evening.

CHILD ILL OF FEVER

Little Daughter of John Crawford Seriously Ill and the Home Has Been Quarantined.

Scarlet fever has been the cause of a great deal of suffering and annoyance in the home of John Crawford, a highly respected colored man, living in Sandy Bottom and for several days it was feared that in one case the disease would terminate fatally. Mrs. Crawford underwent a siege of the disease and a short time after her little daughter was stricken. The house has been under quarantine for several weeks and as Mr. Crawford has been subject to its regulations he has had no opportunity of providing for his family.

The little girl was seriously ill for a number of days but lately she has shown an improvement and is in a fair way to recover. Sanitary Police Burgess, who has been in charge of the premises as the representative of the health department, has seen that the little sufferer has not wanted for the proper nourishment.

A False Alarm of Fire.

An alarm of fire, the first in several weeks, was turned in to the East End station yesterday afternoon from box No. 12, at Harker's pottery. Both the East End and central station departments responded. The alarm proved to be a false one and was turned in by a small boy who so far has escaped detection. The youth entered the office of the Harker Pottery company, where the key is kept, secured the key and pulled in the box. He had disappeared before the firemen arrived.

Left for England.

Joseph Webb, of Mulberry street, employed in the packing department of the United States Pottery company, Wellsboro, left yesterday afternoon for New York to take passage on a vessel bound for England. Mr. Webb was born and raised in England and his parents and other relatives still live there. In the past 27 years Mr. Webb has spent but three weeks with the old folks and he is anxious to pay them another visit. He will remain in England about two months.

Preparing for the Fourth.

The people of the East End are making preparations for the enjoyment of the Fourth of July. By that time the potters, with very few exceptions, will have finished up for the midsummer loaf and will be at liberty to spend the day as best suits them. Quite a number will join one of the numerous camping parties while others will take in the picnics, ball games and horse races.

EAST END AFFAIRS.

O. S. Chevalier and Edward Buck. A daughter was born yesterday to Mr. and Mrs. W. A. Geer, of St. George street.

Mrs. D. F. White and children have returned from a visit with relatives at Carrollton.

Miss Edna Goldsberry has returned to Fairhance after a visit with J. W. Howard and family.

A daughter was born yesterday to Mr. and Mrs. William McDole, of Pennsylvania avenue.

is the guest of his brother, Dr. M. W. Taylor, of Mulberry street.

Pan American Court, Tribe of Be. Hur, will consider seven applications for membership at its meeting Monday night.

George Harris, of the East End street department, is confined to his home on Elm street with an attack of cramps.

Mrs. Edward Bramford, of Calhoun addition, is planning for a visit to her old home in England. She intends starting upon the trip about the middle of July and will spend the remainder of the summer in the old country.

CLEANLINESS WILL BE ENFORCED

Board of Public Service Sending Out Notices to Numerous Property Owners.

That the board of public service is sincere in its expressed intention of cleaning and keeping clean the street and alleys of the city is evidenced by the large number of notices to property holders it has caused to be issued through the street commissioner, Frank Dickey. These notices were received by nearly every owner of property within the city limits where the city ordinance concerning the obstruction of streets, alleys and sidewalks was being violated. The names were taken on the recent tour of inspection made by the board and from the observations of the street commissioner.

The notices are very explicit as to the nature of the violation and there is an accompanying foot note to the effect that the street commissioner will see that the law is complied with if you have received one of the notices comply with it at once. Don't wait for your neighbor to act, as unpleasant complications may result. The board of public service has instructed him to see that the notices are obeyed and he will not be slow in taking drastic measures with those who are dilatory.

Upon the notices appears the statement that all streets and alleys must be kept clean. Manure boxes in the alleys, now very numerous, will not be permitted. Obstructions to the streets and alleys are not alone confined to ashes and rubbish in the eyes of the board, but wagons, carts and other vehicles must be removed.

Several places in the city where dirt comes down onto the sidewalks from the hillsides have come to the notice of the board, and the owners of the property must keep the walks unobstructed. Last winter these small landslides made the walks at several points almost impassable for pedestrians.

A Surgical Operation

is always dangerous—do not submit to the surgeon's knife until you have tried DeWitt's Witch Hazel Salve. It will cure when everything else fails—it has done this in thousands of cases. Here is one of them: "I suffered from bleeding and protruding piles for 20 years. Was treated by different specialists and used many remedies, but obtained no relief until I used DeWitt's Witch Hazel Salve. Two boxes of this salve cured me 18 months ago and I have not had a touch of the piles since."—H. A. Tisdale, Summerton, S. C. For blind, bleeding itching and protruding piles no remedy equals DeWitt's Witch Hazel Salve. Sold by Alvin H. Bulger.

KIDNEY TROUBLE CURED.

General Health Greatly Improved by Pe-ru-na.

MRS. M. J. DANLEY.

Mrs. M. J. Danley, Treasurer of the Rebecca Lodge, I. O. O. F., writes from 124 First street, N., Minneapolis, Minn.: "I was afflicted for several years with kidney trouble which became quite serious and caused me considerable anxiety. I spent hundreds of dollars trying to be cured, but nothing gave me any permanent relief until I tried Pe-ru-na. It took less than three months and only ten bottles to effect a permanent cure, but they were worth more to me than many hundred dollars to me. I am fully restored to health, know neither ache nor pain and enjoy life."—Mrs. M. J. Danley.

This experience has been repeated many times. We hear of such cases nearly every day.

Mrs. Danley had catarrh of the kidneys. As soon as she took the right remedy she made a quick recovery.

A Prominent Southern Lady's Letter. Miss Laura Hopkins, of Washington, D. C., niece of Hon. E. O. Hopkins, one of the largest iron manufacturers of Birmingham, Ala., writes the following letter commending Pe-ru-na. She says:

"I can cheerfully recommend Pe-ru-na for indigestion and stomach trouble and as a good tonic."—Laura Hopkins.

Pe-ru-na cures catarrh wherever located. Pe-ru-na is a specific for the catarrhal derangements of women. Address The Pe-ru-na Medicine Co., Columbus, Ohio, for free book on catarrh written by Dr. S. B. Hartman.

LARRINGTON IN CLAYTON JAIL

Declares McCann Is Alive, but Remains in Hiding for Certain Reasons.

St. Louis, July 1.—F. Seymour Barrington, confined in the county jail at Clayton on the charge of having murdered his friend and benefactor, James H. McCann, continues to declare his innocence.

"Jim McCann will show up," Barrington declared, "and when he does I will make those who called me his murderer sweat blood."

The prisoner said that he knows McCann is alive, but that for certain reasons he is remaining in hiding, and even though he sees the newspaper accounts of his probable murder he will not return to St. Louis to disprove the murder theory.

Detectives dragged the pond and searched diligently all day for the clothing of the victim, whose body was nude when discovered. The features of the dead man were so completely effaced that the first impression that putrefaction had wrought destruction is giving way to the belief that the person or persons who killed McCann cut off his face to conceal his identity and relied upon the action of the stagnant water to obliterate the evidence of the barbarous cutting. The body was buried in St. Peter's cemetery as that of James F. McCann.

Diphtheria relieved in 20 minutes. Almost miraculous. Dr. Thomas Electric Oil. At any drug store.

SUMMER OUTINGS.

Rev. F. P. Hummel, pastor of the M. P. church at Toronto for the past four years, has tendered his resignation.

James Burns, of Pittsburg, and Miss Evelyn Gray, a trapeze performer with a carnival company, wedded at Stenbenville.

As Harry Blinco and wife, Steubenville, were driving to Dillonville, their horse took fright at a train and ran away. Mrs. Blinco was dragged over 50 yards and seriously injured. Mr. Blinco sustained a sprained arm.

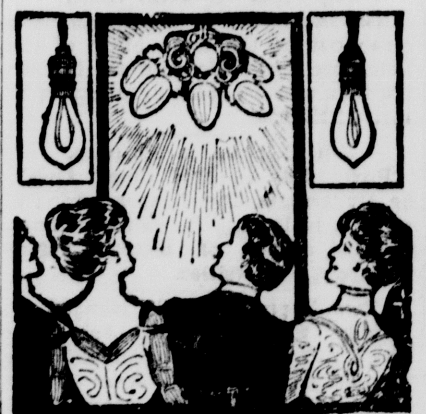

John Crawford, a brakeman, aged 23 years, was working in the yards at Bellaire, when a train backed in on him and caught him. His left leg and arm were so badly crushed that the leg was amputated above the knee and the arm above the elbow.

Prof. F. M. Shelton, formerly of Lisbon, who has held a position as an instructor in the Canton schools, has been re-elected for next year at an advance of salary and has also been given a promotion to the head of the department of mathematics.

Matrimonial agencies are responsible for some curious marriages, but one, more than ordinarily rare was that of Matthew Grimes, a well known carpenter of Flushing, aged 63 years, and Olive S. Thatcher, of Hillsdale, aged 60, which occurred at St. Clairsville. The couple had never met until they entered the room where they were married.

CRUSHES OUT THE LIFE

The most loathsome and repulsive of all living things is the serpent, and the vilest and most degrading of all human diseases is Contagious Blood Poison. The serpent sinks its fangs into the flesh and almost instantly the poison passes through the entire body. Contagious Blood Poison, beginning with a little ulcer, soon contaminates every drop of blood and spreads throughout the whole system. Painful swellings appear in the groins, a red rash and copper-colored spots break out on the body, the mouth and throat become ulcerated, and the hair and eye brows fall out; but these symptoms are mild compared to the wretchedness and suffering that come in the latter stages of the disease when it attacks the bones and more vital parts of the body. It is then that Contagious Blood Poison is seen in all its hideousness. The deep eating abscesses and sickening ulcers and tumors show the whole system is corrupted and poisoned, and unless relief comes soon this serpent disease tightens its coils and crushes out the life. The only antidote for the awful virus is S. S. S. It is nature's remedy, composed entirely of vegetable ingredients. S. S. S. destroys every vestige of the poison, purifies the blood and removes all danger of transmitting the awful taint to others. Nothing else will do this. Strong mineral remedies, like mercury and potash, dry up the sores and drive in the disease, but do not cure permanently. Send for our home treatment book and write us if in need of medical advice or special information. This will cost you nothing.

BLOOD POISON
On account of its terrible effects, blood disease is called the king of all diseases. It may be either hereditary or contracted; so while it may not be a crime to have the disease, it is a crime to permit it to remain in the system. It may manifest itself in the form of Scrofula, Eczema, rheumatic pains, stiff or swollen joints, thickness of the skin, eruptions or blotches, ulcers in the mouth or on the tongue, sore throat, falling out of hair, discolored skin and a general depression of the system. If you have any of these symptoms don't neglect yourself. You have no time to lose. Beware of "old fog" treatment, beware of mineral poisons—beware of Quacks and Fakirs. OUR NEW METHOD TREATMENT is guaranteed to cure this disease, never to return. Bank Bonds will protect you. Our treatment is not injurious in any way, but reaches the very root of the disease and eliminates all poison from the system. The symptoms of disease gradually disappear. The blood becomes pure and enriched, the whole system is cleansed and purified, and the patient feels prepared anew for the duties and the pleasures of life. One of the most amazing features of the phenomenal business activity now prevailing in the United States is the consuming power of the American people. For several years the output of manufacturing establishments and all the processes of production have been at high tide. Conservative observers declare that the pressure was too high and could not long be continued. Their predictions of a reaction have not yet come true. In few important lines is production curtailed. Perhaps there is no better indication of the steady flow of the current of trade at the high water mark than the earnings of the railroads. Last year's traffic was so great that many believed the climax had been reached. Notwithstanding floods

and strikes, most railroads show an increase of gross earnings over last year. In May twenty-one leading roads showed an increase of net earnings of 29 per cent. This is more remarkable since the increase of rates has been less in proportion than the increase of operating expenses due to higher wages. The good showing is made possible only by a great volume of traffic, freight and passenger.

There are signs that Tom L. Johnson will have to struggle for the empty honor of leading the Ohio Democracy this year. There are still a few Democrats in the state who are a little particular about the kind of bosses under whom they are expected to serve.

When a big railroad with one end in Cleveland and the other in Pittsburgh comes to East Liverpool to do its banking business it speaks volumes for the stability of local financial institutions and the confidence of business men therein.

Farm hands in Kansas can make \$70 a month and board, and still the supply is short. Kansas is unfortunate in not being reached by the Ben Hur.

Uncle Sam paid out \$506,000,000 during the fiscal year just closed and still accumulated a surplus of \$52,000,000. J. P. Morgan is not the only expert financier.

The heavy rains are bad for some kinds of crops. The production of base ball scores isn't half what it might be but for their interference.

The powers seem to have decided to let King Peter have his job as long as he can hold it. Nobody else wants it.

A Kentucky philosopher has produced this aphorism: "To shoot is human; to forgive, a crime."

The East Liverpool Elks again proved themselves the princes of entertainers.

OBITUARY

Rev. A. Birch.

Columbiana, July 1.—(Special)—The funeral of Rev. A. Birch, a former pastor of the Lutheran church in Columbiana, was held here today, burial in the Columbiana cemetery. He was about 65 years old. He died Monday of spinal neuralgia. He leaves a wife and two sons, Edwin, New Waterford, and Albert, near Columbiana.

Death of an Infant.

An infant son of Mr. and Mrs. F. S. Clendenning, of Ogden street, died yesterday evening at 6 o'clock. The body will be taken to Toronto tomorrow morning for interment.

This is not the same drug store that it was last year. It is constantly changing, always progressing, ever improving. We get new suggestions from our customers, new ideas from traveling men, new plans from visiting successful drug stores in other cities. Gradually these suggestions, ideas and plans get worked into our store. That is why it keeps growing and improving. It seems to be a pleasure for our customers to trade with us, and it certainly is a pleasure for us to conduct such a store. We invite your patronage.

Tooth Brush Economy

We have tooth brushes for ten cents that are sold for double the price in some places. Extra good ones for fifteen cents, splendid values for the money, but we do not urge the sale of any of these because real downright economy comes in buying something a little better. We would advise you to pick a brush costing 25 cents or more for two reasons:

First, your teeth are worthy of the best brush made. The better the brush the more perfect its work.

Second, the higher grade brushes are guaranteed to give long and perfect service.

Passing of the Indian Canoe.

The most beautiful and graceful craft which ever floated on the bosoms of our broad rivers was the light birch or pine canoe of the Indians. It was the true swallow among boats, a neat, trim figure of a craft, with easy power of motion, great speed and a remarkable carrying capacity. It was simple in construction and quite durable, considering its lightness. But it has gone forever from these waters. Many long years have passed since the last one was seen here, and never will there be seen another. They were typical of their age and makers.

Fair Exchange.

An American lady was being escorted by a British army officer through a certain museum in London. With pride he explained how England's military prowess was portrayed by the circumstances connected with some war relics they saw, when, with a smile of supreme triumph, he pointed to a small cannon saying, "That gun, my lady, we captured from your army at Bunker Hill."

To this the lady quickly replied: "Well, captain, you are welcome to the gun; we've got the bill."

WELLSVILLE

NARROWLY ESCAPED
LOSS OF FRANCHISE

Tri-State Gas Company Attacked By
Wellsville Council—Present
Rates Fixed for 5 Years.

At a meeting of city council last night an assault was made on the Tri-State Gas octopus and it narrowly escaped losing its franchise. As it ended, the price of gas was fixed for five years at 25 cents per thousand cubic feet with a five per cent discount on all bills paid by the 15th of each month.

An ordinance was introduced to revoke the franchise, but it lost under a suspension of the rules. Councilmen O'Grady, Anderson and Bissett voting to take away its right to do business here. The discussion attending the vote on the measure was lurid and the gas company was hauled over the coals at a lively rate. When the ordinance to revoke the franchise failed, the other regulating the price of gas for the next five years was introduced and passed without a dissenting vote.

The board of public service yesterday agreed to issue no more permits to the gas company, at the request of council, and at the meeting last night the company was ordered to make immediate repairs on the streets it has recently torn up for the purpose of laying pipe.

A PRIZE IS OFFERED

Most Attractive Wagon in the Parade
Will Win \$25 in
Gold.

The Fourth of July celebration committee has decided to offer a prize of \$25 in gold for the most attractive wagon in Saturday's parade. New features are constantly being added to the program, and altogether the outlook for the success of the affair is most rosy.

One of the novel features will be the liberation of 500 balloons from different points in the city on the night of the Fourth.

Manager Healy, of the street railway company, has agreed to furnish a free trolley car to bring the East Liverpool band to this city—the intention being for the musicians to give a short concert on the diamond before starting and to play en route to Wellsville.

AN \$8,000 RESERVOIR

Asked of Wellsville as a Reserve and
Emergency Source of
Supply.

A proposition was sprung on council last night by Monroe Patterson, of the Wellsville China company, and W. L. Smith, of the Smith & McNeil pottery, who asked council to build an \$8,000 reservoir in the rear of their premises, to be used as a second or reserve supply of water in cases of emergency. Both made speeches, but the proposition was not altogether favorably received. Council promised to go and look over the ground next Monday.

The city is just now in the throes of spending about \$75,000 for a new water works system and hardly in a mood for an additional reservoir question.

FULLY IDENTIFIED

Little Walter Allen, Who Was Drown-
ed in the Ohio, Was an
Only Child.

H. A. Allen arrived here last evening from Neville Island and upon being shown the body of the little boy found floating down the river yesterday morning, at once pronounced it that of his nephew, Walter Vardy Allen, who fell in the river last Thursday while playing near the home of his parents and was drowned and swept away before the very eyes of a playmate.

bed contiguous to the island was systematically dragged, the body of the little one escaped the hooks and was never seen until discovered by Mrs. Willis and her husband, who live in a house boat at the foot of Twenty-second street.

Mr. Allen stated that the boy was an only child and that the parents have been well night distracted since the accident. Thousands of bills and notices have been sent to all the down river towns, giving a description of the boy, but it remained for the humble occupants of the house boat here to discover and recover the body.

Mr. Allen, the uncle, is an undertaker, and he so arranged the remains that they could not be seen when they reach home, decomposition having so destroyed and distorted the features as to make them wholly undistinguishable. He left with the body last night for Neville Island, where the funeral will occur today.

Shook Things Up.

A gasoline engine used for making ice cream let go with a Fourth of July decoration yesterday in the basement of Oscar Seeman's confectionery, shaking things up in a lively manner and making the rafters rattle. Fortunately no one was in the basement at the time, and aside from the engine, a few broken window glass was all the damage done.

Contracts to Be Let.

The water works trustees, in regular session yesterday afternoon, examined plans for the new water works building to be constructed here and decided to advertise for bids for its construction as well as for the sinking of an immense well and the building of a tunnel from the river to the building.

INSTRUCTOR STEPHENS
GOING TO LEAVE TOWN

Virtually on a Strike Because the Y.
M. C. A. Board Won't Raise
His Pay.

Prof. Perry Stephens, the popular physical director of the local Y. M. C. A., is virtually on a strike, and while not a large number of men are concerned and no issues involved that will cause a depression in business circles, the situation is serious, at least to Prof. Stephens.

It will be remembered that some time ago the board of directors refused to grant Mr. Stephens an increase in salary, which his host of friends thought he richly deserved. Mr. Stephens had made up his mind that it would be detrimental to his best interests to remain in the city unless the request was granted, and since it has not been he is making preparations to leave. His home on Fifth street has been dismantled and the furniture packed and stored away so that it can be shipped without delay to any city where Prof. Stephens may locate. Mrs. Stephens leaves tonight for Terre Haute, Ind., where she will make an extended visit with her parents.

There are a great many members of the organization in this city who, through their high regard and personal esteem for the physical director, would be pleased to see the difficulty in the way of salary adjusted so that he could remain. Under his tutelage they found genuine pleasure in gymnasium work and physical training last winter and they are loath to see any change.

SOUTH SIDE

THREE TEST WELLS
ON THE HADLEY FARM

Promising Oil Territory on Which
Drilling Began This
Morning.

Work was commenced this morning on the first of three test wells to be put down by the Chester Oil & Gas company on the Edward Hadley farm. The land lies one mile southeast of the town of Chester, and is one of the most promising spots in the county.

Practical oil men were over the territory under lease on Monday, and the location of the three wells is the result of their work. It is announced that the company will thoroughly test the land included in its lease, and that the prospects for a good find are very good. Stewart Bros., who are interested in a financial way in the company, have secured the contract for the development of the territory, and their apparatus was moved to the spot yesterday.

MENACE TO HEALTH

A Nuisance Which the Town Authori-
ties Will Be Asked
to Abate.

It has been nearly two weeks since the council took action with reference to the nuisance which is permitted to exist about the big elm tree, just east of First street in Chester. Complaint was made to council by residents of the vicinity at the last meeting, and the head of the street department was instructed to notify the owners of the lot.

The enterprising shop keepers of Chester at some time in the past had erected a hitching rack about the tree, and horses were hitched there while their owners were in East Liverpool or about their business in town. The ground has gradually worn away until there is a deep trench at the spot, extending the entire distance around the tree. In this hole stale water and all kinds of filth is permitted to stand until it either soaks into the earth or evaporates. The condition is a menace to the health of the community, and the residents are determined to have it abated. The matter will likely be brought to the attention of council once more when it meets this week.

NEW CHURCH BUILDING

Presbyterian Board Will Meet Friday
Evening to Open the
Bids.

The official board of the Chester Presbyterian church will meet next Friday evening for the purpose of opening the bids for the construction of the new church of that denomination, on Indiana avenue. It is not expected that many bids will be received, as many of the contractors of the vicinity have already contracted for as much work as they can complete during the summer. The carpenters' strike in the early spring seriously interfered with the progress of building this season and it will take nearly a year for the big contractors to catch up with their work.

The church officials are determined to begin the building operations at the earliest possible moment, and if the figures are reasonable at all the contract will be let Friday.

ery ware. The pottery plants were a novelty to most of the visitors, and they were anxious to secure a souvenir.

Manager Maxwell, of the park, is away on a business visit today. He will visit Toronto, Steubenville, Bowersville, Uhrichsville and Dennison before returning. Excursions from all these towns will be run some time during the coming season. During Mr. Maxwell's absence the park is under the care of Leroy Orr.

Painters Now at Work.

The work of painting the summer theatre was begun this morning by a large force of men under the direction of Contractor Dierstein. The several buildings which were constructed during this season have been standing for some time without paint, and it is now the intention of the management to hustle through with the work.

CHESTER NOTES.

A son was born to Mr. and Mrs. Frank Oliver, of Fourth street yesterday.

H. P. McGregor, a pottery merchant of Wheeling, was in Chester yesterday. He placed a number of orders for ware with the plants on this side of the river.

It is not known at this time whether the assignment made by A. J. Thrasher, of Pittsburgh, will affect the Chester Grocery company. Mr. Thrasher is a stockholder of the latter company.

Mrs. Wakeman and Mrs. McClintock arrived in Chester yesterday from Co. rapolis. The ladies have many relatives in this community and will visit in the vicinity for some time.

David Lewis arrived in the city today from Chicago. He has been employed as a bookkeeper in the Windy City, but has secured employment here and will make his home with his mother in Chester.

Editor, manager, compositor and pressman, Harry Moore, of the South-side Citizen, is hard at work fitting up his new quarters at First street and Virginia avenue. He is unable to state when the first issue will be out.

The street department is doing everything possible to hasten the completion of the street paving work in Chester, and until this is done there seems to be no relief from the cesspools which form in the streets after every rain.

Oscar O. Allison, of the firm of Allison & Hobbs, the popular merchants, arrived home from Battle Creek, Mich., yesterday. Mr. Allison has been taking treatment at the sanitarium there for the past two months. He is greatly improved in health.

REALM OF SPORTS

TWO INNINGS

OF A BIG GAME

The Elks Contest Adjourned By Rain, With East Liverpool Considerably Ahead.

By far the greatest base ball game ever played in this city was the one started in West End park yesterday afternoon by the local Elks and a team of that order from New Castle. At the end of the second inning the umpires called the battle off owing to a drenching rain. The score at that time was 4 to 2 in favor of the home boys.

Full 500 fans, all admirers of the local team and not a few who were boosting the visitors, were in the grand stand at 3:30 o'clock. They followed the two teams from the diamond when they marched, headed by an elegant brass band, the entire distance. The demonstration made by the marchers was watched by one continuous crowd all along the line of parade. The visiting Elks were out for a good time and they showed it well on the way to the battle ground. It may have been a good time that they got at the park, but not the kind that Crocker, City people call pleasure. The game went too far the other way to give them much fun, but they might have enjoyed the real artistic stunts of the locals and maybe they were just as well contented.

The feature of the two short innings both played while rain drops poured onto the grounds, was the twirling of George E. Davidson. Every one remembers well when he was the crack pitcher of the city and those older times were recalled when he started in on the visitors. Though they got five hits he struck five of them out in the two innings. Had he continued at the same rate he would have made an unequalled record. The score though short was as follows:

Hanlon-Yanger Fight a Draw.
San Francisco, July 1.—The Hanlon-Yanger fight at the Mechanics pavilion ended in a draw at the end of the twentieth round. Referee Ed Smith being unable to choose a winner between the game little featherweights. The fight was one of the fiercest ever seen in this city. Both men fought with a vim from the tap of the bell in the first round until the referee gave his decision. Neither was able seriously to injure the other and the contest lasted the limit.

Reliance Wins Again.
Newport, R. I., July 1.—The Reliance scored another decisive victory over the Constitution and Columbia in a 15-mile thrash to windward and return. The Constitution won over the Columbia, but time allowance will probably give the latter second place. The new craft sailed the course in 7 minutes 2 seconds less time than the Constitution and 8 minutes, 1 second less than the older boat. The Constitution covered the 30 miles in 59 seconds less time than the Columbia.

Ryan Wins in Fourth.
Butte, Mont., July 1.—Tommy Ryan knocked out Jack Willie in the fourth round.

PORTO RICAN LAND

Ninety Thousand Acres in the Island Reserved by This Government.

ORDER SIGNED BY ROOSEVELT

Reservations Principally in Vicinity of Cities—Of Distinct Advantage to Porto Rican Government—Governor Hunt to Summer in Adirondacks.

Oyster Bay, July 1.—President Roosevelt has expressed his intention to witness the international yacht race between the American defender, Reliance, and the Shamrock III, to be sailed on Aug. 20.

Governor Hunt, of Porto Rico; Senator Long, of Kansas, and former Postmaster General Wilson S. Bissell, of Buffalo, were the president's guests at luncheon.

After a conference with Governor Hunt the president signed a formal order making reservations of lands in the island of Porto Rico for the purpose of this government. The action was taken under the provisions of a law passed at the first session of the Fifty-seventh congress, which authorized the president to make the reservations before July 1, 1903. All lands not reserved accrue to the island of Porto Rico.

In the aggregate more than 90,000 acres of land were involved. Under the old Spanish regime the title to these lands became so greatly involved that it could not be determined from any available records to whom they belonged. They could not be sold because the government of Porto Rico could not give a clear title to them. The enabling act passed by congress cleared the situation.

By the president's action reservations of the public lands are made for the war, navy and treasury departments and for the department of justice. Tentatively the reservations have been made for some time. It was felt by the people of Porto Rico, however, that the navy department and the department of justice were demanding reservations too large for their needs. This difference has been adjusted by the president quite satisfactorily to all concerned.

The reservations are principally in the vicinity of the cities, the largest with one exception being at San Juan. The exception is the island of Culebra, which is reserved entire for naval purposes. The reservations in and about San Juan are mainly for artillery fortifications under the control of the war department. Other reservations made will be utilized as sites for custom houses, light houses and buildings for the department of justice.

Governor Hunt is greatly pleased over the settlement of the long-mooted land question. It means, in his opinion, the rapid commercial expansion of San Juan and notable improvement of other cities. It is of distinct advantage also to the government of Porto Rico. About 90,000 acres of land will accrue immediately to the island government. It is expected that from the sale of lands the island will receive about \$500,000. This sum will be devoted largely to educational purposes.

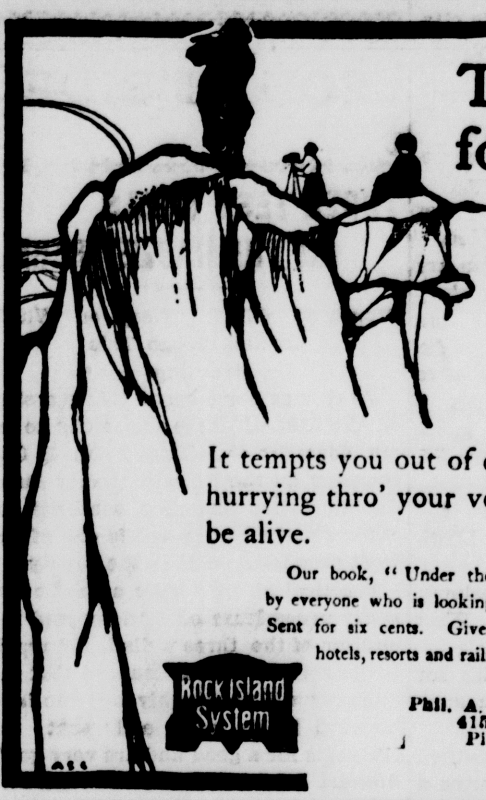

Governor Hunt will not return to Porto Rico for about 60 days. Accompanied by Mrs. Hunt, he will pass the greater part of July and August in the Adirondacks.

Mutilated Body of Newsboy Found.
Rockford, Ill., July 1.—The dead body of Richard Tibbitts, a 7-year-old newsboy, was found in a deserted place a mile and a half from the city limits. The child had practically been disemboweled, the chest being split open as though with a sharp knife. In his throat was stuffed an old handkerchief. His hands were bound by his suspenders, which were tied in a hard knot. Beside him lay his unsold papers, a bag of candy and some pennies. The lad disappeared from his home eight days ago. A companion of his own age declared he had been drowned in the river three miles from where the body was found and a fruitless search had been made in this direction. Public feeling is intense.

Kidnaped Child Returned.
Chicago, July 1.—Alice Furlong, the 2-year-old girl stolen from the doorstep of her mother's home a week ago, was restored to her parents and Hazel Avery, who kidnaped the child, was arrested. The woman confessed to the crime after telling a story of some tall, dark woman giving her the child. Apparently her only motive for the kidnaping was a desire to have a baby to care for and fondle. The police believe her to be mentally unbalanced.

Catarrh of the Stomach.
When the stomach is overloaded; when food is taken into it that fails to digest, it decays and inflames the mucous membrane, exposing the nerves, and causes the glands to secrete mucus, instead of the natural juices of digestion. This is called catarrh of the stomach. "For years I suffered with catarrh of the stomach, caused by indigestion. Doctors and medicines failed to benefit me until I used Kodol Dyspepsia Cure."—J. R. LEGAL RESOLUTION.

To Regulate the Sale of Milk in the City of East Liverpool, State of Ohio, and to Require Milk Dealers to Obtain a Permit from the Board of Health of Said City.

First—No person shall bring or send into the city for sale, or sell, or offer for sale any milk without a written permit to do so from the board of health, which shall grant permits to all applicants on condition that they faithfully observe the laws, ordinances and rules for dealing in milk.

Second—Any permit so granted may be revoked by the board of health by written notice, when it shall appear that the party to whom such a permit has been granted, has violated any law of the state or ordinance of the City of East Liverpool, or rule of the board of health, relating to dealing in milk.

Third—Said permits shall be dated January 1st and July 1st of the year in which they are issued and shall be good for a period of six months from their date. The fee for issuing each certificate shall be fifty cents.

Fourth—Before obtaining such permit the applicant shall state to the board of health or its agent:

1. His name and place of business.
2. The number of cows, if any, owned by him.
3. The name and place of business of any and all persons from whom he purchases milk.
4. Naming amount of milk purchased and the daily amount of milk sold by him, as near as he can estimate the same. The clerk of the board of health shall keep a record of such statement for public inspection.
5. Any person violating any of the foregoing rules and regulations shall upon conviction, be fined in any sum

not more than twenty-five dollars (\$25.00) and cost of prosecution, and said rules shall take effect from and after their passage and legal publication.

Passed in regular session of the Board of Health, held June 23, 1903.
W. A. WEAVER, President.

J. T. HERBERT, Clerk.

ORDINANCE 760.

An Ordinance Providing the Manner of Platting Sub-Divisions of the City of East Liverpool.

Section 1. Be it ordained by the Council of the City of East Liverpool, that whenever a proprietor of lots or grounds in the city of East Liverpool, who sub-divides or lays the same out for sale, submits a plat of the same in accordance with Section 2601 of the Revised Statutes of Ohio, to the City Council for approval, such plat shall be referred to the committee on streets for at least one week before a vote on its approval can be taken.

Section 2. Before any plat of land wherein any new streets or alleys are opened or laid out within the city limits, shall be recommended by the committee on streets, or approved by the City Council, such streets and alleys shall, as near as practical, be a continuation of streets and alleys already laid out; if there be any adjacent thereto; and no street shall be less than forty feet in width and all streets and alleys on such plat shall be properly defined by stone monuments set in the ground; the streets, alleys and lots so laid out shall be properly surveyed and numbered so they can be located from the stone monuments. All streams

or water courses, if any, shall be accurately indicated on the plat or map.

Section 3. All streets and alleys shall have grades prepared and plan of same made on mounted drawing paper, showing grades, lines, elevation or profile of surface, at time of preparing grade, with reference to City Datum, also all measures given and angles shown in degrees, minutes and seconds, so as to make a complete grade plan which is to be the property of the city if said plan is accepted.

Section 4. The plans and ordinances for said grades are to be prepared by the proprietor of said addition for acceptance by the City Council at the same time the plat of said addition is accepted.

Section 5. The expense of the publishing of grade ordinances is to be paid by the proprietor of the addition in which the streets or alleys exist, before Council's acceptance shall be deemed complete.

Section 6. Monument stones shall be placed at all angles in said addition in a five foot line of the streets, their location being shown on plan of said addition to be made on mounted drawing paper, which plan is to be the property of the city and to be left in the office of the City Engineer.

Section 7. All plats submitted, wherein new streets or alleys are laid out to be dedicated to public use, or in which any park or other places are laid out to be dedicated to public use, shall be accompanied by a certified abstract of title to date, which abstract shall show the proposed streets, alleys, parks, or other public grounds to be free of all incumbrances.

Section 8. It shall be competent for the committee on streets to examine and recommend any such plat or allotment to the person making the same, to the effect that whenever the streets and alleys have proper grades, and the water courses are properly bridged, etc., as provided in this ordinance, said committee will pass upon and recommend to the City Council that said plat or allotment, if otherwise conforming to the provisions of this ordinance and the laws of the State, be approved.

Section 9. Ordinance No. 465 passed July 23, 1895, is hereby repealed.

Section 10. This ordinance shall take effect and be in force from and after its passage and legal publication.

Passed June 23, 1903.

JOHN HORWELL, President of Council.
WILLIS DAVIDSON, Clerk.

Approved: W. A. WEAVER, Mayor.

ORDINANCE 761.

To Regulate the Price Which the Ohio Valley Gas Company, Its Successors or Assigns; the Tri-State Gas Company, Its Successors or Assigns, or Any Other Gas Company Now, or Which May Be Hereafter Doing Business in the City of East Liverpool, Ohio, May Charge for Gas, for And During the Ensuing Ten Years.

Be it ordained by the Council of the City of East Liverpool, State of Ohio:

Section 1. That during the period of ten years from and after the passage of this ordinance the Ohio Valley Gas Company, its successors or assigns; the Tri-State Gas Company, its successors or assigns, or any other gas company, may charge for natural gas furnished to the citizens or private consumers and to the public buildings, grounds, streets, lanes, alleys, avenues of the city of East Liverpool for illuminating and heating purposes, twenty-five (25) cents per thousand cubic feet. If paid within ten days after the dates of monthly settlements, then a discount of five (5) cents per thousand cubic feet shall be allowed. The said, the Ohio Valley Gas company, its successors or assigns; the Tri-State Gas company, its successors or assigns, or any other gas company shall in no event, during the term of ten years charge for gas furnished as above mentioned more than the prices herein specified, nor shall the said companies charge for the placing or rental of meters a greater sum than is now being charged.

Section 2. This ordinance shall take effect and be in force from and after the earliest period allowed by law.

Passed June 23, 1903.

SOCIAL EVENTS

BEAVER-COPPERT

Well Known Young Couple Married at the Bride's Home in This City.

A pretty home wedding was celebrated at 3 o'clock yesterday afternoon, when Rev. J. G. Reinartz, pastor of the Evangelical Lutheran church of East Liverpool, spoke the words uniting the lives and fortunes of Miss Sarah Alice Beaver, of East Liverpool, and William Frederick Coppert, of Chester.

The ceremony was performed in the presence of only the immediate relatives of the contracting parties, and took place at the home of the bride on Second street. The groom is a well known and justly popular young man, who is employed in one of the East Liverpool potteries, while the bride has many friends in and about the city. The couple will reside in Chester.

Hendricks-Dalton.

The marriage of John J. Dalton, of Wellsville, and Miss Irene Hendricks, of Pleasant street, was solemnized yesterday afternoon at 3 o'clock in the First M. E. parsonage. The Episcopal ring service was used by Rev. Dr. M. B. Pratt, in the presence of a few friends and relatives of the bride and groom. The bride wore a pretty thin white gown and was attended by her sister, Miss Elva Hendricks, as bridesmaid. Martin Welch was best man. Mr. and Mrs. Dalton left immediately on a wedding trip and on their return will be at home to their friends in Wellsville.

In Honor of a Guest.

Miss Lena Blake last evening gave a delightful entertainment to a large number of her lady friends in honor of Miss Jean Robinson, who is her guest. The hostess proved herself genial in the entertainments of the evening, which were much enjoyed.

Allman-Firth.

Miss Mary Allman and Fred Firth were married today at the home of the bride's parents in East Palestine. The groom is well known here, having been a former resident. He has been employed for some time as a presser in the East Palestine pottery.

A Lisbon Wedding.

Lisbon, July 1.—(Special.)—The marriage of Charles McLaughlin, of Salem, and Miss Pearl Jones, a popular girl of this city, was celebrated yesterday afternoon at 3 o'clock.

The stage of water continues sufficient for the coal boats and they are all on the move. Another fleet left Pittsburgh last night and this morning for southern ports. The Mariner, W. W. O'Neil and Harvester were among those that passed down with tows this morning.

The Ben Hur is due up this evening from Parkersburg and will return tomorrow night at 8 o'clock.

COOPER'S CASH MAKES GOOD

His Assertions Relative to His Work.

AND THE GREAT REMEDIES

He Advertises and Sells—Increasing Crowds Attest the Deep Interest of the People.

The constantly increasing crowds at Cooper's free shows, concerts and medical lectures tells its own story of how deeply the people are interested and of how well they are entertained from night to night. Cooper always makes his statements good. He backs himself up with the cash, and plenty of it, and that is better than any security ever known.

The cures of long standing ailments in this community has been simply wonderful. People right here at home testify every night of what Dr. Cooper's New Discovery and Dr. Cooper's Quick Relief has done for them. They were sick and now they are well, cured by the matchless magic remedies sold by Cooper and there is no getting away from it.

G. R. Brubright, 144 Sophia street, cured of deafness; George Withrow, McKinnon avenue, cured of deafness, and Pete Oath, also cured of almost total deafness by the Quick Relief.

Mrs. Jennie Walters, Mrs. Peterson, Mrs. Verdan, Andy Dunlap and a score of others have been relieved of serious stomach trouble, rheumatism and catarrh by Dr. Cooper's New Discovery. They live here to tell the glad news of restoration to good health.

Come out tonight and hear Cooper, see his show, and listen to his concert. Exciting and amusing cash prize contests every night. Salesrooms open all day and every day at 301 Lincoln avenue.

expected that many objections will be raised to the report.

The report will, if passed by council, be turned over to the county auditor, who will place it on file in his office, where any one who cares to can inspect it and file any objection. After it has been open for inspection for a stated length of time an equalization board will be appointed and the Pennsylvania avenue improvement may then be disposed of.

One Store Left in Town.

Lancaster, Ky., July 1.—Fire at Paint Lick destroyed several stores, including the national bank and Odd Fellows hall. Only one store is left in the town. Loss \$150,000. Origin unknown.

Ex-Congressman Clunie Dead.

San Francisco, July 1.—Former Congressman Thomas J. Clunie is dead at his home in this city of acute kidney trouble.

Fatally Shot in Pistol Duel.

Paterson, N. J., July 1.—James Conclito is in the hospital dying from wounds inflicted in a revolver duel with his brother-in-law, Joseph Musto, who made his escape. It was said the affair was the result of a family feud.

Sale of Pet Horse Leads to Suicide.

Findlay, O., July 1.—Mrs. Aaron Palmer's self-sought death from taking sugar of lead was induced, according to her husband's statement, by the sale of a pet horse in which she had become greatly attached.

Deadly Toy Pistol.

Fairmont, W. Va., July 1.—Charles Leeper, the 7-year-old son of Samuel Leeper, of Monongah, shot himself in the hand with a toy pistol and is now dying of lockjaw.

Must Give Security.

Yokohama, July 1.—An order has been issued requiring foreign fire and marine insurance companies to deposit as security the minimum sum of \$50,000.

Shy Two Fingers.

Canton, O., July 1.—Ralph Hardesty, 12 years old, substituted dynamite for gunpowder in loading a toy cannon. Two fingers were lost.

Mutts and Gold Lace.

Officers of the army on duty in the war department wear uniforms the same as if they were on duty at military posts. The practice has resulted in making nearly every room occupied by officers a dressing room, where wardrobes are kept. Most officers dislike very much to appear on the street in uniform; it makes them too conspicuous. Uniforms for use in the department are kept in a wardrobe, and the officers put them on when they arrive in the morning, take them off and don civilian dress to go to luncheon, and upon their return in the afternoon and departure for home later go through the same process. They don't like it, but it is an order. For people doing business at the department it is much better, for a stranger knows whether he is talking with an officer or a clerk, and if familiar with the emblems can tell the rank of the officer.—Washington Post.

Success of the Solemn Ass.

Look about you, gentle reader, and consider the solemn ass in every walk of life. Who so respected, so admired, so influential? He never takes sides. He never is a partisan. He goes along with knitted brows, his thoughts too deep for utterance. Smaller men may abandon themselves to hasty inclinations, to rash preferences, to robust views. He never does. If he speaks at all it is with such profundity and circumspection and complexity that the most recondite cryptogram ever resorted from a pyramid would seem to burst of innocent and childish candor in comparison. Yet he wears fine raiment every day. He enjoys the respect and confidence of the community. He prospers. The oil of opulence anoints him. He is the incarnation of success.—Washington Post.
